CORNELIUS D. SCULLY.....President

ROBERT CLARK.....City Clerk

EDW. W. LINDSAY.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, January 6, 1936.

On Monday, January 6, 1936, at 10 o'clock, A. M., the members-elect of the Council of the City of Pittsburgh, together with those holding over, convened in the Council Chamber of said City, in accordance with the provisions of the Act of Assembly approved May 31, 1911.

The Council was called to order by Robert Clark, City Clerk, who acted as Chairman Pro tem, of the meeting.

The Chair presented

No. 1.

In the Court of Common Pleas of Allegheny County, Pennsylvania.

Commonwealth of Pennsylvania }  
County of Allegheny } ss:

I, John Vogt, Prothonotary of the Courts of Common Pleas in and for the County and State aforesaid, do hereby certify that at an election held on the fifth day of November, A. D. 1935, Robert Garland, George E. Evans, P. J. McArdle and Charles Anderson were duly

elected to the office of City Council of the City of Pittsburgh, County and State aforesaid.

WITNESS my hand and the seal of said Court, the 29th day of November, 1935.

(SEAL)

JOHN VOGT,  
Prothonotary.

Which was read, received and filed.

And the following members-elect, Messrs. Robert Garland, George E. Evans, P. J. McArdle and Charles Anderson arose in their places and took the oath of office, which was administered to them by the City Clerk, Robert Clark.

And the roll being called, the following members responded to their names:

Messrs:

|          |         |
|----------|---------|
| Anderson | Magee   |
| Demmler  | McArdle |
| Evans    | Scully  |
| Galagher | Weir    |
| Garland  |         |

And a quorum being in attendance, Council proceeded to the election of a President.

Mr. Anderson arose and said:

Mr. Chairman: It affords me great pleasure this morning to place in nomination a man who has all the qualifications to fill the position of President of City Council.

The man I shall nominate is a scholar. Through his education and his profession, he is highly honored by all those who have been associated with him all his life. His education fulfills the demands made upon a President of this Council.

He is not new in the political field. He has been active many times in the past in movements where the people of

the City of Pittsburgh were satisfied with the kind of service given by those in power. He was very active in the selection of Mr. Guthrie when he was elected Mayor of the City of Pittsburgh, and it has often been said that Mr. Guthrie was one of the best Mayors the City ever had. He was also identified with the Keystone Party movement that opposed those in power and the kind of government the people were then receiving.

This man is not new in the affairs of a municipality which must solve new problems.

Through his education and experience in handling municipal questions, he will qualify and fit into this picture perfectly as the President of this Council.

It is my opinion that if the Council elects the man I am to nominate this morning, they will not alone please the gentleman, but will please every man, woman and child interested in honest, clean, progressive government.

With these few remarks, Mr. Chairman, I wish to nominate Cornelius D. Scully for the Presidency of the City Council.

Mr. Demmler arose and said:

Mr. Chairman: I second the nomination of Mr. Scully.

Mr. Gallagher moved

That the nominations close.

Which motion prevailed.

And the result of the voting was as follows:

For Cornelius D. Scully:

Messrs.

|           |         |
|-----------|---------|
| Anderson  | Garland |
| Demmler   | McArdle |
| Evans     | Scully  |
| Gallagher | Weir    |

For Robert Garland:

Mr. Magee.

And Mr. Cornelius D. Scully received eight votes, and Mr. Robert Garland received one vote.

And Mr. Scully having received a majority of the votes of the Council, was declared duly elected President for the ensuing term.

The Chair (Robert Clark) appointed Messrs. Anderson and Gallagher, a committee, to escort the President-elect to the Chair.

And the Committee having performed the duty assigned it, presented Mr. Scully, who took and subscribed to the oath of office, which was administered by Robert Clark, City Clerk.

The Chair said:

Members of Council: I am very appreciative of the honor you have shown me; coming, as I do, newly to this office of Councilman, I am quite aware of the fact that there are many things for me to learn. I will have to ask your indulgence and advice, perhaps, on many occasions, especially that of the older members of Council.

I have had brief experience in city government and I shall apply myself to learn every detail. I am fully cognizant of the money that is appropriated and expended by this municipality, and I shall cooperate in every way to see that that money is expended judiciously and wisely.

I know it will be difficult for me to conduct this office with the same grace and tact as Mr. Garland, my predecessor. I assure you that I shall endeavor to fill his shoes to the best of my ability.

I want to again thank you for the honor conferred upon me, and I shall so conduct myself in this office to make you feel that you have made no mistake in choosing me.

I think it is appropriate at this time for the new members of Council to make some remarks apropos to the occasion. Mr. Anderson?

Mr. Anderson arose and said:

Mr. President: I can only say today what I said sixteen years ago. I promised the people that I would always give the best in me. That is what I have done the past sixteen years. I take pride in the record I made as a member of Council. I consider that record second to none. I assure the people of Pittsburgh that I will carry on the affairs of the City in the future as I have in the past.

I hope when I am leaving this Council I can say what I am saying today, that I have always been for the things that were honorable and decent, and for the best interests of the people of Pittsburgh.

The Chair: Mr. Evans?

Mr. Evans arose and said:

Mr. President: I just want to

express briefly my sincere thanks to the people of Pittsburgh, who returned me to City Council. I shall always endeavor to serve the people to the best of my ability and for the general welfare of the people of this community.

I feel that the office of Councilman is a very responsible position.

I feel very humble in entering the service of the people at this critical time in the history of Pittsburgh; in fact of all municipalities; because of its financial condition. I feel that the tax base of the city is threatened due to the tremendous burdens placed upon the home owners. I am deeply conscious of the tremendous efforts put forth by the taxpayers to meet their tax bills.

During my term of office, I hope conditions in this City improve, by bringing back the value of properties, so that we may restore the ability of the taxpayers to support their government. That is the only solution to the tax problem. There is no hope in reducing the burdens on the real estate owners of Pittsburgh unless the income on their properties is restored; and if that can be brought about during my term of office, I shall be pleased to do my part.

I want to thank the people publicly for the honor they have conferred upon me, and I assure them that I shall be faithful to the trust imposed in me.

The Chair: We will now hear from Mr. Garland.

Mr. Garland arose and said:

Mr. President: I want to congratulate you upon your election.

Due to the misfortunes of war, I have not been re-elected your presiding officer. I accept my defeat gracefully, and I assure you of my full support.

There were times when I was in the Chair that I wished I were on the floor. During my term as President, I believe I left the chair on two occasions to speak. I left the talking to the other members; I simply voted on all measures coming before the Council. Now, I may have something to say and be outvoted if I go along with the other Republican member. That is the fortune of war.

I will do everything I can to help the City of Pittsburgh and give the President my honest and earnest support while he is in the Chair. I have confidence in Mr. Scully, who has been a friend of mine for years.

The Chair: Mr. McArdle?

Mr. McArdle arose and said:

Mr. President: I know speeches, when printed in the record, cost money. All I want to say is that I appreciate highly the re-affirmation of the confidence of the people of Pittsburgh in electing me to this body, and during the time I shall be permitted to serve them I hope to merit their continued confidence.

The Chair: Mr. Weir?

Mr. Weir arose and said:

Mr. President: Once more I want to say that I appreciate the vote of confidence the Council placed in me by electing me a member of this Council. I fully realize the responsibility of the position, and hope to be judged by my action in the future.

The Chair: Mr. Gallagher?

Mr. Gallagher arose and said:

Mr. President: I want to congratulate you on your election, and to assure you that I will cooperate with you in every way. If we work for the interest of the people of Pittsburgh, we shall have the best government the City of Pittsburgh ever had.

The Chair: Mr. Demmler?

Mr. Demmler arose and said:

Mr. President: All I can say is that I will continue to serve to the best of my ability.

The Chair said:

Mr. Magee has left and lost his chance for making a speech.

The Chair at this time appointed Messrs. Anderson, Demmler and Gallagher a Committee on Rules.

And on motion of Mr. Garland, Council adjourned to meet on Monday, January 13, 1936, at 1:30 o'clock, P. M.

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

#### MOTIONS AND RESOLUTIONS.

The Chair presented

No. 177. WHEREAS, It is the desire of the Council of the City of Pittsburgh that the City should continue to aid and cooperate with the Works Progress Administration in the improvement of dirt streets and other city improvements by contributing necessary materials for the same so far as it is within the legal power of the City to so provide by legislation; and

WHEREAS, Under the said Dirt Street Improvement project it was expected that the City would furnish certain materials to be used in the earlier stages of said improvements, and that

the Works Progress Administration was to furnish certain other materials to be used in the later stages of said improvements; and

WHEREAS, the City is not yet ready to furnish said necessary materials, and the Director of the Works Progress Administration has expressed a willingness to have said materials furnished by the Works Progress Administration for use in the earlier stages of the improvement in consideration of the City's willingness to furnish the materials to be used in the later stages of the progress of the improvements; Therefore, be it

RESOLVED, That the Council of the City of Pittsburgh hereby expresses its willingness to furnish materials for the later stages of the Dirt Street Improvement Project to an amount equal in value to that furnished by the Works Progress Administration for use in the earlier stages of the improvements, to make appropriations for the purchase of the same when and if money becomes available for said appropriations, and to the extent that such action may be legally taken, it being the intent and purpose of this resolution to provide a means for the immediate and continued cooperation between the City of Pittsburgh and the Works Progress Administration for the prosecution of the abovementioned projects to the end that the largest possible number of persons may be given employment.

Which was read and referred to the Committee on Finance.

Mr. McArdle moved

That the Minutes of Council of Monday, February 3, 1936, be approved.

Which motion prevailed.

And on motion of Mr. McArdle Council adjourned.

#### MOTIONS AND RESOLUTIONS.

The Chair: Gentlemen, Mr. George P. Mills, Director, Allegheny County Emergency Relief Board has requested by letter a conference with Council tomorrow afternoon (Tuesday February 18) at 4:00 o'clock on the question of unemployment relief in the City of Pittsburgh with particular reference to maternity care and other phases of the medical relief work. He will be accompanied by representatives of Pittsburgh hospitals. If that hour is not suitable to the members of Council it can be changed. Perhaps an earlier hour would

be more suitable inasmuch as the committee work will hardly compel us to remain in session until that hour.

Mr. Magee arose and said:

Mr. Chairman Is this conference for the purpose of discussing the whole relief question? If so the Mayor and the Chief Clerk of the Department of Public Welfare should be present.

The Chair said:

The purpose is merely to discuss the question of continuing aid to persons on relief who are unable to pay maternity and other medical care.

Mr. Magee said:

Nevertheless, Mr. Chairman, I believe the Mayor and his department, having charge of this matter, should be in attendance.

I am also of the belief that the time of the conference could be moved forward one hour.

I move that the Mayor and the Chief Clerk of the Department of Public Welfare be requested to attend the conference, arranged by the President of Council, between the members of Council and Director Mills of the Allegheny County Emergency Relief Board on Tuesday, February 18, 1936, at 3:00 o'clock, P. M., (immediately following the committee meetings), relative to the matter of unemployment relief in the City of Pittsburgh, with particular reference to maternity care and other phases of the medical relief work.

Which motion prevailed.

Mr. Garland moved

That the Minutes of Council of Monday, February 10, 1936, be approved.

Which motion prevailed.

And on motion of Mr. Garland

Council adjourned.

No. 294. WHEREAS, Ordinance No. 61, recorded in Ordinance Book, Volume 46, page 378, is an ordinance

amending Section 42 of an ordinance entitled, "An Ordinance to carry into effect in the City of Pittsburgh an Act of Assembly entitled, 'An Act for the government of cities of the second class,' approved the 7th day of March, 1901," and

WHEREAS, Said amending ordinance amended Section 42 of the said amended ordinance to read as follows:

"Section 42. All heads of bureaus, employes and clerks of said city, shall be citizens of the United States, and shall be residents in and inhabitants of the City of Pittsburgh, and shall reside therein during their term of service and employment, and shall have resided in said city at least two years immediately prior to such appointment."

and that Section 2 of said amending ordinance reads as follows:

"Section 2. That any ordinance or part of ordinance, conflicting with the provisions of this ordinance, be and the same is hereby repealed, so far as the same affects this ordinance";

Now, Therefore, be it

RESOLVED, That the City Solicitor be and he is hereby directed to furnish Council an opinion on the following matters with respect to said Ordinance No. 61, at the time herein set forth:

1. Is this ordinance a valid ordinance of the City of Pittsburgh, and as such, binding in its provisions on all officers of the City of Pittsburgh?

2. If this ordinance is held by the City Solicitor to be invalid and not binding on the officers of the City of Pittsburgh, the City Solicitor is to furnish to Council the legal basis of such conclusions, including citation of such Court decisions as he may have in support of his opinion.

3. If the City Solicitor holds that said ordinance is valid and is binding on the officers of the City of Pittsburgh, the City Solicitor is directed to advise Council as to the processes necessary to force compliance with its provisions by officers whose official acts are governed in any way by its provisions.

4. The opinion herein directed to be furnished to Council shall be presented

on or before March 9, 1936, by filing same with the City Clerk.

#### MOTIONS AND RESOLUTIONS.

Mr. Gallagher presented

No. 300. WHEREAS, Under the provisions of Section 11 of the Charter Act, conferences of the Mayor and Council jointly, for the purpose of discussion of the business or legislation of the municipality, may be called at any time upon the request of either the Mayor or Council; and,

WHEREAS, The Mayor, through his Director of the Department of Public Works, has submitted to this Council an extended program of work involving for its proper consideration the question of financing the same; and,

WHEREAS, The Mayor has capiously refused, and in the judgment of Council without justification for such refusal, to sign warrants properly authorized and drawn against funds lawfully designated and available for the purposes for which the same are drawn; and,

WHEREAS, The withholding of the Mayor's signature and the nonpayment of such warrants have worked a very great hardship on individuals, dependents of the city, and upon hospitals and other institutions, and upon business houses; and,

WHEREAS, The Mayor has been requested to meet with and confer with Council upon these subjects and has heretofore agreed to and capiously and without extending the courtesy of previously advising Council of his inability to attend, failed to attend a conference so agreed to; and,

WHEREAS, Instead of the Mayor, himself, appearing at said conference,

one, Wm. B. Foster, appeared representing himself to be the Mayor's messenger with a statement to the effect, "The Mayor's answer is, where is the money?"; and,

WHEREAS, It is impossible to properly conduct the affairs of the City without the co-operation of the Mayor, and it is the lawful duty of the Mayor to assist in the guidance of the finances of the City, and in the finding of funds to carry out the program which he has presented to Council, as well as to preserve the financial good name of the City by prompt payment of its obligations; Now, therefore, be it,

RESOLVED, That the Mayor be and he is hereby called upon to enter into conference with Council upon the subjects hereinabove mentioned, as well as any other matters which may be presented to such conference, within the scope of the provisions of Section 11 of the Charter Act, and that the City Clerk be instructed to make the ar-

rangements with the Mayor for such conference.

Which was read.

Mr. Gallagher moved

The adoption of the resolution.

Mr. McArdle moved

To amend the resolution by adding at the end thereof, the words, "at 3 P. M. on March 9, 1936, in the Council Chamber."

Which motion prevailed.

Mr. Magee moved

To amend the resolution, after the words "to such conference" by striking out the words "within the scope of" and by inserting in lieu thereof, the words "in accordance with."

Which motion prevailed.

And the question recurring on the adoption of the resolution, as amended.

The motion prevailed.

And on motion of Mr. McArdle

Council adjourned.

No. 335.

Department of Law,

March 6, 1936.

Subject: Bill No. 294, Resolution Relative to Residence Requirements in Section 42 of the Charter Ordinance of 1902.

The Honorable, the Members of Council.

Gentlemen:

This Department has received through Mr. Robert Clark, City Clerk, a communication relative to Bill No. 294, "Resolution asking the Law Department for an opinion on certain matters relative to Ordinance No. 61 in re the term and residence in the City required of City officers and employees."

Accompanying said communication is a copy of Bill No. 294 embodying a request to furnish Council an opinion with respect to Ordinance No. 61 of 1935 amending Section 42 of the Charter Ordinance of 1902; and including the following questions asked by your Honorable Body:

1. Is this ordinance a valid ordinance of the City of Pittsburgh and as such binding in its provisions on all officers of the City of Pittsburgh?

2. If this ordinance is held by the City Solicitor to be valid and not binding on the officers of the City of Pittsburgh, the City Solicitor is to furnish to Council the legal basis of such conclusions, including citation of such Court decisions as he may have in support of his opinion.

3. If the City Solicitor holds that said ordinance is valid and is binding on the officers of the City of Pittsburgh, the City Solicitor is directed to advise Council as to the processes necessary to force compliance with its provisions by officers whose official acts are governed in any way by its provisions.

#### VALIDITY OF SECTION 42

You ask in your communication: "Is

this ordinance a valid ordinance of the City of Pittsburgh, and as such, binding in its provisions on all officers of the City of Pittsburgh?"

Answer: Question 1 is based on a misunderstanding of the terms, the scope and the purpose of Section 42. As to its validity the section as it stood in the ordinance of 1902 and as amended in 1935 is certainly valid. But Section 42 as it was originally and as it now stands as amended never did and does not now pertain to or relate to "Officers" of the City of Pittsburgh. It will be noted that it refers to "heads of bureaus employees and clerks of said City."

A plain distinction has long been made by the courts between people who are doing service for a municipality who may be designated as "Officers" and those who may be designated as "clerks, employees", etc., who are not "Officers". It is necessary that that distinction be noted carefully here.

In Vol. 2, McQuillin On Municipal Corporations, Section 434, this being a standard work on municipal law and ordinances, the distinction is set forth as follows:

"Officers are sometimes referred to as officers, chief officers, chief executive officers, administrative officers, chief law officers, heads of departments, chiefs of departments. \* \* \* Officers proper are those whose duties are defined by law, whose salaries are prescribed by law as an incident to the office irrespective of the performance of service, and who, if unlawfully removed from office, may be reinstated therein by appropriate judicial procedure."

The same authority says that "clerks," policemen, firemen, assistants and laborers are employees but not "Officers". This distinction is also carried out in the recent case before the Supreme Court of Pennsylvania—Finley vs. McNair, 317 Pa. 278, and in the cases of Com., ex rel. vs. Black, 201 Pa. 433; Glessner's case, 289 Pa. 137. In the Finley vs. McNair case, our Supreme Court held that the City Treasurer, the Chief of the Bureau of City Property, the City Solicitor and Collector of Delinquent Taxes are all "Officers". It has been regularly held by the courts that all heads of the departments of a City are "Officers".

It will thus be seen that Section 42 does not affect "Officers" of the City of Pittsburgh, and the residence requirements therein do not reach to "Officers", but are imposed only upon "heads of bureaus, employes and clerks," who are not "Officers". Therefore, Section 42, as amended in 1935, is not binding in any manner on all or on any "Officers" of the City of Pittsburgh. It is binding on all who are not "Officers."

Question 2. As stated in answer to Question 1, Section 42 is valid, as amended, but, as stated further in that answer, it has no relation to officers of the City, and "the legal basis" of that conclusion is, I think, completely set forth in the reference to the distinction made between "Officers" and employes.

Question 3. The answer to Question 3 is contained in the last paragraph of this letter.

#### SECTION 38 OF CHARTER ORDINANCE OF 1902 RELATING TO RESIDENCE REQUIREMENTS

I think it proper to call your attention to Section 38 of the Charter Ordinance of 1902, which was amended by Ordinance No. 351 of 1933. Now, this is the particular section of the Charter Ordinance of 1902 which imposes residence requirements on no other persons engaged in the City of Pittsburgh except "each head or director of the departments;" and as the heads of departments have been declared by the courts to be "Officers", then, of course, Section 38, as amended in 1933, can refer only to "Officers", while, on the other hand, Section 42, as amended in 1935, refers to and affects only heads of bureaus, clerks and other subordinates who are not "Officers"; and there lies the distinction between the two sections of the Charter Ordinance of 1902. Section 38, as stated above, relates only to "Officers." Section 42 relates only to clerks and other subordinates; those people engaged by the City who are not to be classed as "Officers."

Therefore, it follows that the only requirement under the Charter Act of 1902, Section 38 as amended, is that "Officers shall be residents of the City of Pittsburgh during the term of their service", and that heads of Bureaus and employes shall be residents of the

City of Pittsburgh during the term of their service and shall have resided therein for two (2) years prior to the term of their employment.

As to the processes necessary to force compliance with the provisions of the above quoted law, the only action which the Council primarily might take, is to inform such "Officer" of his violation of the requirements of the law and suggest that he take proper action to comply therewith.

Respectfully submitted,  
WM. D. GRIMES,  
City Solicitor.

## MOTIONS AND RESOLUTIONS.

The Chair presented  
No. 345.

City of Pittsburgh,  
Office of the Mayor.

March 6, 1936.

To the President and Members  
of City Council.

Gentlemen:

I hereby appoint, subject to your approval, Robert C. Bowers, 5711 Melvin street, as the Director of the Department of Public Welfare, and would ask for immediate confirmation of same.

Respectfully yours,

WM. N. McNAIR,  
Mayor.

Which was read, and on motion of Mr. Anderson, referred to the Committee on Public Welfare.

Also

No. 346. WHEREAS, Under the provisions of Section 11 of the Charter Act, conferences of the Mayor and Council, jointly, for the purpose of discussion of the business or legislation of the municipality, may be called at any time upon the request of either the Mayor or Council; and,

WHEREAS, There exists and has existed for a period of upwards of two months, a vacancy in the position of Director of Public Welfare; and,

WHEREAS, The Mayor assumed the duties of this position; and,

WHEREAS, As the acting Director of the Department of Public Welfare, the Mayor is or should be advised of the conditions existing in the City Home and Hospital at Mayview as to overcrowding of mental patients, which over-crowded condition is a menace to the health and well-being of the patients; and,

WHEREAS, Much needed improvements previously hereto recommended by public spirited citizens and financed by bond issues, and the money for which is fully available, have been delayed by the captious objection and the capricious action of the Mayor; and,

WHEREAS, The delay in the making

of said improvements is occasioning the payment of interest on city obligations for which the city is getting no return by way of the use of the proposed improvements; and,

WHEREAS, The Council of the City of Pittsburgh is desirous of cooperating with the Mayor for the proper handling of the affairs of the Department of Public Welfare and of making effective and useful to the citizens of Pittsburgh the proceeds of the obligations heretofore incurred with the approval of the Mayor for the amelioration of the conditions at the Mayview City Home and Hospitals; and,

WHEREAS, Council is desirous of being advised by the Mayor as to what explanation he has as to his failure to obey the ordinances in force, and wishes to consult with him to remove any obstacles which may exist in his opinion as to the completion of the building program; and,

WHEREAS, A conference on such subject is properly within the authority

of Section 11 of the Charter Act of 1901; Now, therefore, be it,

RESOLVED, That the Mayor be and he is hereby called upon to enter into conference with Council upon the subjects hereinabove mentioned as well as any other matters which may be presented to such conference in accordance with the provisions of Section 11 of the Charter Act, and that the City Clerk be instructed to make the arrangements with the Mayor for such conference.

Which was read.

Mr. McArdle moved

The adoption of the resolution.  
Which motion prevailed.

Also

No. 352.

March 11, 1936.

To the President and  
Members of Council,  
Pittsburgh, Pa.

Gentlemen:

I transmit herewith copy of an open letter sent to Director Johnston of the Department of Public Works, which is self-explanatory.

As this concerns public improvements in the City of Pittsburgh, I would request that you please make the letter part of your records.

Yours respectfully,

ELMER J. HOLLAND.

March 11, 1936.

Leslie M. Johnston, Director,  
Department of Public Works,  
City of Pittsburgh.

Dear Sir:

I was very glad to read in the press that you are in favor of higher wages for labor. Your attack of the scanty wage paid by W. P. A., was one of the finest "Smoke Screens" ever laid down by those who would take advantage of

the unemployed of our city to cover up wages paid by contractors, as well as your own department.

Director Johnston, every laborer in your department is receiving starvation wages. Did you tell the public that the laborers in Highways and Sewers are receiving at the present time, \$12.00 per week? W. P. A. workers receive \$15.00 and are not compelled to work in inclement weather with the fear of contracting pneumonia from being under-nourished. I have been approached by numerous employees of your department, asking if it would be possible for them to get W. P. A. jobs, as they could not exist on what you paid them.

On a recent contract, let by your department, in the 16th Ward, laborers were paid 40 cents per hour and carpenters 60 cents.

In your engineering department your schedule, as compared to W. P. A. is as follows:

|            | City    | W.P.A.  |
|------------|---------|---------|
| Transitmen | \$68.75 | \$85.00 |
| Rodmen     | 63.00   | 71.50   |
| Chainmen   | 60.33   | 71.50   |
| Engineers  | 87.50   | 94.00   |

Engineers and transitmen on W. P. A. in most cases are given a rating of \$140.00 to \$180.00 per month.

You gave a leave of absence to employees of your engineering department, to accept positions on W. P. A. so they could receive higher wages.

Your foreman, in charge of a subdivision, only receives \$4.95 per day. In most cases he works five days per week and only receives \$24.75 or \$99.00 per month. The same position on W. P. A. pays \$140.00 to \$180.00.

The City of Pittsburgh, under the former administration, tried to do the same work as W. P. A. is doing now. Your assistant, Henry D. Johnson was in charge of the improvements. \$27,000 was spent in the 16th Ward. The people of this ward protested the nature of the work, and pointed out it was inefficient and not permanent. I can refer you to newspaper clippings in which he, (Mr. Johnson) stated they were permanent. The cribbing on Mission street has been washed away, and the cribbing on Holt street, (it took eight months to build) has started to give away. Every other so-called im-

provement made under Mr. Johnson's supervision had to be done over by W. P. A. workers.

Your department laid out athletic fields and playgrounds. (See the Moore playground). Those who laid them out in your department evidently have never seen a ball game or a playground.

Why try to play the old "Army Game" of "Passing the Buck"—start in your own department, and instead of continuing to secure increases for those now receiving high salaries, let us hear your voice in asking for more money for the employees who really do the hard work, and take them out of the "Starvation Wage" class.

Yours very truly,

ELMER J. HOLLAND.

CITY OF PITTSBURGH

Department of Public Works

March 10, 1936.

President and Members of Council,  
City of Pittsburgh, Penna.

Gentlemen:

I am addressing myself to you as the Director of the Department of Public Works of the City of Pittsburgh in order that you, our City Council, may be made acquainted with the immediate facts concerning the expending of the taxpayer's money by the governmental agency known as the W. P. A.

I have stated publicly before, and I state again, that no method of public expenditure could be devised calculated to do more harm to those unfortunate individuals who are compelled to write themselves down as paupers in order to get a relief job; or calculated to drain more quickly the substance of those workers and earners who must foot the bill. Here are some facts:

The City of Pittsburgh submitted to the Works Progress Administration on August 2, 1935, application for the completion of Streets Run Sewer which application provided for the expenditure of \$10,023.00 by the City for the purchase of materials, supplies, etc., and the expenditure of \$25,042.00 by the W. P. A. for labor. The application

carefully estimated by W. P. A. employees provided that the work should be done in 1½ months and employing 281 men. The project was started on October 11, 1935, and it is not yet completed. At no time have the W. P. A. provided the full complement of men. The job has been practically suspended once because of shortage of funds of W. P. A. and has been curtailed several times.

It has been necessary for the W. P. A. to ask for additional allocations of funds, first in the amount of \$10,195.00, second, in the amount of \$3,365.00, a total including the original grant, of \$38,564.00.

This excess money beyond the original allocation was due partially to the policy of W. P. A. in paying their employees whether or not they work; also partially due to the small amount of work performed by the individual men since, on this class of work and type of relief, the psychology of the men is to do as little as possible in order that the job may last longer.

The W. P. A. prepared projects for the improvement of the unimproved streets of the City of Pittsburgh and submitted them to City Council, not to the Director of the Department of Public Works. These projects contemplated the improvements of 150 miles of dirt streets, one project for 60 miles and one project for 90 miles. They prepared and submitted to Council an Ordinance authorizing this work, which Ordinance was full of inaccuracies, mistakes and showed lack of knowledge of the City street system. City Council passed this Ordinance over the veto of the Mayor and by the same Ordinance directed that the employees of the Department of Public Works cooperate and give such aid and assistance as might be necessary when requested by W. P. A. Council failed to provide employees requested for the supervision of projects and as a result W. P. A. supervisors, with no knowledge of the City nor of the location of streets, have encroached on private property.

Your attention is specifically called to the improvement of Kearns street from Greentree road to Warrior road. In seven locations on this street W. P. A. workers have cleared the hillside of trees and brush on either side of the

roadway to a distance as great as 70 feet from the present traveled way and in stretches from 300 to 1200 feet in length. It is estimated that they have destroyed over 1,000 trees varying in size up to 24" in diameter. These two projects are typical of the majority of the W. P. A. work now going on.

Must we, the officials of the great City of Pittsburgh, submit our people to conditions like these? Are we so dull that we can suggest no better way of solving the problem? I maintain that a better way has been suggested and I again bring it to the attention of you, our City Council, and to the taxpayers of our City. Let there be a \$20,000,000.00, or more, Works Program developed for our City which will put 30,000, or more, men and women to work. Let \$16,000,000.00 be furnished of our money by our government and \$4,000,000.00 by Councilmanic Bonding Power. Let the Federal Government and the City of Pittsburgh select projects to make up this program which will be of lasting benefit to the community. Let the City of Pittsburgh be responsible for carrying out this program to care for its own people in the usual normal way. Let every worker be paid a full going wage for his or her work and not a mere pittance disguised as a subsistence wage. Don't drive our people on to the relief rolls before they can get a job. Employ the unemployed. When our people are at work again on full time and wages they will handle the remaining relief problem, if there is one. Let our City Council join with our Mayor and the Director of the Department of Public Works in requesting our Federal Government to put the above program into effect immediately. To bond our taxpayers to waste their substance under the W. P. A. program now going on is criminal and it is my judgment that our people will stand it no longer.

Yours very truly

L. M. JOHNSTON,  
Director.

No. 356.

City of Pittsburgh,  
Office of the Mayor.

March 10, 1936.

To the President and  
Members of Council.

Gentlemen:

I have the honor to inform you that I have made the following appointments, subject to your approval, to the City Transit Commission, and would ask your immediate confirmation of same:

Ben Carreathers, 2010 Wylie avenue, to replace L. M. Monteverde, resigned, term to expire January 1, 1937.

Harvey O'Connor, 314 Marsonia road, to replace A. Arthur Boscia, resigned, term to expire January 1, 1940.

Bella Hearst, 6820 Thomas boulevard, to replace William Lando, term expired January 1, 1936.

Respectfully yours,

WM. N. McNAIR,  
Mayor.

Which was read.

Mr. McArdle moved

That the communication be received and filed, and the Mayor be advised, inasmuch as the Department of City Transit no longer exists due to the passage of an ordinance repealing the ordinance creating said Department, which became a law February 15, 1936, that Council can take no action on the appointments.

Which motion prevailed.

No. 357.

City of Pittsburgh,  
Office of the Mayor.

March 11, 1936.

President and Members of Council,  
City of Pittsburgh.

Gentlemen:

In the conference I had with your body a few days ago a proposal was made that we visit the President and outline our plans before him jointly of having the Federal money turned over to the City for the purpose of putting men to work on our streets, and that the Executive Branch of the City Government would go along with the Legislative Branch under those conditions, and endeavor to raise the City's share of the money. So far I have received no answer to that proposal, and it seems to me that no further conferences will be of any use until you answer that question. If you feel that you can not go along with my proposal kindly notify me. On the contrary if you will go to Washington I am at your service at any day. Director Johnston and I will go with you to see the President to lay our plans before him.

Another matter which I desire to call to your attention is the lack of frankness on your part in the issuing of the \$500,000.00 note. In the Mandamus proceeding which you brought against me I raised the question that the ordinance talks of contracts for Public Improvements, when the whole City knows it is not your purpose to enter into contracts with this money; but it is your purpose to turn it over to the WPA. It seems to me, in all fairness to myself, to the Public and to the Courts, you should state your real purpose in the Ordinance; namely, to turn the money over to WPA, and not to resort to subterfuge as in the previous ordinance by talking about contracts for Public Improvements.

Hoping to hear from you on this matter, I remain,

Sincerely,

WM. N. McNAIR,  
Mayor.

Which was read, and on motion of Mr. Magee, referred to the Committee on Finance.

And on motion of Mr. Weir.

Council adjourned.

Pittsburgh, Pa.,

March 12, 1936.

Chairman and Members,  
Committee on Finance,  
City Council.

Gentlemen:

Replying to your letter of even date desiring an explanation of Bill No. 322, Resolution transferring \$800.00 from Code Account 1461, Salaries, Regular Employes, Bureau of Fire, to Code Account 1465, Repairs, Bureau of Fire, wish to advise that this resolution was necessary to complete the unfinished work started by the WPA in their Rehabilitation of fire engine houses and police stations program.

I trust this explanation will be satisfactory.

Yours very truly,

THOS. A. DUNN,  
Director.

Which was read, received and filed.

No. 395

March 14, 1936

Chairman and Members  
Committee on Public Welfare  
CITY COUNCIL

Gentlemen:

With reference to your communication in connection with Bill No. 328 authorizing a contract for 1 tractor for Mayview, to be used as a trade-in on a tractor they now have; wish to say that Mayview has 2 tractors, the one mentioned as to trade-in purchased about ten years ago and the newer one two years ago.

It is the writer's opinion that the purchase of a new tractor is not necessary at this time, especially if it is the intention of the Bureau of Stables to transfer 3 teams from the Highways and Sewers to Mayview. There are various items of equipment they will be asking for during the year, and the transfer of \$1,300 at this time may handicap the purchase of more important items.

Respectfully yours,

EDW. A. SCHOFIELD,  
Budget Controller

Which was read, received and filed.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

| Evans     | McArdle          |
| Gallagher | Weir             |
|           | Scully, (Pres't) |

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Gallagher also presented

Bill No. 345. Communication from the Mayor appointing Robert C. Bowers as Director of the Department of Public Welfare.

In Committee on Public Welfare, March 13, 1936, read and ordered returned to Council for action.

Which was read, received and filed.

Also

No. 396. RESOLVED, That the appointment by the Mayor of Robert C. Bowers as Director of the Department of Public Welfare be and the same is hereby approved and confirmed.

Which was read.

Mr. Gallagher moved

The adoption of the resolution.

Mr. Magee arose and said:

Mr. President:—The nominee appeared before the Committee last week and stated his qualifications for the position, and in my opinion they are not adequate.

I think the Director of this department should have knowledge of and previous experience or training in what is known as social service work.

I made the same observation when the last Director was approved and confirmed by Council, and none of the members agreed with me, so I will not insist on that point.

At the meeting with Mr. Bowers he was asked to state frankly what his position would be if he were in conflict with his superior officer on the question of carrying into effect councilmanic legislation. His reply was that he would go by what advice he received from the Law Department.

That would be the proper answer under normal circumstances, and if we had a City Solicitor who was functioning according to his own understanding of the law and his own understanding of the department; but at the present time we do not have a City Government in which the Directors function on their own discretion.

Each director of the department, so far as we have been able to see, is a rubber stamp. In the frequent changes

made in the heads of departments the Mayor usurps the powers of the director, and he operates the department as director without any authority of law whatever.

So Mr. Bowers by his answer has put himself in this position, with relation to special measures passed by City Council, and on expenditures authorized for particular purposes, that he will not enforce or execute those ordinances, unless the head of the Law Department, who would be the appointing power in this case, so advised him. When he defies the power of the City Council to pass these ordinances, he violates his oath of office, and he violates the Acts of Assembly which give the City Council authority to pass these ordinances; and if we put Mr. Bower in this office by our confirmation, we would continue this deadlock, which has been existing for several months.

I am, therefore, constrained to vote against Mr. Bowers' confirmation for the reasons stated.

Mr. McArdle arose and said:

Mr. President:—The reasons set forth by Mr. Magee are the reasons that impel me to withhold my approval of Mr. Bowers' nomination.

In addition to what has been said, I make this observation, that in his present position Mr. Bowers has a responsible relationship to the City Government, which has to do with the operation of this department, and so far as I have been able to learn after making some inquiry, he has not met his responsibility adequately. This is entirely and wholly within his professional training.

If I were to support his appointment for the Directorship of Welfare, I would think that it would only be at best providing in some measure and in some instances a means by which some of the things in the Welfare Department might be done legally. We would not be providing the Welfare Department with a head who would do the job as the law contemplates that it should be done. It would only be providing for the expenditure of an additional \$5,000 without getting anything in return for the City.

And the question recurring on the adoption of the resolution.

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler                      Garland

Noes:—Messrs.

Anderson                      Magee  
Evans                          McArdle  
Gallagher                      Weir  
                                    Scully, (Pres't)

Ayes 2. Noes 7.

And a majority of the votes of Council being in the negative, the motion was rejected.

#### MOTIONS AND RESOLUTIONS

Mr. Gallagher presented

No. 397. RESOLVED, That the Law Department furnish Council at the earliest possible moment the following information:

1. A copy of all invoices rendered by the Watkins Company, in the original forms in which they were presented, in connection with the South Pittsburgh Water Company rate case. Also copies of all invoices approved by the Law Department.

2. That the Law Department give Council a complete report as to the present status of work carried on in connection with the South Pittsburgh Water Company matter.

Which was read.

Mr. Gallagher moved

The adoption of the resolution.  
Which motion prevailed.

Mr. McArdle arose and said:

Mr. President:—In line with the previous resolution concerning Mr. Bowers' nomination for the Directorship of the Department of Public Welfare, I think it pertinent to make this observation: That from the time of the original resignation of Mr. Hay as Director of this department until the Council received the nomination of his successor, to the best of my information, a period of 56 days has elapsed.

The Chair:

Mr. Clerk, have you a communication from the Mayor as to whether he would confer with Council today?

The Clerk (Mr. Clark) said:

Mr. President, the Mayor advised me that he would not confer with Council today; that he would await the result of Council's action on his appointment of a new Director of the Department of Public Welfare.

Mr. Gallagher moved

That the Minutes of Council of Monday, March 9th, 1936, be approved.

Which motion prevailed.

And on motion of Mr. McArdle

Council adjourned.

CORNELIUS D. SCULLY.....President

ROBERT CLARK.....City Clerk

EDW. W. LINDSAY.....Ass't City Clerk

Pittsburgh, Pa.,

Wednesday, March 18, 1936.

Council met pursuant to the following call:

Pittsburgh, Pa.,

March 18, 1936.

Mr. Robt. Clark,  
Clerk of Council.

Dear Sir:

Please call a special meeting of Council for 3 o'clock, P. M., Wednesday, March 18, 1936, to take up such business as may come before the meeting relative to an emergency due to flood conditions in Pittsburgh.

Yours very truly,

CORNELIUS D. SCULLY,  
President of Council.

Which was read, received and filed.

Present:—Messrs.

Demmler

Magee

Evans

McArdle

Gallagher

Weir

Garland

Scully, (Pres't)

Absent:—Mr. Anderson.

The Chair said:

Gentlemen: This meeting was called at the request of His Honor, the Mayor. The matter which the Mayor desires Council to act on is an appropriation to take care of an emergency situation due to the flood imperiling life and property. The Chair will entertain legislation with respect to this matter. Will some member accustomed to the action to be taken in such an emergency take the lead?

Hon. Wm. N. McNair, Mayor, said:

Mr. Chairman, will the Council give me a Welfare Director?

The Chair said:

This meeting was called to act on an emergency appropriation. In our conference with you earlier in the day, Mr. Mayor, we advised you to appoint Mr. Noren as head of the Department of Public Welfare temporarily. Council is of the opinion that inasmuch as this department has been without a directing head for many months you can proceed for a few days as you have during this period when the Department was without a Director.

Mayor McNair said:

Due to the exigencies of the situation, I am unable to devote much time to the direction of this department, and I would therefore request that you act on the appointment of Mr. Noren, whose name I transmitted to you for confirmation as Director of the Department of Public Welfare.

The Chair said:

Mr. Mayor, you have been performing the duties of Director of this department for many days, in fact 56 days, since the resignation of Director Hay. Why not continue for a few days longer? We will take up the question of providing an emergency appropri-

ation to take care of any matters that may arise due to the flood.

Mayor McNair said:

Mr. Chairman, I wish to call your attention to Section 12 of the Charter Act as amended by Act of May 31, 1911, which reads:

"Section 12. All sessions of the Council, and of all committees and sub-committees thereof, shall be public. No ordinance or resolution shall be passed finally on the day of its introduction, except in case of public emergency, and then only when requested by the Mayor and approved by the affirmative votes of all of the members of Council present."

I, as Mayor, have requested you to call this meeting, and any ordinances which may be passed here today and receive the affirmative votes of all the members of council present are legal. I would ask your indulgence for a few minutes until we are able to have prepared and introduced the emergency appropriation legislation. Dr. Kerr, the City Controller, is now having the proper emergency call, to be signed jointly by him and me, written, as well as the legislation, and this will be ready in a few moments.

Mr. Garland arose and said:

Mr. Chairman: That does not provide for the call of the meeting.

The Chair said:

If there is any deficiency or delinquency in it, we will correct it later.

Mr. Garland said:

Mr. Chairman, I move that the Department of Law furnish an opinion in writing that this meeting is legal. In making that motion, I want to say that Council can only be convened on 48 hours' notice by the Mayor, the President of Council, or three members of Council, or when nine members of Council sign a waiver. However, I shall be glad to go along with any legislation that is introduced in Council today, but I suggest that what we do today should be confirmed in Council at a special meeting, properly called, or at the next regular meeting of Council on Monday.

The motion prevailed.

The Chair said:

Gentlemen of Council, since we have to re-affirm whatever action we take today on next Monday, and since we think this meeting is not properly called, and since we have to do this over again, and time is fleeting, and the members of the Board of County Commissioners and representatives of the Red Cross and other agencies are here to confer with Council, I think the wise thing to do is to introduce the legislation and pass it.

Mr. McArdle arose and said:

Mr. Chairman, I wish to call your attention to the fact that the legislation has not yet been submitted. That is what we are waiting for.

The Chair said:

We are waiting for the call from the Mayor and the City Controller.

Mr. McArdle said:

And the legislation to meet the emergency.

The Chair said:

I understand that. It will be ready in a few minutes.

Mayor McNair said:

Mr. Chairman, in the meantime my nomination of Mr. Noren is before you. If you will act on it, we can get started on the relief.

Mr. Demmler arose and said:

Mr. Chairman, on that point, can we not act on that today?

Mr. Garland said:

Without notice to other members of Council, no.

The Chair said:

The Chair will rule that it will not be acted on today. The question of a Director for the Department of Public Welfare is an important one, but it has been open for at least two months.

While I am a friend of Mr. Noren, it is the desire of Council, before action is taken on his appointment, to have him appear before Council to explain his qualifications.

The Mayor has been acting as Director of the Department and should continue to act in that capacity for a few days longer.

Mr. Demmler said:

Your rule is that the appointment of Mr. Noren is not before the Council.

The Chair said:

I will so rule.

Mayor McNair said:

Gentlemen, I have to go to the water works because there is grave danger there. Because of the multiplicity of duties devolving upon me at this time, it is impossible for me to act as Welfare Director. I will agree to this: If you will confirm Mr. Noren today, I will agree within ten days to remove him.

The Chair said:

Mr. Mayor, you should have foreseen this. The Chair rules that the nomination of Mr. Noren is not before Council. Unless some member of Council sees fit to appeal from the ruling of the Chair, we will not consider it today.

Mayor McNair said:

This is a grave emergency, and I cannot take care of the Welfare Department.

The Chair said:

Director Johnston can attend to the Water Works.

J. Rogers Flannery, Vice-Chairman, Pittsburgh Chapter, The American Red Cross, said:

Mr. President and Members of Council: I am not a member of this body, but I happen to be a citizen of Pittsburgh. There is a grave emergency existing here due to the flood, and we are trying to work out a program to alleviate the suffering among the distressed. If there is anything the members of Council can do to help, we shall appreciate it.

The Chair said:

That is what we are trying to do.

Mayor McNair said:

These councilmen do not care if the whole town burns down.

Mr. Flannery said:

The Red Cross will do the work.

The Chair said:

We will be through here in a

few minutes, and we will then go into a conference with the representatives of the Red Cross.

The Chair presented

No. 398.

Pittsburgh, Pa.,

March 18, 1936.

President and Members of  
City Council.

Gentlemen:

WHEREAS, unforeseen conditions have arisen because of the great flood in the City of Pittsburgh, which has resulted in a tremendous loss to its citizens and caused great suffering, \$1,000,000.00 is hereby appropriated for the purpose of meeting this unforeseen condition, under certification of the Mayor and the Controller of the existence of such emergency.

WE, the undersigned, consider the situation to constitute a very serious public emergency, now, therefore,

Pursuant to the terms and provisions of Section 13 of the Act of May 31, 1911, relating to appropriations, we the undersigned, the Mayor and the Controller of the City of Pittsburgh, hereby certify the existence of the continuing emergency requiring a special appropriation of \$1,000,000.00, or so much thereof as may be necessary, to meet the same and request immediate action thereon.

WM. N. McNAIR,

Mayor, City of Pittsburgh.

JAMES P. KERR,

Controller, City of Pittsburgh.

Which was read, received and filed.

The Chair:

Gentlemen, you have heard the call. The amount has been increased from \$500,000.00 to \$1,000,000.00.

Mr. Demmler presented

No. 399. An Ordinance making an emergency appropriation of \$1,000,000.00 for the purpose of providing funds to take care of the conditions caused by the flood.

Which was read.

Mr. McArdle arose and said.

Mr. President: Does the ordinance call for an appropriation of \$1,000,000.00?

The Chair said:

Yes, sir; it is a new ordinance.

Mr. Demmler said:

Mr. President: If any question is raised as to the amount, I will be glad to hear a motion to amend it.

The Chair said:

What is your motion, Mr. Demmler?

Mr. Demmler said:

Mr. Chairman, I move a suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

|           |                  |

| Gallagher | Weir             |
| Garland   | Scully, (Pres't) |

Ayes 8. Noes none.

And all of the votes of the members of Council present being in the affirmative, the bill passed finally as provided by Section 12 of the Act of May 31, 1911, relative to the passage of bills in case of public emergency.

And on motion of Mr. Garland  
Council adjourned.

Pittsburgh, Pa.,

Friday, March 20th, 1936.

Council met pursuant to the following call:

Pittsburgh, Pa.,

March 18th, 1936.

Mr. Robt. Clark,  
Clerk of Council,  
City of Pittsburgh.

Dear Sir:

Please call a special meeting of Council for Friday, March 20, 1936, at 4 o'clock, P. M., to consider such legislation as may arise on account of the emergency caused by the flood conditions.

Yours respectfully,

CORNELIUS D. SCULLY,  
President of Council.

Bill No. 398.

President and Members of City Council,

Gentlemen:

Whereas, unforeseen conditions have arisen because of the great flood in the City of Pittsburgh, which has resulted in a tremendous loss to its citizens and caused great suffering, \$1,000,000.00 is hereby appropriated for the purpose of meeting this unforeseen condition, under certification of the Mayor and the Controller of the existence of such emergency.

WE, the undersigned, consider the situation to constitute a very serious public emergency, now, therefore.

Pursuant to the terms and provisions of Section 13, of the Act of May 31, 1911, relating to appropriations, we the undersigned, the Mayor and the Controller of the City of Pittsburgh, hereby certify the existence of the continuing emergency requiring a special appropriation of \$1,000,000.00, or so much thereof as may be necessary, to meet the same and request immediate action thereon.

WM. N. McNAIR, Mayor,  
City of Pittsburgh.

JAMES P. KERR, Controller,  
City of Pittsburgh.

In Council, March 18, 1936, read, received and filed.

Which was read.

The Chair presented

No. 400. An Ordinance making an emergency appropriation of \$1,000,000 for the purpose of providing funds to take care of the conditions caused by the flood, and repealing Ordinance No. 41, Series 1936.

Which was read.

Mr. Garland moved

A suspension of the rule to

allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. McArdle arose and said

Mr. President:—It ought to be placed in the record that this meeting is being held to receive and act on the declaration of the Mayor and the emergency appropriation, and that action on the ordinance is being taken in keeping with Council's understanding of the requirements of the law governing the making of emergency appropriations and governing the call of special meetings of Council to consider the City's business, and in doing it, it is done for the purpose of putting beyond doubt the legality of our action.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

|           |                  |
|-----------|------------------|

| Gallagher | Weir             |
| Garland   | Scully, (Pres't) |

Ayes 8. Noes none.

And all of the votes of the members of Council present being in the affirmative, the bill passed finally, as provided by Section 12 of the Act of May 31, 1911, relative to the passage of ordinances in case of public emergency.

The Chair also presented

No. 401. An Ordinance appropriating the sum of One hundred thousand (\$100,000.00) dollars for the use of the American Red Cross in the Pittsburgh District for relief due to flood conditions.

Also

No. 402. An Ordinance authorizing and directing the Mayor and the Director of the Department of Public Works to clean and repair streets, repair and replace boilers, pumps, generators, motors, pipe lines and appurte-

nances, and to enter into emergency contracts for miscellaneous services, repairs, supplies, materials, all as may be necessary for the protection of life and property in the City of Pittsburgh as occasioned by the flood of March 18, 1936, and providing for the sum of Three hundred eighty-five thousand (\$385,000.00) dollars for the payment of the costs thereof.

Also

No. 403. An Ordinance authorizing and directing the Mayor and the Director of the Department of Public Welfare to make contracts for the disposal of bodies of flood victims and appropriating the sum of Twenty-five thousand (\$25,000.00) dollars from moneys not otherwise appropriated for the payment thereof.

Which were severally read and referred to the Committee on Finance.

Also

No. 404

WHEREAS, The disaster which has visited this community has wrought damage to the plants and physical equipment of manufacturers and merchants and others throughout the entire districts, as well as caused great loss and suffering to individual householders, and,

WHEREAS, The same has had or will have such serious effect upon the entire business interests of the community that extraordinary measures and remedies will be required to meet the situation; Now, Therefore, be it

RESOLVED, That his Honor, the Mayor, be requested, in conjunction with the President of Council, to call at once a meeting of representatives of the Pittsburgh Clearing House, of the Chamber of Commerce, representative business men and the administration of Allegheny County and of the City of Pittsburgh, including the Council, to take counsel together and create such organization as may in the premises by them be deemed wise, and to consider the action necessary to be taken, including particularly measures looking to the financial assistance of businesses which have so suffered by reason of the flood conditions as to be unable in the normal and usual course of business to finance the requirements for the rehabilitation thereof and the

re-establishment of normal tenor of the same.

Which was read.

Mr. Garland moved

The adoption of the resolution.  
Which motion prevailed.

The Chair also presented  
No. 405

Department of Law,  
Anne X. Alpern,  
First Asst. City Solicitor.

March 20, 1936.

President and Members of Council,  
City of Pittsburgh.

Gentlemen:

With respect to your request for a written opinion as to the legality of the Council meeting called by the Mayor on March 18, 1936, for the purpose of appropriating money for flood relief, please be advised that in my opinion the meeting was legally called.

The Act of March 7, 1901, P. L. 20, provides in Article 1, Section 4, as follows:

"It shall be the duty of the City Recorder to call a special meeting of Council when required by public necessity."

Councilmanic Rule 5, which provides for the calling of special meetings, after written notice of 48 hours, specifically provides for the suspension of notice in the event of necessity.

There were eight councilmen present at the meeting, all of whom approved the legislation enacted. The Act of May 31, 1911, Section 12, provides that in case of public emergency, when requested by the Mayor and approved by all members of Council present a bill may become a law on the same day on which it is introduced. The Mayor and City Controller having certified that a public emergency exists and the eight members of Council present having passed the appropriation ordinance, we can see no legal objection to the action taken.

Sincerely,

ANNE X. ALPERN,  
First Asst. City Solicitor.

Which was read, received and filed.

Mr. Garland moved

That Council recess until Saturday, March 21st, 1936, at 10 o'clock.  
A. M.

Which motion prevailed.

And Council recessed.

No. 406

WHEREAS, The City of Pittsburgh and the Pittsburgh District in three surrounding states have suffered complete paralysis from the effects of the greatest flood in recorded history, with appalling loss of human life and property and damage losses running into hundreds of millions of dollars; and

WHEREAS, For a period of twenty-five years, the Flood Commission of

Pittsburgh, created following the flood of 1907, the engineers of the United States Army, and the engineers of the State of Pennsylvania have made studies and reports on a proposed system of storage reservoirs to control floods, regulate navigation, protect water supplies, and aid in sanitary disposal of waste materials; said studies having been made with funds contributed by the Federal and State governments, by the City of Pittsburgh, by Allegheny County, and by large industries and private individual property owners; and

WHEREAS, As a result of this quarter century study of the flood problem for this region, a series of proposed reservoirs has been designed which will greatly control floods and prevent such disasters as that now prostrating us, which reservoir project is ready for work to start at once, and of which one reservoir is now under construction on the Tygart river in the Monongahela valley at a cost of \$16,000,000, and 13 remain to be approved for construction at a total cost of about \$70,000,000; and

WHEREAS, Through the efforts of the Tri-State Authority, a volunteer organization of the mayors and burgesses of some 230 cities and towns in Western Pennsylvania, Ohio and West Virginia, with headquarters in Pittsburgh, organized in August, 1933, for the express purpose of concentrating all of the political and civic authority of this entire region upon the Federal government to procure PWA funds for the completion of the reservoir system, resulting in allocation of funds for the Tygart reservoir, has announced that a mass conference of officials of the above mentioned 230 communities will be called in Pittsburgh as soon as conditions permit, for the purpose of more determined effort to convince Federal authorities of the

necessity for immediate start of construction upon the proposed system of reservoirs; Therefore, Be It

RESOLVED, That the City of Pittsburgh, through its Council and Mayor, hereby offers to co-operate fully with the effort being made by Tri-State Authority, the Flood Commission of Pittsburgh, and other organizations to procure immediate authorization for construction of the proposed system of 13 additional reservoirs with Federal funds at a total cost of \$70,000,000 for the social benefit and protection of life and property to the more than 4,000,000 people dwelling within the watersheds of the Monongahela, Allegheny and upper Ohio rivers; and Be It Further

RESOLVED, That copies of this resolution be forwarded immediately to Federal Public Works Administrator Harold L. Ickes, to General Edward M. Markham, chief of U. S. Engineers; to the United States Senators of Pennsylvania, to the Congressmen of Allegheny County, to the Governor of the State of Pennsylvania, and to the senators and representatives in the Pennsylvania Legislature, with urgent recommendation that they exert all their influence to procure immediate allocation of funds to start work upon the system of reservoirs and to procure passage in this Congress of the Omnibus Flood Control bill (H. R. 8455) which authorizes the adoption of these reservoirs as Federal projects.

Which was read.

#### MOTIONS AND RESOLUTIONS

The Chair, at this time, presented  
No. 421

City of Pittsburgh,  
Office of the Mayor,

March 16, 1936.

To the President and  
Members of City Council.

Gentlemen:

I have this day appointed, subject to your approval, Mr. Hugo W. Noren, 545 Greenfield avenue, to the position of Director of the Department of Public Welfare and would ask your immediate confirmation of same.

Respectfully yours,

WM. N. McNAIR,  
Mayor.

Which was read, received and filed.

Also

No. 422

City of Pittsburgh,  
Office of the Mayor,

March 23, 1936.

To the President and  
Members of City Council.

Gentlemen:

I have the honor to inform you that I have appointed, subject to your approval, William B. Secrist, 123 University place, to the position of City Solicitor and would ask for immediate confirmation of same.

Respectfully yours,

WM. N. McNAIR,  
Mayor.

Which was read and laid over until Tuesday, March 24, 1936, at 1:30 o'clock, P. M., at which time Mr. Secrist will be able to appear before Council.

Also

No. 423

City of Pittsburgh,  
Office of the Mayor.

March 23, 1936.

To the President and  
Members of City Council.

Gentlemen:

Not having confirmed Mr. Hugo Noren, I am sending you the name of Mr. John C. Weaver, 5454 Columbo street, for the office of Director of Public Welfare and would ask for immediate confirmation of same.

Respectfully yours,

WM. N. McNAIR,  
Mayor.

Which was read.

Mr. McArdle arose and said

Mr. President:—In connection with this communication, it ought to be noted in the record, that this is the first time that the appointment of Mr. Noren is officially before Council and the first time that Council could officially give consideration to the nomination.

The Chair said:

Gentlemen:—I take it that this communication is a withdrawal of Mr. Noren's name, and therefore no further action on the Mayor's communication is necessary.

Mr. Weaver, will you please come forward and be interrogated? Mr. Weaver,

the members of Council, as you probably know personally, desire to meet you in this capacity and ask you some questions?

Mr. Magee arose and said:

Mr. Weaver, I am very glad to see you appointed, because you are one who has had previous experience in social service work, but unfortunately you are entering the department at a time when the appointing power is in conflict with the Council about the execution of legislation which has been passed by the Council; and your predecessor, Mr. Hay, went out of the Department, whether voluntary or involuntary, I am not sure about the circumstances, but it was in connection with this question as to whether or not this legislation was to be observed and the provisions of the ordinances executed.

The provisions of the ordinances that they disagreed about the enforcement of were in connection with expenditure of various sums of money for medical services, for spectacles, for shoes and clothing for school children, maternity expenses in case of births, and various things of that sort, and the result is that, in that particular, the department head failed to function because he had orders from his superior officer not to obey the provisions of those ordinances.

Are you aware of it, or is it all new to you?

Mr. Weaver said:

I know very little about the details, but I know of the general conditions existing in the department.

Mr. Magee said:

The question is whether the Director of the Department will obey city ordinances against the wishes of his superior officer?

Mr. Weaver said:

I am not familiar with the details. I would not want to engage in a discussion of any particular ordinance or situation with which I am not familiar. I should wish to administer the office in accordance with the law and in accordance with my own conception of my duty to the public welfare.

Mr. Magee said:

Now you said something that raises another question. The Act of Assembly

says that the bureau heads and department heads should take their advice from the City Solicitor. Inasmuch as there is no City Solicitor, the Mayor acts as the City's legal authority, and if you desired to consult any one as to the legality of matters you would have to consult with the Mayor; and he in this particular matter holds that he has discretion whether he shall execute the provisions of an ordinance or not. So you would be going around in a circle if you wanted advice about the particular ordinance that we are talking about.

Mr. Weaver said:

It is my understanding that the Mayor is the Chief Executive to whom the head of any department is responsible, and I should naturally want to get the best possible advice in forming my own judgment on the matter, but if I were not in general accord with the policies of the city administration I should not want to accept such a position.

Mr. Magee said:

The point is whether you are in accord with the administration or whether you are in accord with the policy of the city as laid down by the legislative branch in ordinances enacted by it?

Mr. Weaver said:

I have not had any opportunity to discuss this matter, nor have I had any discussion with the Mayor himself. Any information I have on the matter is that there is a great deal of criticism of the administration because these acts have not been clearly understood and because at times it has been said that the members of the City administration were not working with the administration and the Mayor was not working with his administrative officers. All members of the City administration should work in harmony, maintaining their own integrity, and if there is someone in any of these positions whose interest is not for producing a clear understanding of just what the administration is aiming at, he should get out.

Mr. Magee said:

When you speak of co-operation and harmony, do you refer to one side only, the Council?

Mr. Weaver said:

In the first place there should be harmony between the Mayor and his official family, and so far as possible, there should be a clear understanding between the legislative and administrative branches of the city government.

Mr. Magee said:

The question is, is there any place where final responsibility rests? If the officers cannot agree and harmonize because of differences of opinion, is there any place in the government where persons may go to get a final decision? The question is whether you would obey city ordinances against the wishes of the executive?

Mr. Weaver said:

The director of the department owes his appointment to the chief executive.

Mr. Magee said:

I don't agree with you.

Mr. Anderson arose and said:

Mr. Weaver, the question is this. The duty of the director is clearly defined in the Charter Act. The question the Council would like you to answer is this: If Council confirmed you as Director of the Department of Public Welfare, and if we pass ordinances, will you enforce those ordinances according to the law and as laid down by the Charter Act, or will you listen to the Mayor?

Mr. Weaver said:

I will listen to the Mayor sufficiently to form my own judgment as to the rightness of any act in any case. If the Mayor could show me that there were legal obstacles I would abide by his advice.

Mr. Anderson said:

Then, in your opinion, the Council does not mean anything. You would hold the Mayor's opinion above that of the Council.

Mr. Weaver said:

I am not expressing any opinion on that. I certainly could not discuss any details without careful study and consideration.

Mr. Anderson said:

Your duties are clearly defined in the Charter Act, and one of them is that you carry into effect the ordinances passed by this Council. The question Mr. Magee asked you is, will you live

up to the laws passed by Council relating to the activities of this department, or will you listen to the Mayor. You think it is more important that you should agree with the ideas of your superior, the Mayor, rather than obey the laws passed by Council?

Mr. Weaver said:

If I should remain in the office, I should be in accord with the policy of the administration, or I should resign.

Mr. Magee said:

That is the right answer.

Mr. McArdle said:

Mr. Weaver, I don't know whether you have made it clear, not to me, as to just whom or what you would owe your allegiance as the Director of the Department of Public Welfare. I will put it as concretely as I know how, assuming that you understood what the law meant governing the office of Director of Welfare and that you understood what the ordinances passed by Council meant, would you be governed by those even though the Mayor disagreed with the provisions of either the Acts of Assembly or the ordinances of Council?

Mr. Weaver said:

I should think my first duty would be governed by the legal authority of the city; and if I felt my own conception of duty would not justify me acting in accordance with that, I should not be in that office.

Mr. McArdle said:

What would be your step then in that case? It finally gets back to this: I think the meat of the whole thing is an understanding or conception of what the public business is and how it is conducted. We hold to the view that the City speaks through its ordinances and through the Acts of Assembly which is created for its government, and by certain limitations it gives public officers discretion, and on those it meets certain responsibilities and duties. We are fearful that some public officials hold to the view that it is not such a thing; that there is no such imposed obligation or duty placed upon them; that everything rests on discretion in that office. Council does not hold to that view. We are trying to develop

here whether that is your conception, whether you would be bound by the law, on whether you would be bound by what the Mayor says, that you should not be governed by an ordinance; whether you would listen to him and ignore the ordinance, and even go to the extent of giving up the position in order to measure up to your responsibility as defined by the law, whether expressed in an Act of Assembly or ordinance of the City?

Mr. Weaver said:

My first duty would be to the law. I cannot conceive of any possible reference to a particular issue, because I am not acquainted with the facts, and I am not prepared to answer that question at the present time. It depends on the interpretation of the laws as enacted by Council.

Mr. Magee said:

Do you know what the issue is?

Mr. Weaver said:

I know there are a number of them.

Mr. Anderson said:

Council passed an ordinance appropriating \$500,000 to provide shoes, clothing, etc., for school children of parents who are without means of support, and the Director of the Department of Public Welfare is charged with the responsibility of spending that money. The Mayor says that it should not be enforced and stops the Director from executing the orders for these things. If you were placed in this position, and if the Mayor told you not to spend the money the way the legislation provides it should be spent, would you listen to the Mayor or obey the mandate of the ordinances? That question has been put to other nominees for this position. That would be the thing you would have to face as Director.

Mr. Weaver said:

I can only repeat that I would act in accordance with the law if I were convinced that the law was right.

Mr. Anderson said:

Regardless of what the Mayor said?

Mr. Weaver said:

If the Mayor can show that there is a legal obstacle, that is a point to consider.

The Chair said:

Are there any other questions to be asked Mr. Weaver? Have you read the provisions of the Charter Act on the Department of Public Welfare?

Mr. Weaver said:

Mr. President, I have in a general way.

Mr. Magee said:

Mr. President, I want to vote for Mr. Weaver's confirmation, but I am not satisfied with the answers he gave. I would suggest that Mr. Weaver inform himself on the ordinances in which the legislative and executive departments are in conflict, and come back later.

The Chair said:

Gentlemen, If that is agreeable, the appointment will lay over until tomorrow. Before Council adjourns, will some member of Council make a motion that when the business before this meeting is concluded, that Council recess until some time tomorrow afternoon, when further consideration can be given to the appointment of Mr. Weaver?

Mr. Anderson said:

Mr. Chairman, I would suggest that Council ask J. Rogers Flannery and other officials of the Red Cross to suggest the name of a Welfare Director to the Mayor. The Mayor seems to feel that he should work with the Red Cross. The Council turned over to this organization \$100,000 to help out on the relief due to the flood. These men are well acquainted with the duties and activities of this department.

Mr. McArdle said:

Mr. Chairman, That suggestion should be held in abeyance until such time as we finally dispose of Mr. Weaver's nomination.

The Chair said:

Mr. Weaver, Council proposes to recess until tomorrow afternoon at 1:30, when it will meet and take up your appointment again. In the meantime, will you please inform yourself on the specific matters which are pending in the department on which there has been councilmanic action that has not been carried into effect, so that when you appear before us tomorrow you can

speak more intelligently on the subject.

Mr. Weaver said:

Mr. President, I will be glad to give what study I can to the situation.

The Chair said:

The City Controller and the Budget Controller will be glad to co-operate with you to give you the information.

The Chair also presented

No. 424

City of Pittsburgh,  
Office of the Mayor,

March 23, 1936.

To the President and  
Members of City Council.

Gentlemen:

I am returning Ordinance No. 347 without my signature as this money will be needed in the Flood Crisis. The matter of improvements set forth in the ordinance can be deferred.

Respectfully yours,

WM. N. McNAIR,  
Mayor.

Which was read, received and filed.

Also

Bill No. 347. An Ordinance entitled, "An Ordinance authorizing and directing an increase of the indebtedness of the City of Pittsburgh in the sum of \$500,000.00, and providing for the issue and sale of short-term promissory notes of said City in said amount, to provide funds to pay for the construction of general public improvements within the City, including the materials necessary therefor, and the preliminary expenses in connection therewith, and to pay engineering, architectural and other expenses incurred or to be incurred in connection with contracts for municipal improvements, and providing for the redemption of said promissory notes and the payment of interest thereon; and specifically repealing prior ordinances authorizing and directing an increase of indebtedness of the City of Pittsburgh in the sum of \$2,000,000.00 and \$500,000.00 for the same purposes."

In Council, March 16, 1936, Bill read and amended committee amendments

agreed to, rule suspended, read a second and third times and finally passed.

Which was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

Mr. McArdle arose and said:

Mr. President:—I would like to make this observation, that it seems to me that the necessity for this loan is more imperative now than when we introduced and passed the bill.

We have made an emergency appropriation to the extent of a Million Dollars. We have allocated nearly half of that already, and that Million is a charge against the revenues of the City for the current year; and if allowed to stand, it might impair the possibilities of the City performing its ordinary functions under the most difficult circumstances which it has to face in many years, and as a safeguard, aside from the considerations that impelled us to present and pass it in the first place, this bill ought to be passed notwithstanding the veto of the Mayor.

And the question recurring, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Garland          |
| Demmler   | Magee            |
| Evans     | McArdle          |
| Gallagher | Scully, (Pres't) |

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the bill became a law notwithstanding the objections of the Mayor.

Mr. Demmler, at this time, presented

No. 425. Resolution authorizing the President of Council to fix the time for a hearing before the Committee on Public Service and Surveys relative to rate complaints filed before the Public Service Commission, and requesting the presence of Anne X. Alpern, First Assistant City Solicitor; William F. Beatty, Special Asst. City Solicitor; Leo Hudson, Engineer in the Department of Law, and Harry W. Watkins and H. C. Sexton, Auditors, Department of Law.

The Chair stated

That this was a recessed meeting to take up the confirmation of John C. Weaver as Director of the Department of Public Welfare and William B. Secrist as City Solicitor.

The Chair took up

Bill No. 422. Communication from the Mayor appointing William B. Secrist as City Solicitor.

In Council, March 23, 1936, Read and laid over until March 24, 1936, at 1:30 P. M., to hear Mr. Secrist.

Which was read, received and filed.

Mr. Garland arose and said:

Mr. President: I am presenting this resolution for the confirmation and approval of Mr. Secrist's appointment as City Solicitor, for the reason that I have known him for a number of years, know that he is a man of high standing in this community, is a member of the Allegheny County Bar, is a man of integrity, and one who I feel would perform the duties of City Solicitor with fidelity to himself and the City he serves.

Believing the Law Department needs a head at the present time, I take pleasure in presenting this resolution.

Mr. Garland presented

No. 427-A. RESOLVED, That the appointment by the Mayor of William B. Secrist to the position of City Solicitor be and the same is hereby approved and confirmed.

Which was read.

Mr. Garland moved

The adoption of the resolution.

Mr. Magee arose and said:

Mr. President: I cannot vote for Mr. Secrist's confirmation because he has failed to come here in response to our invitation to discuss the duties of the City Solicitor's office.

The City of Pittsburgh is cursed with a double government. The City Council is one government, the administration department is another.

I have expressed my views as to what the difficulties are, especially the administrative officers' refusal to recognize the legislative authority of the City Council, the policy forming body of the city.

There have been numerous examples of legislation not only ignored but resisted. Evasion, delay and defiance have

become characteristics of the conduct of the city business.

The determining of the powers of the various city officers and departments is peculiarly the function of the Law Department. In advising them he should act judicially. He represents not one of them, but all.

Therefore, I think any nominee for the head of that department should come here and declare what his attitude would be in the constant dispute now going on. How impartial would he be? How far would he exert himself to avoid conflict? In case of litigation between different officers, what means would he use to maintain equality among them?

This is not the first time in the history of Pittsburgh that the Council and the Mayor have disagreed, or a department head has disagreed with the City Council.

We all know that ordinances must be construed by the city solicitor. Heretofore city solicitors—I am going back a great many years—have always acted in a judicial capacity in advising the different departments what their powers were. Never until now has a solicitor felt he represented the Mayor because the Mayor made his appointment. As a matter of fact, as well as law, his appointment is not complete until he has been confirmed by this body. Thereafter he represents this body as well as the administrative officers, and the controller, who is the third department of the city government, entirely independent of the other two departments. He is the law officer of all of them.

There have been a few occasions in the past after the city solicitor did give an opinion when the parties to the dispute were still not willing to accept such an opinion, and in that case it was arranged amicably between the officers concerned that one assistant city solicitor should represent one department, and one assistant city solicitor should represent the other side. Those were days when public officials in the City of Pittsburgh had a sense of responsibility and the Law Department was manned with lawyers who were experienced in municipal law and municipal administration.

Mr. Secrist should confer with us before entering upon the duties of City

Solicitor, and he should be made acquainted with the many matters at issue between the various departments of the city government. They are numerous. He ought to be told about them; he ought to be told that he must be non-partisan; that this a judicial office, and the law—the Charter Act—contemplated in creating the office of the city solicitor that he shall be the adviser of all departments and the only one to represent the city in litigation.

I say this Council, in my judgment, cannot afford to confirm any lawyer for the position of City Solicitor after the experiences of the past two years without a clear understanding of the attitude of the appointee on the main question before us, that of restoring unity in the city government.

Mr. McArdle arose and said:

Mr. President: I share in the views generally as expressed by Mr. Magee. I intend, however, to vote for the confirmation of Mr. Secrist, but confess to a feeling of sacrifice on my part as a member of this Council, in doing so in the absence of the conference with Mr. Secrist which Mr. Magee quite rightfully refers to, as being clearly within the right of Council to have.

And I am impelled to do that through no personal consideration of the person who has been nominated or the gentleman who nominated him, but because I believe that now we are in a very much more desperate situation with respect to the city government than we have been through the past months of rather chaotic conditions which have been greatly augmented by the flood disaster, and which I feel sure will rapidly pile up on the city government and the Law Department, numerous problems which will need authoritative declaration and interpretation of law.

In casting my vote, I do it in a spirit of sacrifice for what I hope will be at least temporarily for the best interests of the City of Pittsburgh, while yielding nothing of my belief in the fundamental correctness of the position which Mr. Magee has outlined.

And the question recurring on the adoption of the resolution, the ayes and noes were ordered taken agreeably to law, and were:

Ayes:—Messrs.

Noes:—Mr. Magee

Ayes 8. Noes 1.

And a majority of the votes of Council being in the affirmative, the motion prevailed.

The Chair also took up

Bill No. 423. Communication from the Mayor appointing John C. Weaver as Director of the Department of Public Welfare.

In Council, March 23rd, 1936, Read and laid over.

Which was read, received and filed.

Mr. Gallagher presented

No. 428. RESOLVED, That the appointment by the Mayor of John C. Weaver, 5454 Columbo street, for the office of Director of the Department of Public Welfare, be and the same is hereby approved and confirmed.

Which was read.

Mr. McArdle moved

The adoption of the resolution.

Mr. Magee arose and said:

Mr. President:—The question involved here is the difference between mandatory and discretionary powers in an administrative officer. An administrative officer has discretionary power to inquire into facts, to find out what are the actual conditions under which certain duties are to be performed.

For instance, in the matter of shoes. It is certainly within the discretion of the Department of Welfare to determine whether a certain child needs shoes; it is within the discretion of the department to find out whether medicines have been ordered by a qualified physician, and it is within the discretion of the department to inquire into the needs of a woman in a maternity case.

But once the fact is established that the relief conditions stated in an ordinance actually exist, he has no further discretion as to what he shall do.

When the late director of the Department of Public Welfare told us that he was not allowed to act, although he was satisfied that the services to be furnished were needed; and, further-

more, the present chief clerk of the department told us that by order of his superior officer, the Mayor, an investigator in the department—the very person to inquire into relief cases—had been put on furlough for six weeks, we were put on notice that unless the new director declared his intention of obeying the ordinance, the poor, the distressed and the unemployed would continue to be at the mercy of the executive's caprice. That is why Mr. Weaver was asked to attend a conference with the Council.

I am acquainted with Mr. Weaver and know that he has a genuine interest in the social service work that comes within the jurisdiction of this department. In two discussions of his conception of duty, he showed an utter lack of the responsibility that a public officer should have under the powers that are conferred upon him by the Act of Assembly. I therefore cannot vote for his confirmation.

And the question recurring on the adoption of the resolution, the ayes and noes were ordered taken agreeably to law, and were:

Ayes:—Messrs.

|         |       |
|---------|-------|
| Demmler | Evans |

Noes:—Messrs.

| Gallagher | McArdle         |
| Garland   | Weir            |
|           | Scully (Pres't) |

Ayes 2. Noes 7.

And a majority of the votes of Council being in the negative, the motion was rejected.

The Chair presented

No. 429. Hon. Cornelius D. Scully, President of Pittsburgh Council.

City of Pittsburgh,  
Office of the Mayor.

March 24, 1936.

To the President and  
Members of City Council.

Gentlemen:

I understand that, if the City had a small Diesel engine, it has all other facilities and equipment in the basement of the City-County building for generating electricity ample to run its elevators and for lights and other equipment of our own. The present condition proves clearly that some such provision should be made so that necessary municipal service is at no time interrupted. I suggest that Council look into this matter immediately, so that such facilities may be established without any delay.

The Jail was practically without light or other service, requiring electricity to the great detriment and danger of occupants and officers. As a member of the Prison Board, representing the City of Pittsburgh, I believe that steps should be taken immediately to re-establish a small generating plant in the Jail, such as it had until the same was dismantled by the present light monopoly.

Both of these matters are of immediate importance and deserve your earnest consideration.

Sincerely yours,

WM. N. McNAIR,

The critical situation, due to the dis-

These lots are not on the tax list. I would suggest that these lots be sold for the nominal sum of One Dollar to people who will build homes in order to give them a fresh start and also to solve the present housing situation brought on by the flood.

Dear Sir:

For your information we have the following data to submit relative to the water supply to the City. The pumping stations are now all operating satisfactorily and we have regained approximately one-third of our reservoir storage. The progress in the matter of storage is necessarily slow because we are able to pump only a small amount more each day than will meet the current demand for water.

We have the results of bacteriological analyses of samples collected at about forty locations including reservoirs and taps throughout the City. We have the results covering the analyses of samples collected from these points on two different days and all analyses show the water to be in excellent condition.

CITY OF PITTSBURGH

Office of the Mayor.

March 26, 1936.

To the President and  
Members of City Council.

Gentlemen:—

I note with regret that you have refused to confirm the appointment of John C. Weaver, a man of the highest standing in this community, for the position of Director of the Department of Public Welfare.

Mr. Weaver apparently was refused confirmation on the ground that he would accept the law in any matter from the City Solicitor. One member of Council, if the reports in the newspapers are correct, made remarks which explained his idea as to how a director should act under certain circumstances.

My view in this matter has been very ably expressed by a former Mayor of the City, who was also an attorney-at-law. This former Mayor, in a letter, dated August 8, 1913, in which he explains his reason for the dismissal of a director, has the following to say:

"Since about a year ago, I have been suspicious of his good faith to his employer, the City, as well as his loyalty to the official policy of myself, his superior officer."

Further on, this former Mayor, in the same letter, has this to say about his own position:

"Being charged with the administrative responsibility of the City affairs, I believe I am entitled to have subordinates in reasonable accordance with my views upon questions of essential importance."

The letter from which the quotations are taken is signed:

"Respectfully submitted,  
WILLIAM A. MAGEE,  
Mayor."

It is also interesting to note that this letter was dated August 8, 1913, and as nearly as I can judge from the Municipal Record, the particular directorship remained vacant until the expiration of Mr. Magee's term. It is further apparent the then Mayor acted in the capacity of director of the department in question for some time.

Yours truly,  
WM. N. MCNAIR,  
Mayor.

Which was read, received and filed.

Mr. Magee, at this time arose and said:

Mr. President:—It would be very hard to understand what is meant by this message from the Mayor if I did not have the benefit of the article in this morning's paper which "interpreted" it. Everything the Mayor does must be interpreted.

First, I want to set the Mayor right on some facts. In the second paragraph of his letter the Mayor says that "Mr. Weaver apparently was refused confirmation on the ground that he would accept the law in any matter from the City Solicitor." Now, the fact is just the contrary. Mr. Weaver was not refused confirmation upon that ground. For my own part I said to Mr. Weaver in that conference that he must take his law from the City Solicitor. What I was suggesting to him was that it would be embarrassing to him if he had to take the law from the Mayor in his function as "acting" City Solicitor, because the Mayor had already declared a policy opposing the ordinance. He could only advise Mr. Weaver to flout the law as he himself already had.

Here is what I said at the meeting of Council last Monday to Mr. Weaver:

"Now you said something that raises another question. The Act of Assembly says that the bureau heads and department heads should take their advice from the City Solicitor. Inasmuch as there is no City Solicitor, the Mayor acts as the city's legal author-

ity, and if you desired to consult any one as to the legality of matters, you would have to consult with the mayor; and he in this particular matter holds that he has discretion whether he shall execute the provisions of an ordinance or not. So you would be going around in a circle if you wanted advice about the particular ordinance that we are speaking of."

Here is another error in the last paragraph of the mayor's message:

"It is further apparent the then mayor acted in the capacity of director of the department in question for some time."

I never acted as Director of any department. I felt then as I do now that it is wholly illegal and contrary to the intent and the theory of the separation of powers in the American governmental system where provision is made for two officers, each to exercise a part of a total power or total duty, for one to act in both capacities. The purpose of the law is that one is to be superior to the other, and, therefore, supervise his conduct, or one is to balance the other, act as a checkmate. Our theory of governmental power in the United States is founded upon the belief that public officers must be checked and balanced against each other in the exercise of the numerous powers that the public confer upon them; and, therefore, I have always maintained that where two separate officers are each entrusted with a power independent of the other, or coordinated with the other, that both of them must act and one could not fill both roles.

I said before the Mayor constantly needs interpretation. I could not understand his letter except from the explanation in the morning paper that it contained a charge that when I was mayor I had an executive policy and therefore am inconsistent in forbidding him the same right.

"Councilman William A. Magee was the McNair of his own day, Mayor William N. McNair wrote Council yesterday. \* \* \* And McNair proved his point by thumbing through the records of a couple of decades ago, quoting Magee's letters to the Council of 1913 as precedent for his own administration in 1936. \* \* \* What lent an ironic twist to the mayor's let-

ter to council is the fact that Magee, now severest critic of McNair, was even more insistent upon his own right to have an administrative policy and control over his directors than McNair is now."

I have yet to say that the Mayor should not have a policy of municipal administration. I told him in a meeting of the North Side Board of Trade more than two years ago, when we were both elected, I would support him; I would glorify him, if he undertook the leadership in the formulation of a program for the solution of the numerous questions, problems, that we have in this city; some of them puzzling us for a great many years. If he had a policy such as I had, during my term in office from 1909 to 1914, I would gladly support him in such a policy. I specified only that his plans and measures should be reasonable and practical and not radical.

Now, can the Mayor have a policy? I say he can have a policy. In the case he cites I had a street improvement policy. When the council passed the ordinance for the paving of Perysville avenue, it said that it should be paved with first-class block. The ordinance was silent as to what kind of block to be put within the street railways area, but said that the same should be done under conditions laid down by the director of the department of public works. This is one of the instances that I have been trying to classify as discretionary. That director did have a discretion there to compel Class "A", or first-class blockstone, or to permit Class "B" blockstone. In other parts of my communication to Council at that time you will find that he allowed second-hand paving to go in between the tracks as against our first-class material on the shoulders of the street. He and I split on his decision, he knowing that I, his superior officer, had taken a stand in favor of uniform paving and the ordinance being silent on the subject.

Now, as to the assumption of the powers of a director by the Mayor in the case of a temporary vacancy in the office of director. This administration has been noted for its frequent changes in heads of departments and other important offices, nearly all of them occurring without

any apparent cause. The reasons are not given, and when asked for, they are refused. Manifestly under those circumstances, when an office becomes temporarily vacant, there are ministerial powers that must be performed by some one; the signing of the payroll and the affidavit is a mere certification of the fact that the persons on that payroll performed the service. I call that a ministerial act. It has been the custom under all the administrations, when a vacancy occurs, for the Mayor to appoint one of the superintendents in the department as acting director for the time being to perform the ministerial functions. There is no precedent for the Mayor serving as an acting director of the department, even for the performance of ministerial duties, let alone the discretionary powers. And he should not. It is not his function to act initially. His power is supervisory.

I think the public for the past two years has been misled by very superficial discussion of grave public questions that up to now have fortunately not resulted in evil consequences to the city. We have had serious questions arise in which these matters might have led to some kind of a crisis, out of which great ultimate harm might have come. The worst of them has been our relations with the Federal Government in connection with WPA relief work. Fortunately the consequences of that dispute between the two departments of the city government was avoided by the action of the Conference of Mayors in December of last year requesting the President of

the United States to virtually revoke the order and put to work the numerous persons who are on Federal and State Relief. Had the order throwing over 30,000 families upon this city for their sustenance not been revoked, the city would have become bankrupt.

We cannot hope indefinitely to continue having in the executive office one who to a large degree does not understand the duties of his office or the theory of division of governmental powers and who also to a large extent takes advantage on every occasion to wilfully take issue with other public officers; who will not confer with the legislative body; and who will not take prompt steps to appeal to those tribunals who are constituted to decide disputes, namely, the courts.

Mr. McArdle arose and said:

Mr. President: I want to call attention to another error in the Mayor's message. In the last paragraph he says that the directorships remained vacant until the expiration of Mr. Magee's term. My recollection is that during the latter part of Mr. Magee's term as Mayor, the two vacancies which occurred in the offices of director of Public Works and Public Health were filled by the appointment of W. Y. English as director of the department of public works and John S. Herron as director of the department of public health to fill out the balance of the term.

And on motion of Mr. McArdle

Council adjourned.

The Chair presented

No. 526.

City of Pittsburgh,  
Department of Law.

April 2, 1936.

SUBJECT: Bill No. 401, an Ordinance Appropriating \$100,000 to the American Red Cross.

To the Honorable, The Council  
of the City of Pittsburgh.

Gentlemen:—

Bill No. 401, an Ordinance appropriating \$100,000 for the use of the American Red Cross for the relief of flood conditions, has been referred to me by Your Honorable Body for an opinion as to the legality of making such an appropriation.

After careful consideration of this matter, I am firmly of the conviction that such an appropriation is directly within the prohibition of Article IX, Section 7, of the Pennsylvania Constitution. Article IX provides as follows:—

"The General Assembly shall not authorize any county, city, borough, township or incorporated district, to become a stockholder in any com-

pany, association or corporation, or to obtain or appropriate money for, or loan its credit to, any corporation, association, institution or individual."

Howsoever worthy the objectives of the particular group may be, I see no way of appropriating City funds for its use, in view of the clear provision of the Constitution and of the cases that have been decided by our courts in connection therewith.

In the case of Commonwealth ex rel. Kirschler v. Brown, reported in 54 Pittsburgh Legal Journal 66, Judge Shafer held that the City of Allegheny had no authority to appropriate money for the relief of the sufferers of San Francisco due to an earthquake. In his opinion, Judge Shafer stated:

"It seems to us that, if the City of Allegheny may appropriate money to the relief of citizens of San Francisco, who have been injured by earthquake or fire, much more would it be justified in making similar appropriations to its own citizens who may suffer by fire or other calamities, and this, certainly, no one could claim to be within the power of the City."

In the case of Wilkes-Barre City Hospital v. County of Luzerne, the court had under consideration the Act of May 21, 1874, which authorized privately incorporated hospitals to make requisitions upon counties for the payment of charges for the support of patients under treatment at such hospitals. The court held this act to be unconstitutional, even though the patients were residents of the county and paupers, on the ground that it was an appropriation of money within the prohibition of Section 7 of Article IX of the Constitution. (84 Pa. 58)

The court was clearly of the opinion that the framers of the Constitution intended to confine the municipal expenditures not only to public objects, but to public officers or agents under direct responsibility of the municipality. I am in complete accord with that conclusion.

Very truly yours,

WILLIAM B. SECRIST,  
City Solicitor.

Which was read, received and filed.

Mr Magee arose and said:

Mr. President:—It is my opinion, at least, that Council should not take immediate action on the veto. I think we should do in this case as we do in other cases where the request originated on the outside that a copy of the veto message and a copy of the City Solicitor's opinion be sent to the Red Cross. I so move.

Mr. McArdle arose and said:

Mr. President:—I have no objection to delaying action on this bill if it is for the purpose of getting a better understanding between the Red Cross and the City; but from my point of view this opinion goes far beyond its effect on the bill which provoked its issuance.

If the City Solicitor is correct in his law, then it brings into question not only this appropriation, but brings into question possibly, and almost surely, anywhere from 20 to 25 appropriations that are now set up in our annual appropriation bill, and some of which are extremely vital. I have in mind, for example, the appropriation made to the Carnegie Library, because there is no distinction made between this enterprise and the Red Cross. The opinion is general in character and includes all organizations that are not a part of the municipal corporation making the appropriation.

We have for years been making appropriations to various agencies of this kind.

My own preference would be to put the bill in shape to have a final decision upon it by the courts.

The Red Cross in this instance was performing a function, which under normal circumstances the City would have had to perform; and for that reason I would like to see it passed at the earliest possible date so that it can be tested in court and put beyond the peradventure of doubt. Whatever decision is made in this case will govern the City in the future on similar grants.

Mr. Demmler arose and said:

Mr. President:—I voted today to pass Bill No. 454, which makes an appropriation of \$5,000.00 to the Tri-State Authority. Now, if Section 7 of Article IX of the Constitution of Penn-

sylvania is so interpreted so as to prevent an appropriation to the Red Cross, then surely that same article and section will prevent Council making an appropriation to the Tri-State Authority.

I feel, like Mr. McArdle, the sooner we get a ruling on this appropriation the better. I am ready to vote to override the Mayor's veto.

Mr. Magee arose and said:

Mr. President:—I might inform Mr. Demmler that this appropriation to the Flood Commission will be upheld, as I know that the appropriation of \$10,000 for the Lake Erie and Ohio River Ship Canal Board was upheld. I think it is an open question, and we will have to get a decision.

Mr. McArdle arose and said:

Mr. President:—I am not thinking so much about the appropriation as I am about the legal opinion which has been submitted by the City Solicitor in this case. If it applies to this case, then it might involve some 20 or 25 other appropriations which Council has been making for many years. If we don't get this on its way quickly, it seems to me that it is going to upset a lot of other agencies depending upon the City for appropriations, and involving our officers as to whether they should pay out our money or not.

And the question recurring, "Shall a copy of the Mayor's veto message and a copy of the City Solicitor's opinion be sent to the Red Cross?"

The motion did not prevail.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

|           |                 |
|-----------|-----------------|
| Anderson  | Magee           |
| Demmler   | McArdle         |
| Evans     | Weir            |
| Gallagher | Scully (Pres't) |

When the name of Mr. Garland was called, he arose and said,

Mr. President, I am not voting. It is very seldom that I use that excuse. I want to find out more about it before I vote.

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the bill became a law notwithstanding the objections of the Mayor.

The Chair presented

No. 527.

City of Pittsburgh,  
Office of the Mayor.

March 26, 1936.

To the President and  
Members of City Council.

Gentlemen:—

I am returning Ordinance No. 212 without my signature, as we are restricted by the Constitution in turning money over to persons, institutions or corporations outside of our city set up.

The only way the City of Pittsburgh Authority could function would be from tax money and if the City is not permitted by the Constitution to appropriate money except through the City Departments, then this corporation would be useless.

Respectfully yours,

WM. N. McNAIR,  
Mayor.

Department of Law,  
City of Pittsburgh.

April 2, 1936.

To the Honorable, The Council  
of the City of Pittsburgh.

Gentlemen:

Bill No. 212, an Ordinance providing for the creation of a City of Pittsburgh Authority under the authority contained in Act No. 2513 of the General Assembly of the Sessions of 1935, approved June 28, 1935, has been referred to me for comment.

In connection therewith, your attention is called to the fact that, under date of July 31, 1935, a comprehensive opinion on the constitutionality of a City Authority was submitted to your body by the Law Department. In that opinion, attention was directed to the fact that there are certain features of the enabling act which might be declared unconstitutional, particularly the eminent domain provisions and the exemption from taxation. However, in the decision rendered in the case of

Tranter v. Allegheny County Authority, reported in 316 Pa. 65, the Supreme Court had determined that an Authority, as such, was constitutional.

Since the former opinion of the Law Department was submitted, the Supreme Court has decided the case of Kelly v. The General State Authority Corporation. In that case, while the Supreme Court did not specifically overrule its decision in the Tranter case, it nevertheless declared the State Authority, which was practically identical to the County Authority, unconstitutional. Howsoever, three dissenting opinions were filed, and it is therefore difficult to state what position the Supreme Court, as now constituted, would take on the question of Authorities.

With specific reference to the Mayor's veto of Ordinance No. 212, I desire to state that the Authority would not function through tax money, but, on the contrary, is a self-liquidating project. The enabling act specifically provides, in Section 4-N, that the Authority shall have no power to pledge the credit or taxing power of the Commonwealth of Pennsylvania or any of its political subdivisions.

The constitutionality of the present Ordinance can best be determined by a taxpayer's suit instituted for the purpose of raising constitutional objections to the creation of a City Authority. A court decision on this subject is certainly advisable.

Very truly yours,

WILLIAM B. SECRIST,  
City Solicitor.

Which was read, received and filed.

Also

Bill No. 212. An Ordinance entitled, "An Ordinance providing for a limited period of time for the incorporation as a body corporate and politic to be known as 'City of Pittsburgh Authority', authorizing said Authority to acquire, construct, improve, maintain and operate projects and to borrow money and issue bonds therefor; to enter into contracts with and to accept grants from the Federal Government or any Agencies thereof; the Articles of Incorporation of said Authority and the rights, powers, duties and limitations of said Authority as authorized under the provisions of Act No. 2513 of

the General Assembly of the Session of 1935, approved June 28, 1935."

In Council, March 23, 1936, Bill read, rule suspended, read a second and third times and finally passed.

Which was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

Mr. Evans arose and said:

Mr. President: The purpose of this bill is to get it before the Courts for an opinion as to its constitutionality.

I might state that the things proposed to be tested are the question of taxation and borrowing money from the government. We propose, for instance, if and when this bill is passed, to go ahead and create the Authority and then have a taxpayer's suit filed and bring the matter before the Supreme Court for a test, and to get a ruling on the question of the power of eminent domain. In New York it has been recently declared constitutional. We desire to get such an interpretation in this state. That is the purpose in passing the ordinance.

Mr. Demmler arose and said:

Mr. President: I would like to remark that I personally feel that housing should be a private matter; yet it appears under present conditions and circumstances there is no apparent promise that private enterprises can undertake this in the near future; and for that reason I am interested in finding out whether the City of Pittsburgh Authority can do the things aimed at in the ordinance. I therefore will vote to override the Mayor's veto.

And the question recurring, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

bill became a law notwithstanding the objections of the Mayor.

City of Pittsburgh,  
Office of the Mayor,  
March 27, 1936.

To the President and  
Members of City Council.

Gentlemen:

I am returning Bill No. 360, without my approval, for the reason that the ordinance attempts to do something which is not within the power of Council to do. The Civil Service Act of 1907, in Section 3, provides as follows:

"The clerks, examiners and employes shall receive salaries to be fixed by the Civil Service Commission, and approved by the Mayor."

It is, therefore, apparent that Bill No. 360 is contrary to the Civil Service Act and I am returning it, without my signature.

Respectfully yours,  
WM. N. McNAIR,  
Mayor.

Which was read, received and filed.  
Also

Bill No. 360. An Ordinance entitled, "An Ordinance amending a portion of Section 11, Civil Service Commission, of an ordinance entitled, 'An Ordinance fixing the number of officers and employes of all departments of the City of Pittsburgh, and the rate of compensation thereof,' approved January 2, 1935, and the several amendments thereof and supplements thereto."

In Council, March 23, 1936, Bill read, rule suspended, read a second and third times and finally passed.

Which was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

Mr. McArdle arose and said:

Mr. President: I would like to observe that this bill came to us from the Civil Service Commission, and the thing proposed to be done by it is being done at their own request. Coun-

cil did not initiate the change. The Civil Service Commission sent the bill to Council, as I was given to understand, with the representation that it would allow them to work out their own matters to their own advantage without adding anything to the expense of the office. On that basis Council passed the ordinance. If the Mayor is right, then it does not matter much whether the bill is passed; and even if it is wrong, it does not matter to us whether it is passed. The only people to be concerned is the Civil Service Commission.

And the question recurring, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

No. 529.

City of Pittsburgh,  
Office of the Mayor,

March 27, 1936.

To the President and  
Members of City Council.

Gentlemen:

I am returning Bill No. 262, without my approval, for the following reasons:

This Bill in its original form was prepared by the police magistrates and the law department, because it was felt that no extant ordinance clearly and completely covered gambling and the playing of numbers.

I understand that Council, in Committee, originally voted against the ordinance 6 to 3. Subsequently, after vigorous protests and minute examination by Council in Committee, it was referred back to Council, approved by a vote of 6 to 0.

Apparently for some unrevealed motive, when finally passed, a joker was added to the ordinance entirely removing from the police magistrates any discretion as to the penalty for violation of that part of the ordinance which refers to the playing of numbers. I know of no instance in any city ordinance where the maximum penalty or the maximum imprisonment was fixed as the only punishment without leaving this matter entirely to the discretion of the police magistrate.

If this ordinance is passed, it will set an unfortunate precedent in permitting the legislative arm of Council to utterly destroy the discretionary power of the police magistrates, in whom such power should solely rest. Under the Charter Act, the Mayor, who is also a police magistrate, and the police magistrates are charged with the enforcement of penal ordinances and not Council.

I am, therefore, returning Bill No. 262, without my signature.

Respectfully yours,

WM. N. McNAIR,

Mayor.

Which was read, received and filed.

Also

Bill No. 262. An Ordinance entitled, "An Ordinance providing for the arrest and punishment by fine of persons convicted before any Police Magistrate of the City of disorderly conduct, gambling, playing the numbers and other offenses, as authorized by Article XIX, Paragraph 43, of Charter Act of 1901."

In Council, March 16, 1936, Bill read, committee amendment agreed to, rule suspended, read a second time and amended in Section 2, as shown in red, and as amended agreed to on second reading and laid over for reprinting.

In Council, March 23, 1936, Bill read a third time and finally passed.

Which was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

Mr. McArdle arose and said:

Mr. President: When this bill was presented to Council it was clearly indicated that its main purpose was to

put the magistrates in a position where they could eradicate the "so-called numbers game" from the city, and stress was laid on the virtue of the \$100.00 fine as a means to do it.

There are four or five magistrates, and this bill gives them what they need—the authority to eradicate the evils which they complained about. This does not give them a wide range whereby one magistrate, while attempting a program of eradication, could administer a fine of \$10.00, and another magistrate administer a fine of \$100.00. The plan is to make the fine uniform.

There is no joker in the ordinance. I asked a representative of the Law Department whether it could be done, and he said yes it could. The only objection to it came from the magistrates.

It is not the law of the Medes and Persians. If it is found out after test that that provision of the law is going to prevent the successful administration of the law, it can be changed.

And the question recurring, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Magee            |
| Evans     | McArdle          |
| Gallagher | Weir             |
| Garland   | Scully, (Pres't) |

Noes:—Mr. Demmler

Ayes 8. Noes 1.

And there being two-thirds of the votes of Council in the affirmative, the bill became a law notwithstanding the objections of the Mayor.

The Chair said:

Gentlemen: Under the Act of 1873, at this meeting we elect a City Clerk and an Assistant City Clerk.

Mr. McArdle nominated

Robert Clark for the office of City Clerk.

Mr. Anderson moved

That the nominations close on the name of Robert Clark.

Which motion prevailed.

And the result of the voting was as follows:

For Robert Clark:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Garland          |
| Demmler   | Magee            |
| Evans     | McArdle          |
| Gallagher | Weir             |
|           | Scully, (Pres't) |

And Robert Clark having received nine votes, being a majority of the votes of Council, was declared duly elected City Clerk to serve for the ensuing term of three years.

Mr. Garland nominated

Edward W. Lindsay for the office of Assistant City Clerk.

Mr. Anderson moved

That the nominations close on the name of Edward W. Lindsay.

Which motion prevailed.

And the result of the voting was as follows:

For Edward W. Lindsay:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Garland          |
| Demmler   | Magee            |
| Evans     | McArdle          |
| Gallagher | Weir             |
|           | Scully, (Pres't) |

And Edward W. Lindsay having received nine votes, being a majority of the votes of Council, was declared duly elected Assistant City Clerk to serve for the ensuing term of three years.

And Mr. Clark and Mr. Lindsay thanked the members of Council for electing them City Clerk and Assistant City Clerk respectively.

Mr. Garland moved

That the Minutes of Council of Thursday, March 26th; Friday, March 27th, and Monday, March 30, 1936, be approved.

Which motion prevailed.

And on motion of Mr. Garland

Council adjourned.

Mr. Demmler also presented

No. 556.

Pittsburgh, Penna.,

April 9, 1936.

SUBJECT:—Council Bill 472  
Amending Ordinance.

President and Members of Council,  
City of Pittsburgh.

Gentlemen:—

Ordinance No. 58, approved March 26, 1936, was introduced for the sole purpose of providing sufficient funds in the allocation to the Bureau of Engineering to provide for the additional cost of cleaning the Saw Mill Run Sewer in accordance with the oral advice given Council in Finance Committee the preceding week. It was found advisable to carry out this work with funds already appropriated to the Department of Public Works by changing the allocations.

The attention of Council is directed however, to Council Bill 438, an Ordinance making an emergency appropriation of \$100,000 for the Bureau of Engineering for the reconstruction and repair of streets and sewers damaged by flood. At the present time it is known that at least \$50,000 of the requested \$100,000 will be required for the reconstruction of the Wood Street and adjacent sewers.

The department is now sinking a shaft in Wood Street to determine the extent of the damage but a cursory examination made from the inside of the sewer shows that several hundred feet between Diamond Street and the river must be reconstructed which will require the partial closing of Wood Street to traffic and may possibly require the complete closing of the street.

Council is requested to again consider Council Bill 438 which is now in the hands of the Committee on Finance in order that the department may proceed with the repairs of the

Wood Street sewer in an expeditious manner.

Yours very truly,

L. M. JOHNSTON,  
Director.

Which was read, received and filed.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Mr. Demmler moved

A suspension of Rule VIII, providing for mailing of printed copies of all ordinances and resolutions to each member of Council at least 48 hours previous to the final consideration of such papers by Council.

Which motion prevailed.

Mr. Demmler also presented

No. 557. Report of the Committee on Finance for April 11, 1936, transmitting two ordinances to Council.

Which was read, received and filed.

Also

Bill No. 465. An Ordinance entitled, "An Ordinance authorizing and directing the Mayor and the Director of the Department of Public Safety to enter into emergency contracts for the completion of Underground Cable, Fire Alarm and Police Signal Systems, Police Boxes and Repair Parts for Fire Alarm and Police Boxes in inundated sections, which were damaged during the recent flood, and providing for the payment of the cost thereof."

In Finance Committee, April 11th, 1936, Bill read and amended in Section 1 and in the title by striking out the word "emergency", and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Demmler moved

That the amendments of the Finance Committee be agreed to.

Which motion prevailed.

And the bill, as amended in Committee and agreed to by Council, was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Garland          |
| Demmler   | McArdle          |
| Gallagher | Weir             |
|           | Scully, (Pres't) |

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also, with an affirmative recommendation,

Bill No. 530. An Ordinance entitled, "An Ordinance authorizing the issuance of warrants in payment of services rendered for the Department of Public Health, Bureau of Sanitation, in the amount of \$8,404.50; Department of Public Safety, Bureau of Fire, in the amount of \$2,197.66; Bureau of Building Inspection in the amount of \$1,962.20; Bureau of Traffic Planning in the amount of \$411.01 and General Office in the amount of \$102.97."

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. McArdle arose and said:

Mr. President:—I want to ask about

Bill No. 530, the bill authorizing the payment of wages to various persons who rendered service during the flood emergency, as to whether any letter of transmittal explaining this bill accompanied the ordinance when this bill was introduced in Council?

The Chair said:

Mr. Clerk, is there any letter of transmittal?

The Clerk (Mr. Clark) said:

No., sir.

Mr. McArdle said:

Mr. President:—In the absence of that, I think it is only fair to say that this Bill No. 530, which is a so-called Wallace Act ordinance, is being passed as presented to us after conference with the departments that had incurred obligations during the flood emergency. It was prepared, so far as we understand at our suggestion after conference between the Controller's office and the heads of the respective departments, to make sure that all outstanding obligations for personal service would be presented to the Contraller's office and by him included in this bill. So that if it so happens that anyone who has rendered service up to the time that this bill was prepared and does not find his or her name included in this bill, the fault does not lie with Council. We are merely passing the legislation as it was presented to us.

Mr. Gallagher arose and said:

Mr. President:—For the information of Council, I wish to state that this bill, as I was given to understand, is not the final bill. A gentleman was in to see me and he said that his full amount of wages was not included in the bill. He went to the office of the department and was there informed that another bill would be presented later on. I merely wish to say that the department is responsible for the correctness of the bill.

Mr. Anderson said:

Is that in the Health Department?

Mr. Gallagher said:

Yes, sir.

Mr. Anderson said:

Mr. President:—When the Di-

rector of Health appeared before the Council he said he would submit a completed bill. If he has not done it, and these men are not on the bill, it is a matter entirely with the department. That information was given to Council last week.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

|           |                 |
|-----------|-----------------|
| Anderson  | Garland         |
| Demmler   | McArdle         |
| Gallagher | Weir            |
|           | Scully (Pres't) |

Ayes 7. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Mr. Gallagher (for Mr. Evans) presented

No. 558. Report of the Committee on Public Works for April 8, 1936, transmitting an ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 483. An Ordinance entitled, "An Ordinance providing for the letting of a contract for the furnishing and delivery of One (1) Auto Dump Truck for Frick Park, Department of Public Works, and providing for the payment thereof."

Which was read.

Mr. Gallagher moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

| Gallagher | Weir             |
|           | Scully, (Pres't) |

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Weir presented

No. 559. Report of the Committee on Public Service and Surveys for April 8, 1936, transmitting sundry ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 492. An Ordinance entitled, "An Ordinance establishing the grade of Antietam street, from President way to Greenwood street."

Which was read.

Mr. Weir moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

#### MOTIONS AND RESOLUTIONS.

The Chair presented

No. 562.

City of Pittsburgh,  
Office of the Mayor.

April 11, 1936.

To the President and  
Members of City Council.

Gentlemen:

I have the honor to inform you that I have appointed, subject to your approval, Richard E. Howe to the position of Director of the Department of Public

Welfare, and would ask for immediate confirmation of same.

Very truly yours,

WM. N. McNAIR,  
Mayor.

Which was read, received and filed.

Mr. Gallagher presented

No. 563. RESOLVED, That the appointment by the Mayor of Richard E. Howe to the position of Director of Public Welfare shall be and the same is hereby disapproved.

Which was read.

Mr. Gallagher moved

The adoption of the resolution.

Mr. Gallagher arose and said:

Mr. President:—With respect to this appointment, I wish to state that I have information that Mr. Howe has not been a resident of the City of Pittsburgh the required length of time provided by law. Mr. Howe has only been here 20 months. During that period he has held four positions. I have the record as taken from the books of the Civil Service Commission.

Mr. Howe was appointed Cost Clerk on Unemployment Relief Work in October, 1934 and resigned February 27, 1935. He was appointed to the position of stenographer-clerk in Traffic Court February 28, 1935, and resigned August 31, 1935. He was appointed investigator in the Department of Law September 4, 1935, and resigned December 4, 1935. On December 5, 1935, he was appointed a Clerk in the Municipal Improvements Division of the Law Department.

The person who occupies the position of Director of the Department of Public Welfare should be one experienced in social welfare work. This is one of the most important positions in the City service—dealing with unfortunate human beings. This department has under its care thousands of unfortunate people.

Council should disapprove all appointments to this position unless the appointee is qualified and experienced in this kind of work. This position requires a man with special training. Council should not consider men such as the Mayor has been submitting for the past three months.

Those are my sentiments, and I think

the other members of Council will agree with me.

Mr. Magee arose and said:

I wish to speak against the motion, Mr. President. I think that a record ought to be made of the qualifications of each of the appointees according to the manner in which he cares to state them himself. The only way we can have that done is to have the appointee before us. If the motion is pressed, I will not vote one way or the other. I prefer to follow the procedure we have already begun.

And the question recurring on the adoption of the resolution, the ayes and noes were ordered taken agreeably to law, and were:

Ayes:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Garland          |
| Demmler   | McArdle          |
| Gallagher | Weir             |
|           | Scully, (Pres't) |

(Mr. Magee not voting).

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the motion prevailed.

Mr. Garland presented

No. 564. WHEREAS, The standard time established by law throughout the Commonwealth of Pennsylvania is the mean solar time on seventy-five Meridian west of Greenwich, which standard is hereby specifically recognized as the legal and proper standard for the City of Pittsburgh, as well as for every other portion of the Commonwealth, and

WHEREAS, It has become more and more apparent that the virtually unanimous sentiment of the population of Pittsburgh is in favor of the saving of one extra hour of daylight during the summer months of each year, Therefore, be it

RESOLVED, By the Council of the City of Pittsburgh, That in order to carry into effect such unanimous desire and without infringing upon the legal standard time as fixed by statute, the people of the said City be, and they are hereby requested to so regulate their business and affairs that one hour

of daylight may be saved during said period and for that purpose that they be further requested and invited to advance their clocks, watches and time-pieces at two o'clock Ante Meridian for one hour on the last Sunday of April, and to retard or turn back said clocks, watches or time-pieces one hour at two o'clock Ante Meridian on the last Sunday of September, and be it further

RESOLVED, That in order to facilitate and conform to such change during the said period and to promote uniformity, the various departments and bureaus of the City government and other public officials within the City of Pittsburgh, be, and they are hereby requested to so arrange their business that the time of public employment may begin one hour earlier each morning and wherever it may be practical and legal so to do, that such time of employment shall cease one hour earlier than at the present time. Which was read.

Mr. Garland moved

The adoption of the resolution.

Which motion prevailed by an unanimous vote.

Mr. McArdle arose and said:

Mr. President:—I want to call attention to the fact that in one or two of the bills authorizing contracts for improvements growing out of the flood situation the use of the word "emergency" is applied in connection with the authorization. Council amended one bill by striking out that word.

I want to offer a motion, that any and all departments having jurisdiction over contracts for improvements growing out of the flood situation, be notified it is the sense of Council that this word "emergency" is not to be construed as authorizing them to let contracts other than in the ordinary fashion provided by law.

Which motion prevailed.

Mr. McArdle moved

That the Minutes of Council of Monday, April 6, 1936, be approved.

Which motion prevailed.

And on motion of Mr. Garland

Council adjourned.

In Public Welfare Committee, April 14th, 1936, Bill read and amended in Section 1 by striking out the line "1 Laundry Washer at a cost not to exceed the sum of \$9,000.00" and in the title by striking out the words "One (1) Laundry Washer and," and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Gallagher moved

That the amendments of the Public Welfare Committee be agrtd to. Which motion prevailed.

And the bill, as amended in Committee and agreed to by Council, was read.

Mr. Gallagher moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Garland          |
| Demmler   | McArdle          |
| Evans     | Weir             |
| Gallagher | Scully, (Pres't) |

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

#### MOTIONS AND RESOLUTIONS

Mr. Gallagher presenttd

No. 607. WHEREAS, Attention has been called in the public press to the fact that the facilities at the Municipal Hospital are not sufficient to provide against a contingency of any major epidemic; and

WHEREAS, from time to time the desirability of the construction of a County hospital of the same type or of a joint City-County hospital has been under discussion; and,

WHEREAS, at this time there are not sufficient City funds available for the replacing of this hospital by a new one; and,

WHEREAS, There is a possibility of the construction of a satisfactory hospital sufficient for the needs of both City and County by a joint arrangement through the co-operation of the Federal Government by a grant of funds; Therefore, be it

RESOLVED, That the Chairman of the Committee on Health and Sanitation be instructed, with a Committee of his own choosing, to take up with the Poor Board of Allegheny County, this matter, and after canvassing the situation, make recommendations to this Body in regard thereto.

Which was read.

Mr. Gallagher moved

The adoption of the resolution.

Mr. McArdle arose and said:

Mr. President: I doubt the wisdom of passing this resolution in its present form. I, of course, have full appreciation of the intent that lies back of it, but it carries an implication that so far as I see this problem, ought to be avoided until it is presented as a necessity. As I see the problem, and as it has been discussed here for many years, it is not a problem peculiar to Pittsburgh. It is a community prob-

lem. It has to do with the public handling of all sorts and kinds of contagious diseases, and so far as it has been publicly discussed it carries very far beyond the broadly accepted responsibility of the Poor Board of Allegheny County in caring for contagious or transmissible diseases.

The thing that strikes me is that it implies what was implied in a program a few years ago, to have such a building constructed, and at that time it was in the minds of those who proposed it that they should spend \$6,000,000.00. That expenditure, if made, would be divided between the taxpayers of the City of Pittsburgh and Allegheny County, and it is that implication that this resolution carries to which I refuse to commit myself.

It ought to rest only with a proposal to have the subject considered in company with those who are both informed and interested, with a view to determining whose problem it is, and when that is determined, to determine how best to meet it if the circumstances are such that they can be met now. I see very great merit in the suggestion made that we might get Federal aid.

The creation of a voluntary act of the City itself that it will assume or put itself in the position of an assumed expressed willingness to take over half of this, and then have our taxpayers take over more than half of the County cost is not equitable and fair.

That boundaries cannot be limited to the City of Pittsburgh, because these transmissible diseases do not recognize any territorial limits, and, to most people who have listened to a discussion of this subject, recognize that the narrowest limits it could be put to would be Allegheny County; and the thing that I am talking about may not be a real danger if it is dealt with the Poor Board, but the real danger as I see it is our launching the proposition with a sort of expressed willingness to commit ourselves as to what we will do.

We ought to have a discussion about it with those who are interested and informed and determine first whose problem it is and then how to meet it. I would like to ask, if there is

no objection on the part of the mover of the motion, that action be withheld on the resolution until some of the points I have raised are cleared up, before making commitment to it in its present form.

Mr. Gallagher arose and said:

Mr. President: I was prompted to present this resolution because of the various news articles appearing in the daily press condemning and criticizing Council for conditions existing at the Municipal Hospital. I made a personal inspection of the hospital, and so have several other members of Council.

While I do not agree that the fire hazard is as bad as it has been pictured, they do not have the facilities to meet a major epidemic, and that is the reason I presented this resolution.

I know the County Poor Board is sympathetic towards the question. This resolution does not obligate the City to an expenditure of money. It merely directs the Chairman of the Committee on Health and Sanitation to arrange a conference with the Allegheny County Poor Board to see if we cannot make arrangements satisfactory to the City and County for the construction of a joint contagious disease hospital.

While the present buildings, with the exception of one, are being occupied, the fact remains, under ordinary conditions, the hospital is overcrowded due to this one section being condemned for occupancy.

The purpose of my resolution is to have a conference with the Allegheny County Poor Board, to see if we cannot work out some solution of this problem. I do not want to commit the city to any definite program.

Mr. Anderson arose and said:

Mr. President:—I think the resolution should be held over. The gentleman said he made an inspection of the hospital with the members of Council.

Mr. Gallagher said:

Mr. President:—I said some other members.

Mr. Anderson said:

Mr. President: The Council should understand the position of the department. From what the newspaper says, we need a new hospital, and the gentleman says so. I think we ought

to hear from the department before we pass the resolution. I think that is the proper thing to do.

Mr. Evans arose and said:

Mr. President:—I want to remark on the motion that not long ago I made an inspection of the Municipal Hospital. One of the buildings is out of commission due to cracks in the wall, but it can be remedied. It is not at all dangerous. The building could be repaired and made fit for occupancy in my opinion. The recommendation was made at that time that measures be taken to make the building absolutely safe by putting some underpinning under the foundation, which could be done at small cost.

I have no objection to a conference on this matter. I think we have adequate capacity in the present hospital for present needs, and therefore we should consider the matter with care before committing ourselves definitely to any proposition.

The Chair said:

What is the pleasure of the mover of the motion?

Mr. Gallagher arose and said:

Mr. President:—I am agreeable to have it lay over until we have a conference with the Director of the Department of Public Health. I am trying to protect the Council from criticism when it understands the situation. I for one do not intend to sit by and be criticized for inaction when the facts are known.

Mr. McArdle arose and said:

Mr. President:—I would advise Mr. Gallagher, if he sits here long enough, that he take something to thicken his skin.

Mr. Gallagher said:

I will give punch for punch.

Mr. McArdle said:

I want to say that you don't punch back when somebody is criticizing you. You ought to have your eyes directed to the fellow who pays these bills.

The Chair said:

Will you withdraw your motion?

Mr. Gallagher said:

I will withdraw the motion, Mr. President.

The motion, with the consent of the seconder, was withdrawn.

Mr. Gallagher moved

That the resolution be referred to the Committee on Health and Sanitation.

Which motion prevailed.

Mr. McArdle moved

That the Director of the Department of Public Health be requested to ask the City Architect, through the Director of the Department of Public Safety, to prepare an estimate of the cost of repairing and putting in a condition safe for occupancy for the purpose for which it was built, the building known as Wards D and E at the Municipal Hospital, and to transmit said estimates to Council immediately on receipt of same.

The Chair said:

May the Chair ask you to include some statement as to the cause of that slip or break, so that it can be determined whether it is due to an old abandoned coal mine, or some slip in the rock, to include in his estimate the cost of such restoration?

Mr. McArdle arose and said:

Mr. President: I think possibly that would be developed in explaining the basis of his estimate. I think Mr. Evans can bear me out that there have been various reports and studies made of this, and so far as I have read in the written reports there is no evidence that there is anything involving a coal mine. I agree with Mr. Evans that the building can be put in shape at small expense, and I think it is a crime to keep it out of commission for the small amount of money that it requires. It can and should be put back in shape for occupancy as it is the best part of the hospital allocated to the patients there.

And the question recurring on the motion, as offered by Mr. McArdle.

The motion prevailed.

Mr. Evans presented

No. 608. WHEREAS, It is the sense of the Council of the City of Pittsburgh that there is urgent need for the construction of low-cost housing for the working people of our City; and,

WHEREAS, There exists in the City of

Pittsburgh an acute shortage of houses which are within the means of our working people; and,

WHEREAS, This situation has been greatly increased due to the recent flood, which inundated approximately 13,000 houses in the lower sections of the City, of which about 1,000 will never again be fit for occupancy; and,

WHEREAS, During the past year and a half more than 1,500 houses have been demolished by our Public Safety Department due to their dangerous and unsanitary condition; and,

WHEREAS, The private building interests of our City have been unable to cope with the situation in the construction of houses that may be rented at a reasonable rental, within the reach of our working people; Therefore, be it

RESOLVED, That the Council endorse the Housing Act of 1936, now under consideration in Congress and known as the Wagner-Ellenbogen Bill, which provides for the financing and construction under Government supervision of low-cost housing projects; And, be it further

RESOLVED, That the City Clerk be requested to send a copy of this resolution to Franklin D. Roosevelt, President of the United States; Secretary Harold L. Ickes; Senator Wagner of New York, and to each United States Senator and Representative in Congress from the State of Pennsylvania.

Which was read.

Mr. Evans moved

The adoption of the resolution.

Which motion prevailed.

The Chair presented

No. 609.

City of Pittsburgh,  
Office of the Mayor,

April 13, 1936.

To the President and  
Members of Council.

Gentlemen:

I have the honor to inform you that I have appointed, subject to your approval, Arthur A. McFadden, 1115 Davis street, to the position of Director of the Department of Public Welfare, and would ask for immediate confirmation of same.

Respectfully yours,

WM. N. McNAIR,

Mayor.

Which was read, and on motion of Mr. Garland, referred to the Committee on Public Welfare.

Also

No. 610.

City of Pittsburgh,  
Office of the Mayor.

April 16, 1936.

To the President and  
Members of City Council.

Gentlemen:

I have this day appointed, subject to your approval, Richard E. Howe, 5435 Second avenue, as a Police Magistrate, and would ask for an immediate confirmation of the same.

Respectfully yours,

WM. N. McNAIR,

Mayor.

Which was read, and on motion of Mr. Garland, referred to the Committee on Finance.

Also

No. 611.

City of Pittsburgh,  
Office of the Mayor.

April 17, 1936.

To the President and  
Members of City Council.

Gentlemen:

I am returning, without my signature, Bill No. 454, since the slow payments of taxes have made the condition of the City Treasury such that we should economize wherever possible. At some later date, when the finances of the City are in better condition, this matter can be taken care of.

Sincerely yours,

WM. N. McNAIR,

Mayor.

Which was read, received and filed.

Also

Bill No. 454. Resolution authorizing and directing the City Controller to transfer the sum of \$5,000.00 from Code Account No. 42, Contingent Fund, to Code Account No. 52, Tri-State Au-

thority, because of the necessity for additional funds to meet the expenses caused by the preparation and presentation of data relative to flood control legislation, the demand for which has been revived by the recent great floods in Western Pennsylvania and other districts.

In Council, April 6, 1936, Read, rule suspended, read a second and third times and finally passed.

Which was read.

And on the question, "Shall the resolution become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

|           |                 |
|-----------|-----------------|
| Anderson  | Garland         |
| Demmler   | McArdle         |
| Evans     | Weir            |
| Gallagher | Scully (Pres't) |

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution became a law notwithstanding the objections of the Mayor.

Also

No. 612.

City of Pittsburgh,  
Office of the Mayor.

April 17, 1936.

To the President and  
Members of City Council.

Gentlemen:

I am returning, without my signature, Bill No. 491, as the cost of the libraries is mounting every year and I think that more pressing things of the City should be met before we increase our library expenses.

Sincerely yours,

WM. N. McNAIR,  
Mayor.

Which was read, received and filed.

Also

Bill No. 491. An Ordinance entitled, "An Ordinance authorizing a lease for a building now used for library purposes by the Carnegie Free Library of Allegheny, situated on Brighton road near Woods Run avenue and owned by Mathilda M. Cochrane and Anna B. Dietrich."

In Council, April 13, 1936, Bill read, rule suspended, read a second and third times and finally passed.

Which was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

Mr. McArdle arose and said:

Mr. President: In view of the language used in the letter from the Mayor returning the bill, implying that this is an increase in the expenditure for library service on the North Side, I think it ought to be observed that this is merely a renewal of a lease for property which has been in existence for many years, and the failure to provide for its continuance would result in the necessity of discontinuing that branch of the library in that district. Such action would, perhaps, decrease the expenditure for library purposes for this year, but it would not increase the expenditures for it is already provided for in the budget and has been for many years.

And the question recurring, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

|           |                 |
|-----------|-----------------|
| Anderson  | Garland         |
| Demmler   | McArdle         |
| Evans     | Weir            |
| Gallagher | Scully (Pres't) |

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the bill became a law notwithstanding the objections of the Mayor.

City of Pittsburgh,  
Office of the Mayor.

April 17, 1936.

The Chair also presented  
No. 613.

To the President and  
Members of City Council.

Gentlemen:

I am returning, without my signature, Bill No. 481, as the Works Progress Administration should take up their projects with the executive branch and the various members of the Cabinet, which their matters would affect, and not

through the City Council.

Sincerely yours,

WM. N. McNAIR,  
Mayor.

Which was read, received and filed.

Also

Bill No. 481. Resolution authorizing Robert Clark, City Clerk, to act as sponsor, representing the Council of the City of Pittsburgh, of Works Progress Administration Project No. 4930, and to perform all duties in connection with the reinstatement and completion of said Project.

In Council, April 13, 1936, Read, rule suspended, read a second and third times and finally passed.

Which was read.

And on the question, "Shall the resolution become a law notwithstanding the objections of the Mayor?"

Mr. Evans arose and said:

Mr. President: This is a project for the completion of the survey of the delinquent taxes of city property. It is perhaps one of the most important pieces of work that has ever been undertaken by the Works Progress Administration. It was begun under the old administration, I believe, and known as C. W. A., and is about two-thirds completed. It consists of making Atlases, similar to the Atlases in the Assessors' Office. These maps cover the entire city on which are noted every piece of property on which there is delinquent taxes, so that it will be possible for the City Treasurer or the Controller, or the City Assessor, to locate at a moment's glance, without examining the records in the Recorder's Office and the Prothonotary's office, and determine how much taxes remain unpaid against the property. There is also indices, which enable you to look up and locate by page any piece of property. It goes back to the beginning and will enable the completion of these maps, some of which go back 25 or 30 years. There are items on the books on which there is a \$6.00 tax and the City has spent many times that amount in advertising. Therefore, in these remarks, I want to say in regard to the Mayor's statement that some other department of the city government should sponsor the project, this project has been lying before him for

six months and he has taken no action whatsoever. I should say for almost nine months he has not taken any action despite the importunities of Mr. C. C. C. Stotler. The City Planning Commission has been afraid to take it up because of the rather uncertain position in which they might find themselves in connection with their jobs. I think this important project should be sponsored by City Council.

Mr. Garland arose and said:

Mr. President: We are doing an administrative function. I voted for it originally, but I will not vote to override the Mayor's veto. We have no right to take on administrative duties.

Mr. Anderson arose and said:

Mr. President: I feel it is a good thing, and if the Mayor does not act we should act. If we are wrong, he should take us into court.

Mr. Garland said:

Mr. President: I want to say again that I would like to vote for the resolution. I voted for it in the first place hoping it would escape the Mayor's objection. I know you, as a lawyer, will say it is not our duty to do this. It is trying to beat the Devil around the stump.

Mr. McArdle arose and said:

I hope the stump gets out of the way.

And the question recurring, "Shall the resolution become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

|          |                 |
|----------|-----------------|
| Anderson | Gallagher       |
| Demmler  | McArdle         |
| Evans    | Weir            |
|          | Scully (Pres't) |

Noes:—Mr. Garland.

Ayes 7. Noes 1.

And there being two-thirds of the votes of Council in the affirmative, the resolution become a law notwithstanding the objections of the Mayor.

The Chair also presented

No. 614.

City of Pittsburgh,  
Office of the Mayor.

April 17, 1936.

To the President and  
Members of City Council.

Gentlemen:

I am returning, without my signature, Bill No. 441, as I do not think this is a good time to buy any property for playgrounds, this total expenditure being about \$11,000.00. We should delay purchasing playgrounds until the finances of the City are in better condition.

Sincerely yours,

WM. N. McNAIR,  
Mayor.

Which was read, received and filed.

Also

Bill No. 441. An Ordinance entitled, "An Ordinance authorizing and directing the Mayor and the Director of the Department of Public Works to purchase from T. W. Long and Lulu L. Long, his wife, and August F. Abel and Flora V. Abel, his wife, certain property situate in the 19th and 20th Wards, Pittsburgh, for public purposes, and providing for the payment of the same."

In Council, April 6, 1936, Bill read, rule suspended, read a second and third times and finally passed.

Which was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

Mr. Garland arose and said:

Mr. President: Does it show that taxes come out of this \$11,000.00? In other words, it is not to the extent of \$11,000.00.

Mr. McArdle said:

There are nearly \$2,000.00 in back taxes involved in the transaction. I just want to refer to what I said in committee. This bill came to Council after the Council passed a condemnation

ordinance nearly a year ago. This was done for reasons which he may know, but I don't know, or the responsible public officers may know, but I don't know. The responsible public officers took no steps to prosecute the ordinance, and took this course as the way to do it. We passed it and now it is vetoed.

Mr. Demmler arose and said:

Mr. President: I wish to state while I opposed the original purchase, and since the motion had been carried and also this bill had been carried, I will vote to override the Mayor's veto even though I did oppose the original purchase.

And the question recurring, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Garland          |
| Demmler   | McArdle          |
| Evans     | Weir             |
| Gallagher | Scully, (Pres't) |

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the bill became a law notwithstanding the objections of the Mayor.

Mr. Garland moved

That the Minutes of Council of Saturday, April 11th, and Monday, April 13, 1936, be approved.

Which motion prevailed.

The Chair announced that the Committee on Finance would meet immediately upon adjournment of Council.

And on motion of Mr. Gallagher

Council adjourned.

Bill No. 582. Whereas, Mr. John D. Rockefeller, Jr., has offered to the City of Pittsburgh a magnificent collection, consisting of 15 large specimen orange trees, bay trees and pittosporum from his private collection at Pocantico Hills, Tarrytown, New York; and

Whereas, The Phipps Conservatory has no specimens of this type in its present collection; and

Whereas, These trees are the very finest of their type and would add greatly to the permanent year around interest and enjoyment of visitors to the Phipps Conservatories; and

Whereas, This will be the only opportunity of ever obtaining such trees, which would not be available except through this gift; and

Whereas, It is necessary to move these trees from Tarrytown, New York, to Pittsburgh during the month of May; Now, therefore, be it

Resolved, That the City of Pittsburgh accepts this gift of 15 specimen orange trees, bay trees and pittosporum from Mr. John D. Rockefeller, Jr.; And, be it further

Resolved, That the Mayor be authorized and directed to notify Mr. Rockefeller of this acceptance with an appro-

priate expression of appreciation; and be it further

Resolved, That the Controller and the Department of Public Works be and they are hereby authorized and directed to pay the shipping cost of \$1,275.00 for transporting these 15 specimen trees from Tarrytown, New York, to Pittsburgh, and charge same to Code Account No. 1799, Miscellaneous Services, Bureau of Parks.

In Public Works Committee, April 21, 1936, Read and amended by striking out the second "Resolved" clause and by inserting in lieu thereof, the following: "Resolved, That the Mayor be and he is hereby authorized and directed to issue, and the City Controller to countersign, a warrant in the sum of \$1,275.00 in payment for transporting these 15 specimen trees from Tarrytown, New York, to Pittsburgh, and charge the same to Code Account No. 1799, Miscellaneous Services, Bureau of Parks", and as amended ordered returned to Council with an affirmative recommendation.

Mr. Weir also presented  
No. 663.

April 24, 1936.

Subject: Bill No. 590.—An Ordinance  
Authorizing an Agreement with the  
Pittsburgh Rys. Co. for Temporary  
Abandonment of Northbound Tracks  
on a Portion of Wood Street.

To the Honorable, the Committee  
On Public Service and Surveys  
of Council.

Gentlemen:

In reference to Bill No. 590, being an  
Ordinance authorizing an agreement  
with the Pittsburgh Railways Company  
for the temporary abandonment of the  
northbound street railway track on  
Wood street, from a point near the  
north property line of Diamond street  
to a point near the south property  
line of Third avenue, we wish to re-  
port as follows:

General Ordinance No. 347, Series of  
1929, approved May 16, 1929, which  
ordinance is cited in the above men-  
tioned Bill No. 590, provides that Coun-  
cil pass a particular enabling ordinance  
in each instance where the City desires  
to enter into an agreement for the  
temporary abandonment of tracks be-  
longing to the Pittsburgh Railways  
Company. The original ordinance of  
1929 specifically states the form of the  
contract to be entered into and the  
conditions of the same, and, of course,  
the City will have to look to the said  
contract for its protection in the matter.

All contracts with street railways  
companies are made by authority of  
the Act of the General Assembly, ap-  
proved the 3rd day of May, 1905, P. L.  
379, which Act specifically puts a fifty-  
year limitation upon such contracts or  
agreements. For this reason, it is cus-  
tomary to include the phrase "for the  
term of forty-nine years" in ordinances  
such as the one proposed, although the  
ordinance is only for "temporary aban-  
donment." This brings the ordinance  
definitely within the fifty-year limita-  
tion placed upon agreements authorized  
by the above mentioned Act of Assem-  
bly.

It is our opinion that the proposed  
ordinance, in its present form, is legal  
and sufficient to enable the City to  
make the contemplated agreement for

the specified temporary abandonment  
of tracks.

Very truly yours,

WILLIAM B. SECRIST,  
City Solicitor.

Which was read, received and filed.

And the bill as read a second time  
was agreed to.

And the bill was read a third time  
and agreed to.

And the title of the bill was read  
and agreed to.

And on the question, "Shall the bill  
pass finally?"

The ayes and noes were taken agree-  
ably to law, and were:

Ayes:—Messrs.

|           |                 |
|-----------|-----------------|
| Anderson  | Garland         |
| Demmler   | Magee           |
| Evans     | McArdle         |

Which was read, received and filed.

Also

No. 665. RESOLVED, That the appointment by the Mayor of Arthur A. McFadden as the Director of the Department of Public Welfare be and the same is hereby approved and confirmed.

Which was read.

Mr. Gallagher moved

The adoption of the resolution.

Mr. Magee arose and said:

Mr. President: I am opposed to the confirmation of Mr. McFadden because he did not meet the issue presented to the other appointees, namely, a declaration to support the ordinances as passed by the proper authorities.

And the question recurring on the adoption of the resolution.

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

|           |                  |
|-----------|------------------|
| Demmler   | Garland          |
| Evans     | McArdle          |
| Gallagher | Weir             |
|           | Scully, (Pres't) |

Noes:—Mr. Magee.

(Mr. Anderson not voting).

Ayes 7. Noes 1.

And a majority of the votes of Council being in the affirmative, the motion prevailed.

Mr. Demmler presented

No. 610. Communication from the Mayor appointing Richard E. Howe as Police Magistrate.

In Finance Committee, April 21, 1936, Read and ordered returned to Council for action.

Which was read, received and filed.

Also

No. 666. RESOLVED, That the appointment by the Mayor of Richard E. Howe as Police Magistrate be and the same is hereby approved and confirmed.

Which was read.

Mr. Demmler moved

The adoption of the resolution.

Upon which motion, the ayes and noes were taken agreeably to law, and were:

Noes:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Garland          |
| Demmler   | Magee            |
| Evans     | McArdle          |
| Gallagher | Weir             |
|           | Scully, (Pres't) |

Ayes none. Noes 9.

And a majority of the votes of Council being in the negative, the motion was rejected.

#### MOTIONS AND RESOLUTIONS.

Mr. Demmler, at this time, obtained leave and presented

No. 667. An Ordinance authorizing and directing the City Controller to petition the Court to issue an Order to the Receiver of the Pennsylvania Trust Company and the Colonial Trust Company to release, assign and transfer to the City Controller, for the use of the City, certain securities held by said Trust Companies.

Which was read and referred to the Committee on Finance.

Mr. Evans moved

That the Minutes of Council of Monday, April 20, and Thursday, April 23, 1936, be approved.

Which motion prevailed.

Mr. Garland presented

No. 668. WHEREAS, Yesterday's

(Sunday) newspaper had a headline in heavy type across the top of a page reading as follows:

"McNair protests but signs Don't ordinance for Parks and Playgrounds", and the Mayor is quoted as saying:

"I've always been opposed to too many laws and Council does nothing but make them. By the time I'm out of office you won't be able to move around. I may as well sign. The people won't obey them, anyways", and

WHEREAS, The Park Rules referred to were initiated by the Bureau of Parks, Department of Public Works, and submitted to Council by the Director of the Department, and Council in its action was simply co-operating in carrying out the desires of the administration; Therefore, be it

RESOLVED, That the Mayor be informed that this legislation did not originate in Council, but, as stated, the ordinance was introduced in Council by his administration.

Which was read.

Mr. Garland moved

The adoption of the resolution.

Mr. Garland said:

Mr. President: I hope this resolution gets the same publicity that the Mayor's statement got.

Mr. McArdle arose and said:

Mr. President: It might be helpful to that end to observe, along with this resolution, in the spirit at least, the request for and authority to expend \$18,000.00 for the balance of the year, as I recall, in the employment of 20 people to carry out the regulations and rules of the parks and playgrounds, had also originated with the administrative forces in charge of parks.

And the question recurring on the adoption of the resolution.

The motion prevailed.

And on motion of Mr. Gallagher

Council adjourned.

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Garland          |
| Demmler   | McArdle          |
| Evans     | Weir             |
| Gallagher | Scully, (Pres't) |

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

#### MOTIONS AND RESOLUTIONS.

Mr. Gallagher presented

No. 779. RESOLVED, That the attention of the Director of the Department of Public Welfare is hereby called to the provisions of Ordinance No. 352, approved December 20, 1934, entitled, "An Ordinance authorizing and directing the letting of a contract or contracts for improving, altering and constructing, furnishing and equipping of buildings and other structures and appurtenances at the Mayview City Home and Hospital, including architectural and engineering expenses, and specifically appropriating proceeds from the sale of Mayview City Home and

Hospital Improvement Bonds, 1934, Series "A", and Mayview City Home and Hospital Improvement Bonds, 1934, Series "B" for the payment of the costs thereof;" and that his attention be further directed to the fact that plans and specifications have heretofore been prepared for the major uncompleted part of the program of work contemplated by said ordinance but for which contracts have not been let; and that he be directed to carry out his responsibilities under the provisions of this ordinance and to bring the subject-matter to the attention of the Mayor, and that they jointly be called upon to carry out the program of work for which plans have been prepared and are contemplated by the provisions of said ordinance, without further delay. Which was read.

Mr. Gallagher moved

The adoption of the resolution. Which motion prevailed.

The Chair presented

No. 780.

City of Pittsburgh,  
Office of the Mayor.

To City Council:

I am returning Bill No. 646 without my signature as this is for W. P. A., and the City is without authority to contribute thereto.

WM. N. McNAIR,

Mayor.

May 13, 1936.

Which was read, received and filed.

Also

Bill No. 646. An Ordinance entitled, "An Ordinance appropriating the sum of Eight Thousand Five Hundred and Thirty-six (\$8,536.00) Dollars, from the proceeds of the sale of B. F. No. 127, Public Improvement Notes, 1936, for the payment of the City's share of the cost of construction of the Sophia Evert No. 1 Playground to be carried out and completed in conjunction with the Federal Works Progress Administration."

In Council, May 4, 1936, Bill read, rule suspended, read a second time, amended, read a third time and finally passed.

Which was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Garland          |
| Demmler   | McArdle          |
| Evans     | Weir             |
| Gallagher | Scully, (Pres't) |

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the bill became a law notwithstanding the objections of the Mayor.

Mr. Gallagher called up

Bill No. 30. Resolution accepting the offer of the Executors and Trustees under the will of Frederick C. Renziehausen, deceased, of all that property in the 27th Ward at the northeast corner of Sorrell street and Marshall avenue, to be known as "Sophia Evert Playgrounds, No. 3."

In Council, May 4, 1936, Called up, read a second time and amended as shown in red, and as amended agreed to, rule suspended, read a third time and failed to pass finally for lack of a majority vote.

Which was read.

Mr. Anderson arose and said:

Mr. President: When this bill was up for consideration a week or two ago, I was of the opinion that action on it should be delayed for the present, and for that reason I voted against it.

I am in a different position today with respect to the use to which this property should be put. It has been reported that the Government proposes to purchase this property on which to erect low-cost houses. Before I vote on the resolution I shall ascertain whether the adjoining property owners desire a playground or the low-cost houses.

For that reason I tried to get in touch with some of the people opposed to the playground, and through no fault of theirs I have been unable to do so, particularly because of illness which confined me to my home for a few days.

I would therefore request Council to defer action on this resolution for a week in order to give me an opportu-

nity to get in touch with these people. In my opinion I believe it would be better to have a playground established on this property than cheap houses.

Mr. Galalgher arose and said

Mr. President: I am agreeable to having the resolution laid over for a week, and will withdraw my request to have it placed on final reading and passage.

Mr. Gallagher moved

That the bill be laid over.

Which motion prevailed.

Mr. Evans arose and said:

Mr. President: I want to call the attention of Council at this time to the Tax Abatement Bill which is pending in the State Legislature. There is a provision in this Tax Abatement Bill that all tax sales shall be suspended until 1937. I believe Council is very much interested in this Bill, and I am merely calling it to your attention at this time so that proper action may be taken by Council.

The Chair said:

Have you any suggestions with respect to this legislation?

Mr. Evans said:

I would suggest, Mr. President, that Council consider this bill in the near future and take whatever action we deem necessary under the circumstances. If this Bill is passed by the Legislature it will stop all tax sales for the year.

The Chair said:

We will leave the matter in your hands, Mr. Evans, to prepare and present to Council the necessary resolution bearing on the subject.

Mr. McArdle moved

That a special meeting of Council be called for Thursday next at 12:30 P. M. (Eastern standard time).

Which motion prevailed.

And on motion of Mr. McArdle

Council adjourned.

Gentlemen, As per request of the Committee on Public Works at a meeting held Wednesday, May 20th, the City Clerk communicated with the Board of Commissioners of Allegheny County with reference to a conference on the matter of the widening and improvement of Frankstown avenue from Wilkinsburg avenue to the City Line. The Chairman of the Board of County Commissioners stated that they would meet in conference with the Council on Monday, May 25th, at 2:30 o'clock, P. M.

#### PRESENTATIONS.

Mr. Demmler presented

No. 781. An Ordinance authorizing and directing the City Controller to cancel the unencumbered balances remaining in Flood Relief Emergency appropriations.

Also

No. 782. Resolution authorizing and directing the City Controller to transfer the sum of \$15,000.00 from Contract No. 5917, Street Lighting, Code Account No. 1793, to Code Account No. 1013, Pittsburgh Commission for Industrial Expansion, to provide funds for the use and benefit of the Pittsburgh Commission for Industrial Expansion.

Also

No. 783. Resolution authorizing the issuing of a warrant in favor of Rachel Rubinstein, 1418 Fifth avenue, Pittsburgh, Pa., in the sum of \$500.00 in full settlement of her claim against the City for property damage sustained February 29, 1936, at 1433 Fifth avenue, and charging same to Code Account No. 42, Contingent Fund.

Also

No. 784. Communication from

the City Treasurer submitting statement of collection of delinquent taxes for the period May 1st to 15th; also statement of amount collected from Street and Sewer assessments.

Also

No. 785. Communication from Dr. Phillip B. Benz requesting that refreshment concession in Phillips Park be given to A. W. Lohler.

Which were severally read and referred to the Committee on Finance.

Mr. Evans presented

No. 786. Petition for the temporary improvement of Lyric way between Freedom street and Hobson street, 19th Ward.

Also

No. 787. Petition for temporary improvement of Hobson street, from Chelton avenue to Merrick avenue, 19th Ward.

Also

No. 788. Petition for temporary improvement of Birch way, between Freedom street and Hobson street, 19th Ward.

Which were severally read and referred to the Committee on Public Works.

Also

No. 789. Communication from the Department of Public Works recommending the collection of ashes on the same basis as rubbish and garbage is collected.

Which was read and referred to the Committee on Finance.

Mr. Garland presented

No. 790. Resolution authorizing the issuing of a warrant in favor of James N. Long, formerly employed by the Civil Service Commission as Chief Clerk, in the sum of \$105.24, being compensation for the customary vacation which was not received by Mr. Long, and charging same to Code Account No. 1099, Salaries, Regular Employees, Civil Service Commission.

Also

No. 791. Resolution directing the Department of Assessors to exonerate City taxes for the period from May

1st to December 31, 1936, amounting to \$992.88, assessed against Schuylkill Improvement Land Company for certain piece of land situated on Second avenue between Hazelwood avenue and Longworth street in the 15th Ward of the City of Pittsburgh, as consideration for the use of said property as a community playground.

Which were read and referred to the Committee on Finance.

The Chair presented

No. 792. Communication from Fred J. Gigler, Secretary, Township of Reserve, notifying the City that it will oppose the purchase of property in Reserve Township for incineration purposes.

Which was read and referred to the Committee on Finance.

Also

No. 793.

City of Pittsburgh,

Office of the Mayor.

May 18, 1936.

To the President and

Members of City Council.

Gentlemen:

I have this day made the following recess appointment to the position of Member of the City Planning Commission:

George Holmstrom, 715 Warrington avenue, to take the place of Henry C. Brockman, removed.

Sincerely yours,

WM. N. McNAIR,

Mayor.

Which was read, and on motion of Mr. McArdle, referred to the Committee on Finance.

Also

No. 794.

City of Pittsburgh,

Office of the Mayor.

May 20, 1936.

To the President and

Members of City Council.

Gentlemen:

I am returning herewith, without my signature, Bill No. 680 for the reason

that the Ordinance authorizing the same says nothing about Federal Works Progress Administration and therefore cannot be used for this purpose.

Respectfully yours,

WM. N. McNAIR,

Mayor.

Which was read, received and filed.

Also

Bill No. 680. An Ordinance entitled, "An Ordinance appropriating the sum of \$328,300.00 from the proceeds derived from the sale of Public Improvement Notes 1936, B. F. 127, authorized by Ordinance No. 60, which became a law March 23, 1936, for the payment of the City's share of the cost of public improvements to be carried out and completed in conjunction with the Federal Works Progress Administration."

In Council, May 11, 1936, Bill read, rule suspended, read a second and third times and finally passed.

Which was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Garland          |
| Demmler   | McArdle          |
| Evans     | Weir             |
| Gallagher | Scully, (Pres't) |

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the bill became a law, notwithstanding the objections of the Mayor.

Mr. Demmler moved

That the City Clerk be directed to forward to the Public Service Commission a copy of Resolution No. 297, approved December 26, 1935, and request permission of the Public Service Commission for the sub-committee, composed of Councilmen Demmler and Magee, to participate with the sitting Commissioner in the hearing of the complaint brought by the City Law Department against the Pittsburgh Motor Coach Company and to suggest that the councilmanic sub-committee and the sitting Commissioner advise

and cooperate with each other in directing the investigation of such rates to the end that the co-ordinating power of determining fair, just and reasonable rates may be exercised by the Commission and the City on the one record.

Which motion prevailed.

Mr. Demmler arose and said:

I would like to have the following made a part of the record:

In the Pittsburgh Press for May 15, 1936, there appears a news item which contained the following two paragraphs:

"The city's cash balance on the Council financial statement was put at \$7,330,776.00. Receipts this year, together with last year's surplus, was placed at \$13,703,744.00. From this \$8,624,619.00 has been paid and bills for \$1,293,842.00 are outstanding.

"Tax collections for the next seven months, at the same rate as last year, would be \$10,143,450.00. Added to money already received, this makes a total 1936 income for the city of \$17,474,227.00. Appropriations for the year are \$18,125,395.00"

In analyzing these paragraphs, a person will find that they contain several errors. The statement "Receipts this year with last year's surplus" should read: Receipts this year together with the treasurer's cash balance as of January 1, 1936, is \$13,703,744.00. The statement "From this \$8,624,619.00 has been paid out and bills for \$1,293,842.00 are outstanding" is not correct. There has been paid out on warrants this year \$5,079,125.48, and outstanding warrants to April 30, 1936 amount to \$1,293,842.78, or a total of \$6,372,968.26. The statement that the total 1936 income for the City will be \$17,474,227.00 is not correct, as the receipts from January 1, 1936, to April 30, 1936, amounted to \$12,215,180.91, and the estimated receipts for the balance of the year based on the 1935 receipts, would be \$10,143,450.82, a total income for 1936 of \$22,358,631.73.

The statement "Appropriations for the year are \$18,125,395.00" should read: Unexpended appropriations, and not "appropriations for the year."

I do not know if there are many

persons who might use the figures published in the newspaper as correct. My only intention is to call the attention of Council to the errors in this news item.

WALTER R. DEMMLER.  
5-21-1936.

Mr. Gallagher called up

Bill No. 30. Resolution accepting the offer of the Executors and Trustees of the Frederick C. Renziehausen Estate to dedicate a certain lot or piece of ground situate in the 27th Ward, at the northeast corner of Sorrell avenue and Marshall avenue, as the Sophia Evert Playground No. 3.

In Council, May 4, 1936, called up and read a second time, and amended as shown in red, and as amended, agreed to, rule suspended, read a third time, and failed to pass finally for the lack of a majority vote.

In Council, May 15, 1936, called up and laid over.

Which was read.

Mr. Gallagher moved

To reconsider the vote by which the resolution passed second and third readings.

Which motion prevailed.

And the question recurring, "Shall the resolution be passed on second and third readings?"

The motion did not prevail.

Mr. Gallagher moved

To amend the resolution by striking out the words in the first preamble, "June 1st", and by inserting in lieu thereof, "July 1st".

Which motion prevailed.

And the resolution, as amended, was agreed to on second reading, and laid over for re-printing.

Mr. Gallagher moved

That the Minutes of Council of Monday, May 11, 1936, be approved.

Which motion prevailed.

And on motion of Mr. Weir  
Council adjourned.

#### UNFINISHED BUSINESS.

Bill No. 30. Resolution accepting the offer of the Executors and Trustees of the Estate of Frederick C. Renzlehausen, deceased, to convey by deed of gift to the City of Pittsburgh all that certain lot or piece of ground situate in the 27th Ward, at the northeast corner of Sorrell avenue and Marshall avenue, to be known as "Sophia Evert Playgrounds No. 3", and providing that improvements thereon shall begin not later than July 1, 1936.

In Council, May 21, 1936, Called up, vote reconsidered by which it was read a second and third times, amended by striking out "June 1st" and by inserting in lieu thereof "July 1st", and as amended agreed to on second reading and laid over for reprinting.

Which was read a third time.

Mr. Anderson arose and said:

Mr. President: I voted in opposition to this bill on a former occasion. Since that time I learned that there was a move on to have the Government purchase this property and start a housing program. I think the people in the neighborhood would be better off with a playground than low-cost houses. I wish to make that part of the record as I intend voting for the resolution today.

And the resolution having been read a third time, upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Magee            |
| Gallagher | McArdle          |
|           | Scully, (Pres't) |

Noes:—Messrs.

|         |         |
|---------|---------|
| Demmler | Garland |
|         | Weir    |

(Mr. Evans not voting)

Ayes 5. Noes 3.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

#### MOTIONS AND RESOLUTIONS.

Mr. Evans presented

No. 849. WHEREAS, It has been represented in the public press by the Director of Public Works that he proposes to withdraw from the supervision of W. P. A. projects in which the City and the W. P. A. are presently engaged, all city employees engaged in the supervision thereof; and

WHEREAS, Said proposed withdrawal is promised by the Director of Public Works upon the unwarranted and false assumption that no funds are available or have been appropriated by Council for the payment of their salaries; and

WHEREAS, Contrary to such assumption, the Council of the City of Pittsburgh has heretofore appropriated adequate funds for the supervision of W. P. A. work, the same being derived from the proceeds of the sale of notes now in the hands of the City Treasurer; and

WHEREAS, The Director of Public Works has announced his intention of preventing, to the best of his ability, the continuance of the expenditure of Federal funds under W. P. A. authority in the City of Pittsburgh; and

WHEREAS, The Director of Public Works has refused to meet with individual representatives of Council organized informally into a committee for a discussion of the best methods of arriving at adequate and proper supervision of W. P. A. projects in which the City and W. P. A. might be engaged; and

WHEREAS, It is obvious to Council that the present attitude of the Director of Public Works is taken not in the best of good faith, but in an effort to embarrass the progress of the W. P. A. projects in the City of Pittsburgh for reasons known only to himself and his chief, the Mayor of the City of Pittsburgh. Now, therefore, be it

RESOLVED, That the Clerk of the Council be instructed to advise the Director of Public Works, in answer to his letter of May 14th, that the money which, in such letter he states would be required, has already been lawfully appropriated and made available to him and that the entire responsibility and legal liability for the failure to uniformly and steadily continue public work now employing about 8,000 men, will rest upon him and that Council in the premises, will consider no further appropriation.

Which was read.

Mr. Evans moved

The adoption of the resolution.

Mr. Magee arose and said:

Mr. President: I agree with all the recitals that are contained in the resolution, but I do not agree with the conclusion as being the practical means of dealing with a situation that is created by what I will call obstinacy on the part of administrative officers of the city government.

The effect of the passage of this resolution will be either that the WPA will abandon, in uncompleted form, the projects on which they are employed, or else continue them without city supervision; in which event they may be prevented by the police, who are under the same arm of the city govern-

ment, or finally they might be unmolested and go along without any supervision whatever from the city.

Now, this last alternative is the one that I suppose will happen, and I don't think we can afford to allow an outside agency or force to perform city functions without some kind of check, supervision, and control by responsible city officers.

It would be the same thing as allowing a utility company to tear up a street to lay a main or conduit, or allowing a land owner to erect a building, without first having taken out a permit and without constant supervision over the construction of the building.

Other examples could be mentioned of numerous administrative powers of inspection and control that the city must necessarily exercise over persons engaged in many kinds of undertakings in the city that might entail possible loss or harm upon the city itself or its people.

Because the administrative officers are, as I said before, obstinate, is no reason why we should not be practical. The suggestion made here that the Director of the Department of Public Works take the proceeds of the \$500,000.00 note, or leave it, may put upon him the moral responsibility of the failure of the WPA, but it does not provide for the continuance of the work. We have other sources from which to make appropriations that are beyond attack in the courts and that would not entail six or more months' delay in litigation, such as the appropriation from the \$500,000.00 note surely will.

By sticking to this one form of procedure, to the \$500,000.00 note, it will seem to some at least that we are behaving arbitrarily instead of reasonably. Conference with the director may be vain, but I favor making further effort towards adjustment rather than invite harmful consequences upon the city through continuous disagreement as to policy between the legislative and administrative departments.

Mr. McArdle arose and said:

Mr. President: I am afraid that Mr. Magee's conclusion does not reach the bottom of this matter. If you pass this resolution or if you don't, it does

not affect the status of the matter as it now stands, if I understand the circumstances correctly.

The situation that has been presented, is one in which the Department of Public Works has declared its intention to discontinue furnishing supervisory forces to look after the work that the WPA has in motion, and their reason for doing that is their absence of funds with which to pay for this supervisory service.

The Council's contention is not only indicated by this resolution, but by its action in passing a bill last week to provide the money, and the money is available. Now, whether the Council erred in its conclusion is something else; nevertheless, that is the information on which we based our conclusion. If we are not right in that then, of course, an impasse has been reached, and the Director of the Department of Public Works closes down this work; and if we take Mr. Magee's alternative of furnishing money, because there is much more involved than the program of furnishing money for supervisory forces, we must wait for such time as it will require Council to float other loans. That means, of course, that we will assume another thirty days probably in floating another loan, to which the same objections might be raised; and yet, in my judgment, might be raised because fundamentally it seems to be the position of the Department of Public Works and, insofar as we know, the head of the city administrative government. It is not so much the source of the money as a determination not to cooperate with the policy that Council has declared with respect to dealing with the Works Progress Administration in carrying on these improvements. I am in favor of going along with this program until we have met the situation that Mr. Magee fears.

If in the meantime it is the judgment of Council that this should be done either for this or any other purpose, it might, with such celerity as it can, proceed with the new financing either for this or any other new projects that it wants to give consideration to; and I think for a correct understanding of our position no harm can be done by the Council expressing itself in the language of this resolution, and it then becomes a situation in

which the department either agrees with our view or disagrees, or some other municipal officer disagrees, and presents to us the facts upon which to base the conclusion that the Council has not really financed these projects. If we have been ill-advised as to the adequacy of our legislation, then, of course, we can conform to the newer information, but so far I don't think Council has been so advised, and I take it that this is the best method of continuing this work, and if it is not continued, insofar as we are now informed, it will not be because the Council has not financed it, but because of a determination of the Department of Public Works to refuse to avail itself of the financing which we have provided, whether that be upon the basis of advice that such financing is not legally at their disposal, or merely be in accord with the whim or judgment of the department that it does not want to accept money raised by this particular method, and the Director wants to declare the fiscal policy of the city in addition to performing the administrative functions of his department.

Mr. Anderson arose and said:

Mr. President: I think the resolution should pass. I think the Council has a right to answer public statements made by the officials of the city of Pittsburgh. The Director states, or at least he is quoted in the newspaper as stating, that it is entirely up to the Council whether these men continue their employment or not. The Council is notifying the Director through this resolution that they are proceeding in a lawful, orderly manner, to do what they think best, and what the Government and what everybody who is reasonable thinks is the right thing to do. I do not think that we should vote against a resolution of this kind when we are denying what the Director has said publicly in the newspaper, telling the public that he has placed the proposition in the lap of the Council, and saying the Council will be responsible if 8,000 men are thrown out of employment. I say that the Director or anybody who says that is wrong.

I have done everything, and tried to agree at times with some of the things that the Director proposed. When it

was proposed here to raise \$6,000,000.00 and the Government turn over \$24,000,000.00, and it was said there was waste of money, I agreed with the Director and the Mayor that the \$6,000,000.00 should be used on contract work; but I was as much interested then as I am now, to have the people who are unemployed, employed. That is what we have done. The Government has been very liberal in sending funds here when the City has not provided funds for materials and equipment. The Government has supplied practically all the money up to the present time, especially on those projects on which persons are employed on dirt streets. Surely work of that character should not be done by contract. The city in former years did that kind of work. The city did all kinds of repair work on the streets. We have our own asphalt plant and employed the men to do that character of work. Most of the money provided by the Government would be spent on projects of that nature. That persons living in the city should be given an opportunity to earn a livelihood is all that I am interested in, and this is one of the methods by which they can be given employment. All the City is asked to do is to provide the supervisory force, and I am willing to do that. I indicated my intention of providing such service when I voted for the ordinance which was before Council last Thursday, and that ordinance was prepared by the Public Works Department.

The ordinance referred to provided an appropriation of \$24,000.00 for work that the Director is complaining about. I am willing to spend four or five times that amount to keep these men at work. I think the City should exercise supervision over the work, and every man in this Council voted to pass the ordinance setting aside \$24,000.00 for the employment of these men who do the supervisory work.

I think the Council will make a mistake if it doesn't pass this resolution. I am not willing now, nor have I ever been willing, to take responsibility for keeping men out of employment. Before and since I have been a member of Council I represented the workingman, not only locally but internationally. I am a member of organized labor and have been a delegate to the

American Federation of Labor. I am as much concerned about employment of our citizens as anybody. I am not going to allow Director Johnston, or the Mayor, or anybody else say that I am responsible for unemployment.

Mr. Evans arose and said:

Mr. President: I wish to say a word in behalf of the resolution. It seems to me that there is more involved in this action than the mere appropriation of \$11,000.00 for the Works Progress Administration. It seems to me, if we are to come to an issue, we must decide whether we are going to proceed with these projects or let the Mayor of the City of Pittsburgh, who is politically opposed to this work, and who has stated politically that he is opposed to the present Federal Administration, and that his objection to the spending of government money in Pittsburgh is because it is put on political grounds, have his way. The Mayor has repeatedly stated in public that his administration is opposed to this method of doing the work. I feel that we must come to a showdown on this question and decide whether or not the City of Pittsburgh shall be the only city, not only in Pennsylvania, but in the country not to take advantage of spending government money on public improvements. I would deplore the necessity of seeing 8,000 men thrown out of work. I hope that a way can be found to put these men back to work promptly.

Mr. Gallagher arose and said:

Mr. President: I arise to say that I coincide with the remarks made by the previous speakers and shall vote for the resolution.

And the question recurring on the adoption of the resolution.

The motion prevailed.

Mr. Gallagher presented

No. 850. WHEREAS, The House of Representatives of the Commonwealth of Pennsylvania has seen fit to adopt Resolution No. 5 calling upon the Public Service Commission of the Commonwealth of Pennsylvania to make an inquiry into the feasibility of the issuance of a weekly pass for school children by street railways companies of Allegheny County; and

WHEREAS, This same resolution is about to come before the Senate of the Commonwealth of Pennsylvania for an expression from that body; Therefore, be it

RESOLVED, That the Council of the City of Pittsburgh endorses this proposal and approves the idea that such transportation be provided if possible under the terms of the resolution; and be it further

RESOLVED, That a copy of the expression of the Council of the City of the City of Pittsburgh be forwarded to the presiding officer of the Senate and to the members of that body representing the County of Allegheny.

Which was read.

Mr. Gallagher moved

The adoption of the resolution.

Mr. Gallagher said:

Mr. President: In explanation of the resolution, I wish to say that the House of Representatives of the State Legislature recently adopted House Resolution No. 5, and it is now before the State Senate for action. It provides for an investigation into the feasibility of a weekly street car pass for school children at a nominal sum, presumably 25 cents. I think an expression from this body will go a long way towards having the State Senate adopt a resolution similar to House Resolution No. 5. I cannot see why the Pittsburgh Railways Company, which operates the street railways system in Allegheny County, should obstruct an investigation by the Public Service Commission to determine the feasibility and cost of providing a weekly pass to school children. Other large cities in the United States provide such service for its school children.

Mr. Magee arose and said:

Mr. President: I would be in favor of the resolution if it left it to the Public Service Commission to find the facts, but it is a vain effort to tell the Commission what rate shall be established. The fact that the Council cannot determine rates was impressed upon this body last year by Judge Gray of the Court of Common Pleas. A rate depends on what it costs to produce the service, and if the resolution should fix the maximum amount to be charged for this service, it seems

to me it would defeat the very purpose intended by the sponsor of the resolution.

Mr. Gallagher said:

Mr. President: My purpose in introducing the resolution is to have an expression from this body that it approves House Resolution No. 5. We are not committing ourselves to a 25 cent fare. We are merely approving the resolution presented by Representative Holland and informing the members of the State Senate of this fact and asking them to concur in their action so that it will bring it before the Public Service Commission for investigation and decision.

Mr. Magee said:

Mr. President: In order to bring the matter to a decision, I would ask the maker of the motion to withhold action until I can study the proper wording for an amendment to the resolution.

Mr. Gallagher said:

Mr. President: I am agreeable to an amendment that will accomplish the desired purpose. My only reason in asking for the adoption of the resolution is to help the school children.

Mr. Magee moved

To amend the resolution by striking out, in the first "Resolved" clause, the words "endorses this proposal and approves the idea that such transportation be provided if possible under the terms of the resolution," and by inserting in lieu thereof, the words, "favors a reduction in the fares charged school children and endorses the demand that the Public Service Commission investigate the cost and other facts and circumstances which enter into the determination of fair rates with the end in view of accomplishing, if legally possible, a reduction in the rates charged to this class of car riders."

Which motion prevailed.

And the question recurring on the adoption of the resolution, as amended.

The motion prevailed.

Mr. Evans arose and said:

Mr. President: It was my purpose to present, today, a resolution calling for an investigation of the city Civil Service Commission, but I have

been informed that numerous civic groups are preparing a united protest against the conduct of this Commission, and a hearing on their protest is to be held soon.

I will defer presentation of the resolution until those hearings have been held.

Mr. Gallagher moved

That the Minutes of Council

of Friday, May 15, 1936, be approved.

Which motion prevailed.

The Chair announced

That Council would go into a conference with the County Commissioners immediately upon adjournment.

And there being no further business before the meeting, the Chair declared

Council adjourned.

Which was read and laid on the table.

Also

No. 863.

City of Pittsburgh,

Office of the Mayor,

May 28, 1936.

To the President and  
Members of City Council.

Gentlemen:

I am returning herewith, without my signature, Bill No. 30 by reason of the attached communication from the Twenty-seventh Ward Community Protective Association which is self-explanatory.

Respectfully yours,

WM. N. MCNAIR,

Mayor.

The Twenty-seventh Ward  
Community Protective Association.

1121 Marshall Ave., N. S.

May 28, 1936.

Hon. William N. McNair, Mayor,  
City of Pittsburgh,  
City-County Building,  
Pittsburgh, Pa.

Dear Mr. Mayor:

RE: Proposed Playground at Marshall Ave. and Sorrell St.

The property owners and residents of Marshall avenue, Brighton road and Ingham street, comprising 98% of the population in the immediate vicinity of this playground, respectfully ask that you again veto the ordinance passed by City Council on Monday, May 25, 1936 accepting this property from the Renziehausen Estate as a playground.

As you no doubt know, this property is in part owned by Councilman George E. Evans and the ordinance has been promoted by paid lobbyists for more than year. In spite of the fact that the property owners are almost 100% opposed to this proposition, we regret to be forced to arrive at the conclusion that machine politics have been brought to bear to pass this proposition through Council.

Our Association, during this long fight, has not lost heart because we know that you, the Mayor of the City of Pittsburgh, would stand by us in our efforts to keep this playground out of our district.

We are appending herewith fourteen valid reasons (in detail), each of them sufficient in force for a sustained veto.

We are, therefore, relying on you, Mr. Mayor, to again veto this ordinance.

Very truly yours.

The 27th Ward Community  
Protective Assn.

By: A. T. Heerlein,  
Secretary.

Which was read.

REASONS WHY MAYOR MCNAIR  
SHOULD VETO PROPOSED MAR-  
SHALL AVENUE-SORRELL STREET  
PLAYGROUND.

1. Playground not centrally located.

This property is not centrally located to serve as a playground. Eastwardly, there are only six houses for at least one mile; southwardly, there are only a few residents (not more than six) who have not signed a petition in opposition to the playground, residing within a radius of at least one mile. In a northerly direction there are only two or three residents in a mile radius to whom the playground would be of any use. Most of the influx would come from one direction only, namely, the west.

A recent post-card poll revealed that a preponderance of this population voted against this site because it was too far away from their district.

2. 98% of surrounding residents object.

A petition on file with City Council shows that 98% of surrounding residents object to this proposed playground. It seems unfair to place a playground in a district for the benefit of people from other districts. People who want a playground should tolerate this annoyance in their own neighborhood. They should not demand a playground and have it forced on these property owners and residents in our district where it is not needed or wanted.

3. Facilities are being duplicated.

Our district is amply provided with playgrounds:

(a) Oliver High School Athletic Field  
—a large field of about six acres, less than two blocks away from the proposed site.

(b) Horace Mann Playground—about three blocks away from the proposed site. Further, all of the homes in this neighborhood each have ample play-space for their children and have never expressed a demand to the City for playground space.

4. Proposed Playground will be situated on Hi-Speed Traffic Artery, U. S. Route 19.

It is the height of folly to invite children to possible death and injury to travel this busy and dangerous crossing. Most anyone can visualize the tomfoolery in going to and from this playground of children in groups. The entrance to this proposed playground would, because of the topography of

the ground, necessarily have to be situated on U. S. Route 19, and it would result in an extremely hazardous condition both to the children and to traffic.

5. Proposed Location on Extremely Long 8% Grade.

This grade is well over one mile in length, and it is a common sight to see automobiles and trucks coming down the hill completely out of control. There have been numerous accidents at the grade crossing at Marshall avenue and Brighton road, also where Marshall avenue joins the Ohio River boulevard. It is between these two points that the proposed playground is to be located. Hardly a week passes by without a serious accident at one or between these two points.

6. Depreciation of Surrounding Properties.

Most of the surrounding residents claim that their properties will be depreciated at least \$2,000.00 by the establishment of this playground. If you only figure the valuation decline not at \$2,000.00 per property but at a figure which cannot be disputed, say at only \$500 per home, then you have the sum of over \$50,000.00 in property values, a loss which this group of people cannot afford and which is of considerable interest to the City of Pittsburgh in the loss of taxable properties.

7. Withdrawal of Taxable Property to the Extent of 40 Lots.

This district is one of the few districts within almost walking distance from the Golden Triangle, and one of the few desirable residential localities still in the process of development. This playground would take away from the possible taxable columns 40 city lots, with each of them a prospective assessment of \$5,000.00, or a total taxable value of \$200,000.00 with a net loss to the City of about \$10,000.00 in tax revenue. This does not include County taxes.

8. Abutting Property Owners Have Legal Easements on Property to Be Acquired for Playground.

This piece of land was laid out by Evans & Newhams with a street to be known as Newhamshire drive with lots abutting this street. The property

owners bought from a plan of lots showing said Newhamshire drive. These property owners by reason of their purchase acquired a legal easement on said Newhamshire drive which will be eliminated by the playground and will impair the City's title to this land.

9. Proposed Playground Has Been Rejected By Planning Commission.

In a letter dated June 19, 1935, the City Planning Commission definitely rejected this proposed playground site for reasons specified therein. This letter was addressed to President and Members of City Council.

10. Contract Between City of Pittsburgh and Renziehausen Estate Is Contrary to Renziehausen Will.

Contract provides for the reversal to the Renziehausen Estate of this parcel of ground in case the City fails to maintain it as a playground; whereas, the Will provides that the ground be a gift to the City.

11. Playground Is Contrary to the Wish of the Donor.

According to the Renziehausen will—" . . . the sole purpose of the request is to supply a playground for children living in a crowded and congested section of the City;" whereas, this particular piece of land is, by no means in a crowded and congested section.

12. Councilman Evans Is Part Owner of This Property.

In the opinion of this Association it seems rather unethical for City Council to pass an ordinance which will indirectly benefit one of its members.

13. Promises by Evans & Newhams to Prospective Property Buyers.

When Mr. Evans offered this property for sale he assured prospective purchasers that this district would remain a high-class residential neighborhood. Those who bought on the strength of these assertions naturally will claim that a contract exists between them and Evans & Newhams. Legal procedure will naturally follow if this contract is broken by Evans & Newhams.

14. Will of Frederick C. Renziehausen Is Being Perverted.

According to the Will of Frederick

C. Renziehausen, which reads, "I direct my executors to purchase land at an expenditure of \$100,000.00 in some district of the City of Pittsburgh in order that it may be dedicated or transferred to the said City for the sole purpose of supplying a playground for children living in a crowded and congested section of the city." Note that he said a playground, not playgrounds; some district, not districts; he used the singular, not the plural, because he had in mind a congested area that would necessitate the buying and razing of slum dwellings. It is for that reason we infer that he bequeathed the large sum of \$100,000.00. Note that instead of following his wishes that the executors are installing a number of playgrounds that are not in congested areas such as the Strip, Woods Run or the Hill District which he no doubt had in mind. There seems to be a concerted effort on the part of the executors to provide show places for the name of "Sophia Evert" rather than

for the relief of children in congested areas.

Also

Bill No. 30. Resolution accepting the offer of the Executors and Trustees of the Estate of Frederick C. Renziehausen, deceased, to convey by deed of gift to the City of Pittsburgh all that certain lot or piece of ground situate in the 27th Ward, at the northeast corner of Sorrell avenue and Marshall avenue, to be known as "Sophia Evert Playgrounds No. 3", and providing that improvements thereon shall begin not later than July 1, 1936.

In Council, May 25, 1936, Read a third time and finally passed.

Which was read.

Mr. Gallagher moved

That the communication and bill be laid over.

Which motion prevailed.

And on motion of Mr. Garland

Council adjourned.

No. 880.

Department of City Controller,

June 2, 1936.

Subject—Bill 554.

Chairman and Members,

Committee on Finance,

Council, City of Pittsburgh.

Gentlemen:

In response to your request for an expression of the sufficiency of the language in Bill No. 554, permit me to say that I have not sufficient facts with reference to this whole project to be able to give you an intelligent expression as to the sufficiency of the language set forth in the bill.

This question is so involved, there are so many complications, that it would require considerable study to ascertain just what the City expects to accomplish in this matter.

I am very much opposed to the City being obligated in any way to the furtherance of this project. In Section four, it is set forth that "If, at any time, it shall appear that the City of Pittsburgh shall subject itself to any liability over and above the amount of the grant hereby authorized, the City of Pittsburgh may, by proper action, withdraw from the above said application."

If the City should lend itself to this project and the work were to proceed and the City then found itself in the position of liability, I cannot see how, by any legislation, it could then withdraw, because if that were possible the project would be left in an incomplete condition. I am therefore very strongly of the opinion that the City should not become a party to this operation.

As I see it, it is not a part of the Controller's duty to enter into any operation such as that set forth in this Ordinance. If the City officials are of the opinion that this should be carried through, then some other officer should be substituted for the City Controller. Needless for me to say, that with my past experience in connection with the former Exposition Society, I am very much opposed to the project as it comes to me at this time.

Respectfully submitted,

JAMES P. KERR,

City Controller.

Which was read, received and filed.

No. 881.

June 2, 1936.

Subject: Bill No. 554, An Ordinance Covering Proposed Application for Grant for Greater Pittsburgh Exposition Society.

To the Honorable, the Finance Committee of Council.

Gentlemen:

With reference to Bill No. 554, an Ordinance covering the proposed application for a grant for the Greater Pittsburgh Exposition Society, in my letter of May 25, 1936, I recommended the execution of a definite form of application on the theory that it involved the City in no obligation, not even the necessity of accepting the grant if made.

With this in mind, it does not seem proper to me to include in the proposed ordinance any of the following provisions:

Substitution of the City on application known as "Pennsylvania 1010", with the terms of which I am not familiar;

Any provision obligating the City as to the use of the money if granted, this being included in the approved application;

Any provision for the modification of the original lease, which is a matter that would have to receive the attention of Council if the grant is made and accepted.

Very truly yours,

WILLIAM B. SECRIST,

City Solicitor.

Which was read, received and filed.

Mr. Demmler moved

That Bill No. 554 be recommitted to the Committee on Finance for further consideration.

Which motion prevailed.

Also, with an affirmative recommendation.

## MOTIONS AND RESOLUTIONS.

The Chair presented

No. 923.

City of Pittsburgh,  
Office of the Mayor,  
June 6, 1936.

To the President and  
Members of City Council.

Gentlemen:

This is to advise you that I am withdrawing the name of Mr. Willard H. Buente, an appointee to the City Planning Commission, from further consideration of your honorable body.

Respectfully yours,

WM. N. McNAIR,

Mayor.

Which was read, received and filed.

Also

No. 924.

City of Pittsburgh,  
Office of the Mayor,  
June 6, 1936.

To the President and  
Members of City Council.

Gentlemen:

I have the honor to inform you that I have appointed, subject to your approval, Mr. Ludwick Zupancic, 605 Grant building, as a member of the City Planning Commission, and would ask for confirmation of the same.

Respectfully yours,

WM. N. McNAIR,

Mayor.

Which was read, and on motion of Mr. Gallagher, referred to the Committee on Finance.

Mr. Evans presented

No. 925. WHEREAS, Information has come to the members of the Council of the City of Pittsburgh, through the channels of the public press, that Honorable William N. McNair, Mayor of the City of Pittsburgh, has refused to sign checks for the payment of interest on the City debt which is now overdue; and

WHEREAS, The funds for the payment of said interest have been pro-

vided and are on deposit in the authorized legal depositories for the purpose of paying said interest; and

WHEREAS, Further information has come to the members of the City Council, through the channels of the public press, that the Honorable William N. McNair, Mayor of the City of Pittsburgh, has, at divers times, refused to sign checks for the transfer of funds to the Sinking Fund Commission, which are in the regular order of business in connection with the proper and orderly transaction of City business; and

WHEREAS, Further information has come to the members of the City Council, through the channels of the public press, that the Honorable William N. McNair, Mayor of the City of Pittsburgh, has ordered the City Treasurer to make no payments on account of the interest and principal on the obligations of the City; and

WHEREAS, Such refusal of the Honorable William N. McNair, Mayor of the City of Pittsburgh, to meet the above mentioned obligations, is believed to have adversely affected the credit of the City of Pittsburgh by casting doubt on the good faith and credit of the City, with respect to its financial standing; Now, Therefore, be it

RESOLVED, That the Honorable William N. McNair, Mayor of the City of Pittsburgh, be directed to appear at a meeting of the Finance Committee of the Council of the City of Pittsburgh, on Tuesday, June 9, 1936, at 12:30 o'clock P. M., Eastern Standard Time, for the purpose of discussing the matters set forth in this resolution, and the financial status of the City in general, with respect to the statements recently published in the public press, in which the Mayor is alleged to have stated that the City is facing a deficit for the current year, 1936, in excess of \$4,000,000.00; And, be it further

RESOLVED, That he directed to exhibit to the members of the Finance Committee of Council at that time, copies of all correspondence that has passed between him and the Treasurer of the City of Pittsburgh and the Controller of the City of Pittsburgh, having any bearing whatsoever upon the subject-matter referred to in this resolution; And, be it further

RESOLVED, That a copy of this

resolution be delivered promptly by the City Clerk to the Honorable William N. McNair, Mayor of the City of Pittsburgh.

Which was read.

Mr. Evans moved

The adoption of the resolution.

Mr. Magee arose and said:

Mr. Chairman: I don't think the Council has authority to order the Mayor to do this. The word "directed" it seems to me could easily be eliminated and a more appropriate word substituted, which I say ought to be "requested".

Mr. Evans arose and said:

Mr. President: The substitution of the word "request" is agreeable to me.

Mr. Magee arose and said:

Mr. President: There are two places in the resolution where the word "directed" appears.

Mr. Evans moved

To amend the resolution by striking out in the two places it appears, the word, "directed" and by inserting in lieu thereof the word "requested."

Which motion prevailed.

Mr. Gallagher called attention to the fact that the Mayor was not in the City, and the date should be changed when he was to appear before the Committee to some time when he would be at his office.

Mr. Evans moved

To amend the resolution by striking out the words, "Tuesday, June 9," and by inserting in lieu thereof, "Wednesday, June 10."

Which motion prevailed.

Mr. Demmler arose and said:

Mr. President: On the adoption of the motion, I want to say that the Mayor ought to comply with the request of the Council and appear before the Councilmanic Finance Committee to give us the information upon which he bases the statements which have been appearing in the newspapers.

From the information I have been able to gather, I am confident that if the receipts of the City Treasurer for the coming seven months will equal

the receipts for the same period last year, that the City will close its books at the end of the year with a substantial balance.

I cannot understand by what reasoning the Mayor arrives at the statements he has been giving to the newspapers.

And the question recurring on the adoption of the resolution, as amended. The motion prevailed.

Mr. McArdle presented

No. 926. RESOLVED, That the Director of the Department of Public Health, in conjunction with the Department of Law, be and he is hereby requested and directed to prepare and present to Council proper legislation for the acquisition of the property located on Crane avenue, 20th Ward of the City of Pittsburgh, tendered by the Commonwealth Trust Company, agent, and the property adjacent thereto, tendered by the Real Estate Company of Pittsburgh, agent, for use by the City of Pittsburgh as a site for an incinerator.

Which was read.

Mr. McArdle moved

The adoption of the resolution. Which motion prevailed.

Also

No. 927. RESOLVED, That the Director of the Department of Public Works be requested to prepare and present to Council an Ordinance, under the Act of 1895, for the grading and paving of Dicktom way from Etta street to Aline street; said Ordinance to be prepared at the earliest convenience of the Department.

Which was read.

Mr. McArdle moved

The adoption of the resolution. Which motion prevailed.

Mr. Demmler presented from the Committee on Finance,

Bill No. 862. Communication from the Mayor appointing George F. Otto, Williard H. Buente and John W. Towns as members of the City Planning Commission.

In Finance Committee, June 3, 1936. Read and returned to Council for action.

Which was read.

Mr. Anderson moved

That the communication be laid over.

Which motion prevailed.

Mr. Gallagher moved

That the Minutes of Council of Monday, June 1st, and Tuesday, June 2nd, 1936, be approved.

Which motion prevailed.

The Chair said:

Gentlemen of Council: I wish to call your attention to the fact that on June 10, 1911, the small Council of Nine, appointed by the then Governor John K. Tener, was inducted into office, and this is the 25th Anniversary of this event.

Does any member of Council wish to make any remarks commemorating this event? If not, a motion to adjourn is in order.

And on motion of Mr. Gallagher Council adjourned.

President and Members of Council,

City of Pittsburgh.

Gentlemen:

This will acknowledge receipt of your  
communication of even date herewith  
submitting for my information a copy  
of Bill No. 925, adopted on Wednesday,  
June 8, 1936, and in compliance with  
the request therein contained you will  
find herein inclosed copies of the cor-  
respondence that has passed between  
me and Treasurer of the City of Pitts-  
burgh, and the Controller of the City

of Pittsburgh, relative to the subject matter of said Bill No. 925, as follows, to-wit:

**EXHIBIT A.**

Letter from me to James P. Kirk, bearing date of May 27, 1936.

**EXHIBIT B.**

Letter from James P. Kirk, City Treasurer, to me bearing date of May 27, 1936.

Letter from Dr. James P. Kerr, City Controller, to me in reply to the letter I forwarded him for his information, which was a copy of Exhibit C.

Very truly yours,

WM. N. McNAIR,

Mayor.

**ATTEST:**

Gregory Zatkovich,

Secretary.

**EXHIBIT A.**

May 27, 1936.

Mr. James P. Kirk,  
City Treasurer,  
City of Pittsburgh.

Dear Sir:

My Secretary, Gregory Zatkovich, reported to me the result of the conference he had with you Monday, May 25, 1936, relative to the issuance of checks by you as City Treasurer for the payment of matured bonds and interest on bonded indebtedness without first obtaining my signature on the warrants authorizing the payment of same. Mr. Zatkovich informs me that you stated that you will continue to take payments regardless of my refusal to sign the warrants.

I have heretofore informed you, and I now repeat my former attitude in the matter of these bonds; namely, no payments for matured bonds or for interest on bonded indebtedness shall be made by you, except upon warrants properly drawn and signed by me as Mayor of the City of Pittsburgh.

I would appreciate it if you would inform me at your very earliest convenience whether Mr. Zatkovich has

quoted you correctly as above set forth.

Very truly yours,

WM. N. McNAIR,

Mayor.

**EXHIBIT B.**

City Treasurer's Office.

May 27, 1936.

Hon. Wm. N. McNair, Mayor,  
City-County Building,  
Pittsburgh, Pa.

My dear Mayor McNair:

In response to your letter of even date concerning the conference between Mr. Zatkovich, your secretary, and myself on Monday last relative to my issuance of checks, as City Treasurer, in payment of matured bonds and bond coupons for interest without your signing warrants for the payment of same, I respectfully advise you that Mr. Zatkovich reported me correctly to the effect that, upon your refusal to sign warrants for the payment of items of the character above noted, I shall continue to draw and issue checks in payment thereof when due. In thus stating my position upon your direct inquiry, I merely wish to indicate, without any disrespect whatsoever to yourself, that I propose to carry out what I am advised are the legal requirements of my office.

The City bonds and interest coupons thereon expressly call for payment thereof, when due, at the office of the City Treasurer. So long as there are City funds available for the payment of matured bonds and interest coupons, there is no other course open to me, as City Treasurer, but to discharge the City's obligations in such regard timely, for, as I am advised, a matured bond or matured coupon is not only my sufficient legal warrant for so doing, but is in reality a legally valid mandate upon me, as City Treasurer, to make such payments whenever matured bonds or interest coupons are duly presented to me for payment.

I have heretofore understood your informal suggestions to me to be that I should pay a matured bond or interest coupon only upon warrant signed by you, as Mayor of the City, but you have never instructed or directed me at any time that, upon your refusal to

sign a warrant for the payment of a matured bond or interest coupon, I shall cause the City for that reason to default in the payment thereof, when properly presented at my office for payment. If such is your intention, I respectfully request that you give me written instructions to that effect. The responsibility in the matter is far too serious to permit its determination to rest in informal conferences or expressions.

Respectfull yours,

JAMES P. KIRK,

City Treasurer.

EXHIBIT C.

May 28, 1936.

Hon. James P. Kirk,

City Treasurer,

City-County Building,

Pittsburgh, Pa.

My dear Mr. Treasurer:

Receipt of your letter bearing date of May 27, 1936, in reply to my letter of same date is herewith acknowledged and in answer thereto, kindly be advised as follows:

By Ordinance of the City of Pittsburgh No. 383, Series, 1935, the revenues of said City derived from taxes and other sources for the fiscal year beginning January 1, 1935, were appropriated in the sum of \$22,943,838.00 to pay the expenses of conducting the business of said City, and meeting the debt charges for the period beginning from January 1, 1936, and ending December 31, 1936.

The Council of the City of Pittsburgh levied, as is well known to you, a tax assessment for the year 1936, of 20.3 mills on a total land valuation of \$591,172,363.00, viz., the sum of \$12,178,174.11, and a tax assessment of 10.3 mills on a total building valuation of \$620,695,530.00, viz., \$6,393,200.45 or a total property tax assessment of \$18,571,374.56.

Past experience justifies me in assuming, as a fact, that the aforesaid sum of \$18,571,374.56 will be the approximate maximum tax yield in 1936 (collections of delinquent taxes, fines, forfeitures, etc., being off set by diminution of total estimated tax payments by reason of non-payments of taxes

during the taxable year). This does not include a one million dollar appropriation which has been spent for flood relief.

From the foregoing it is now apparent to all, as it unquestionably must have been apparent to City Council when it made the aforesaid appropriation and levied the aforesaid tax assessment, that the City Budget for 1936 would be out of balance in the sum of approximately \$4,372,464.44.

The aforesaid appropriation was made generally. No portion thereof was allocated by way of a separate tax millage for special purposes such as "interest on Loan Fund", "Greater City Sinking Fund", etc.

It is quite evident, from all the foregoing, that owing to the failure and the neglect of Council to levy a tax rate sufficiently high enough to insure the payment in full of the \$22,943,838.00 appropriated by it as aforesaid, a number of the items appearing in said appropriation Ordinance cannot be paid when they become due and payable, for the reason that there will be no funds with which to pay them.

The following problem therefore presents itself. Which of the said items shall be preferred. Wages of laborers, salaries of policemen, firemen, etc., or banks, bankers, corporations and individuals holding matured bonds or interest coupons.

Your expressed attitude in this connection, is that the banks, bankers, corporations, etc., should be placed in the preferential class.

I, for my part am foursquare for the distribution of available City Funds in such a way that a laborer, policeman, firemen, clerks, etc., shall be paid first and the balance, if any, shall be paid to the banks, bankers, corporations, etc. Bankers, being fully acquainted with the impeccable soundness of the City of Pittsburgh's assets, will immediately understand that their indebtedness will be honored out of first collections made in January, 1937, after an appropriate tax assessment is levied by City Council. The laboring men, however, being of less discerning and economic understanding, know only one language, viz., the language of being paid when payment is due for services rendered.

It is because of the foregoing deficit and the resultant complications and the

fear that City Council may not for reasons best known to it, pass an Ordinance or Ordinances authorizing a loan to meet said deficit, that I have consistently and repeatedly refused to sign warrants drawn for the payment of matured bonds and interest coupons, and have suggested to you orally on a number of occasions and in writing on May 27, 1936, not to make payments for matured bonds or interest coupons, except on warrants signed by me.

Your interpretation of the terms and conditions of the bonds and interest coupons probably seems plausible to you as a layman and economist, but, I must view the subject matter under discussion strictly in its legal light, namely, in the language of that portion of Article VII of the Act of March 7, 1901, P. L. 20, as amended, which reads as follows:

"No money shall be drawn from the City Treasury except by due process of law, or upon warrants on the Treasurer, signed by the Mayor and countersigned by the Controller, Which shall state the consideration of the same and the particular fund or appropriation to which the same is chargeable."

This statutory provision is couched in such simple Wilsonian English that any person of average education can readily understand it.

By virtue of the authority in me vested as the Mayor of the City of Pittsburgh, I herewith again officially inform you that I have not and will not recognize, any payments which have been made by you upon warrants not signed by me.

I hereby instruct and direct you not to draw money from any fund of the City of Pittsburgh, except upon warrant or warrants properly drawn and signed by me. Payments made contrary to this instruction and request shall be deemed and considered to be illegal, invalid and not binding upon the City of Pittsburgh.

Respectfully yours,

WM. N. McNAIR,

Mayor.

EXHIBIT D.

City Controller's Office.

Dear Mr. McNair:

There is a warrant on my desk for

the payment of the interest on several bonds issued in 1908 and 1910, respectively, which requires your signature.

Section 4 of the ordinances which authorize the sale of these bonds specifically levies the tax and appropriates the funds for interest and Sinking Fund requirements on these bonds.

This is a legal and binding obligation on the City of Pittsburgh and must be met.

If the warrant is not signed before June 1st, the City will default on the payment of this interest and it is your duty as Chief Executive of the City to maintain the honor and integrity of the City of Pittsburgh. This can only be done by the proper officers of the City performing the legal duties and acts which are required of them by the laws governing the City.

You have a fixed and definite obligation and responsibility in this matter and I suggest that you sign the warrant in time for the interest to be paid to the investors.

Respectfully yours,

JAMES P. KERR,

City Controller.

In Finance Committee, June 10, 1936, Read and copy furnished each member. Which was read, received and filed, and ordered printed in full in the record.

Mr. Evans presented

No. 973. Report of the Committee on Public Works for June 9, 1936, transmitting several ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 682. An Ordinance entitled, "An Ordinance authorizing and directing the grading, regrading, paving, repaving and otherwise improving Tate way, from Esplanade street to terminus distant 117.57 feet westwardly therefrom, including, as may be necessary, the grading of approaches on streets affected thereby and sinking of exploratory test holes; letting a contract or contracts therefor, and providing that the costs, damages and expenses of the same be assessed against and collected from property specially benefited thereby."

Which was read.

Mr. Evans moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Robert Clark,  
City Clerk,  
Office of City Clerk,  
City of Pittsburgh.

Dear Sir:

Pursuant to verbal request of the Committee on Hearings of City Council last Wednesday, I am directed by the Civil Service Commission to deliver to you the Opinion received from City Solicitor William B. Secrist at noon on June 19th, 1936.

We are enclosing herewith nine (9) copies of said Opinion and will appreciate very much if you will immediately deliver one copy to each of the Members of the Honorable Council.

Very truly yours,

Civil Service Commission,  
by FRANK J. MARKEY,  
Secretary.

Pittsburgh, Pa.,  
June 19, 1936.

Civil Service Commission,  
City of Pittsburgh.

Gentlemen:

The questions contained in your letter of June 18th with reference to the effect on the action of your Department of the recent furloughing by the Mayor of the head of the Department

of Public Safety are so related as to make them somewhat difficult to answer separately, and it seems to me to be advisable to consider in a general way the powers and duties of the Mayor and department heads in a city of the second-class before attempting positive replies.

It might be said that the power of a Mayor to furlough follows as a necessary corollary to his power to remove from office, but the question is somewhat complicated by the difficulty of defining the word "furlough." I am not able to find any use of this word in the Charter Act of 1901, in any subsequent legislation or any applicable Court decisions. To furlough ordinarily means to grant a leave of absence and probably is intended to mean in the present situation a compulsory and temporary suspension from official duties. While I have no doubt that under certain circumstances such power might be exercised by a Mayor, I do not believe that a vacancy in the office of department head is thereby created, and, particularly in the present situation, where it is evident that a furlough was neither requested nor accepted by the incumbent.

It seems clear that a Mayor has power to remove department heads appointed by him without advancing any reason therefor. Article 6, Section 4 of the Constitution, provides as follows:

"Appointed officers -----  
(with certain exceptions)-----  
may be removed at the pleasure of  
the power by which they shall  
have been appointed."

The power to appoint department heads rests in the Mayor and this power is not limited by the fact that Council must approve his appointees, and, therefore, under the quoted section of the Constitution the power of removal at pleasure necessarily follows. The Charter Act of 1901, and the Act of 1927, P.L. 53, seems to attempt to control or regulate the exercise of that pleasure by providing in effect that municipal officers shall hold office until their successors are elected or qualified, but it is my opinion that the Legislature is powerless to take away the summary power of dismissal lodged in an appointing officer under the Constitution.

Under the Charter Act the Department of Public Safety is expressly placed under the "charge of one Director, who shall be the head thereof," and the power to appoint and remove subordinates in the various departments is expressly given to the Director or chief officer, and while under that Act the executive power of the City is "vested in the Mayor and in the departments authorized by this Act" and the Mayor is "responsible for the good order and efficient government of the City," and I do not believe that a Mayor could appoint subordinates in the departments under this general executive power, and particularly, in a case where there seems to be no emergency and no vacancy existing in the office of the department head.

The Mayor under the Charter Act "shall nominate and by and with the advice and consent of Select Council appoint the following officers" including the Director of the Department of Public Safety, and "during the recess of Select Council, he shall have power to fill all vacancies that may happen in offices to which he shall appoint subject to the approval of the Select Council at their next session, and if such appointment shall not be rejected within thirty days after said Select Council shall have convened, the same shall be considered confirmed."

It seems to me that the Mayor has the definite power to create vacancies in the heads of departments by dismissal, and in the event of a vacancy, however occasioned, he has the power and it is his duty to fill it, and that there under ordinary circumstances his power must be considered to end. I do not believe that these conclusions are affected in any way by the provisions of the Civil Service Act of 1907.

If these conclusions are correct it would not appear to be difficult to answer your questions, as follows:

"(1)—Has the Mayor the power to furlough, with or without pay, the Director of the Department of Public Safety?"

It is my opinion that he can.

"(2)—Has the Mayor the power, during the furlough period, to make appointments, transfers, dismissals, promotions and demotions in that Department?"

It is my opinion that he has not.

"(3)—Has the Director of the Department of Public Safety the power, during the furlough period, to Act as Director and make appointments, promotions, transfers and demotions during that period?"

It is my opinion that he has.

"(4)—Has the Mayor the power to act as Acting Director during the furlough period of the Director of the Department of Public Safety?"

It is my opinion that he has not.

In the present situation I do not believe that it is necessary to consider the emergency powers expressly granted to the Mayor under the Charter Act.

I might add that the questions involved here have never been adjudicated, and I am necessarily expressing only my own views on the subject. I believe that the Mayor has been acting in the present situation in accordance with the opinions of some of my predecessors in this Department, in which opinions I do not entirely concur.

Respectfully yours,

WILLIAM B. SECRIST,  
City Solicitor.

#### MOTIONS AND RESOLUTIONS.

The Chair presented

No. 1015.

City of Pittsburgh,  
Office of the Mayor,

June 17, 1936.

To the President and  
Members of City Council.

Gentlemen:

I am returning Bill No. 865, without my signature, for the following reasons:

Because this method is well established by this time that the WPA system is nothing but a shameless waste of both Federal and City money. I have called this to your attention on various occasions that a made work program is not aiding recovery by taking money out of one person's pocket and giving it to another in the shape of a WPA program.

I am opposed to forcing men onto relief before they can get a job. I am opposed to not allowing them their full earning power after they get a job.

We have already spent millions of the City's money along this line without the proper return. It is time to call a halt.

Respectfully yours,

WM. N. McNAIR,

Mayor.

Which was read, received and filed.

Also

Bill No. 865. An Ordinance entitled, "An Ordinance authorizing and directing the Mayor and the Director of the Department of Public Works to carry out and complete Unemployment Relief Projects in conjunction with the Federal Works Progress Administration."

In Council, June 8, 1936, Bill read, rule suspended, read a second and third times and finally passed.

Which was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

Mr. Magee arose and said:

Mr. President: I do not think that the statement that the city has wasted millions of dollars in co-operating with the WPA should be allowed to go into the record without the truth being stated.

The public works and relief policies of the City Council have actually saved the city millions of dollars, and more would have been saved if the Mayor had cooperated.

And the question recurring, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Garland          |
| Demmler   | Magee            |
| Evans     | McArdle          |
| Gallagher | Weir             |
|           | Scully, (Pres't) |

Ayes 9. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the bill became a law notwithstanding the objections of the Mayor.

Mr. Magee presented

No. 1016. Resolved, That Rule I, of the Rules of Council, be amended by adding at the end thereof the following:

"Provided, That from the day of July to the day of September, such meetings of the Council shall be held on Wednesday of each week at 10:00 o'clock, A. M." And, be it further

Resolved, That Rule X be amended by adding thereto, "Provided, That from the day of July to the day of September, the said committees shall meet on Wednesday of each week at 12:30 o'clock, P. M., and on such succeeding days as the committee may determine."

Which was read.

Resolved, That the City Clerk is hereby authorized and directed to give one week's notice in writing to all of the members of Council of the resolution introduced this day to amend the Rules of Council concerning the times of the meetings thereof, and of the committees, together with a copy of said resolution.

Which was read.

Mr. Magee moved

The adoption of the resolution.

Which motion prevailed.

Mr. Evans presented

No. 1018. Resolved, That the Mayor and the Director of the Department of Public Works shall be authorized and directed to make application to the District Director of the Federal Works Progress Administration for the carrying out and completion of a project for the replacement of 500 maps for the Division of Surveys, the City's share of the cost of said project not to exceed \$500.00.

Which was read.

Mr. Evans moved

To refer the resolution to the Committee on Finance.

Which motion prevailed.

Mr. McArdle moved

That the Minutes of Council of Monday, June 15, 1936, be approved.

Which motion prevailed.

Department of Public Safety,  
Bureau of Police,

Pittsburgh, Pa.,

Thursday, June 25, 1936.

Mr. Thos. A. Dunn,  
Director,  
Department of Public Safety.

Dear Sir:

Relative to the attached letter addressed to Mr. Walter Demmler, Member of City Council, by Attorney S. L. Fuss, also a Resolution of City Council for the payment of \$19.00, to Isadore Sigal, and the payment of \$6.03, to Harry Waizenhofer, being money

confiscated by the police, and referred to this Department, would advise that the money confiscated by the police in both above mentioned cases was turned over to the City Treasurer.

Attached hereto you will find a report submitted by Acting Inspector Dennis F. Hennessy regarding the arrest of Dorothy and Isadore Sigal. The \$19, confiscated was turned over to the City Treasurer on May 5, 1936.

Regarding the case of Mr. Harry R. Waizenhofer, would refer you to my letter of April 8, 1936, which contains the desired information. Our records show that the \$6.03 confiscated from Mr. Waizenhofer was turned over to the City Treasurer on February 29, 1936.

Mr. Fuss's letter and Council Resolution are returned herewith.

Trusting this is the desired information, I am,

Yours very truly,

JACOB F. DORSEY,

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 980. An Ordinance entitled, "An Ordinance providing for the letting of a contract or contracts for the furnishing of traffic equipment for the Bureau of Traffic Planning, Department of Public Safety."

Which was read.

Mr. Anderson moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

|          |                 |
|----------|-----------------|
| Anderson | Gallagher       |
| Demmler  | Garland         |
| Evans    | McArdle         |
|          | Scully (Pres't) |

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Mr. Demmler presented from the Committee on Finance

Bill No. 793.

#### MAYOR'S OFFICE

Pittsburgh, Pa.,

May 18, 1936.

To the President and  
Members of City Council.

Gentlemen:

I have this day made the following recess appointment to the position of Member of the City Planning Commission:

George Holmstrom, 715 Warrington

avenue, to take the place of Henry C. Brockman, removed.

Sincerely yours,

WM. N. McNAIR,

Mayor.

In Finance Committee, June 23, 1936,  
Read and referred to Council for action.  
Which was read.

Mr. Demmler also presented

No. 1056. RESOLVED, That the appointment by the Mayor of George Holmstrom as a member of the City Planning Commission be and the same is hereby approved and confirmed.

Which was read.

Mr. Demmler arose and said:

Mr. President:—The Mayor states that is a recess appointment. Council has never been in recess this year. Whether that should delay action on this appointment I am not positive.

The Chair said:

Are you asking for a ruling from the Chair? I think it is proper for the Chair to rule that the communication is out of order.

Mr. Anderson arose and said:

Mr. President:—I do not think Council should vote on these appointments if they do not come in the proper form. I do not object to voting today, but I do object to the Mayor making appointments in this manner, saying that this Council has adjourned or recessed. Council met last Monday, is meeting today and will meet again on Wednesday of this week and every week until September 15, when it will return to the original schedule of meeting on Mondays. I object to the wording of the Mayor's communication, and suggest that the Mayor be asked to send it in in the proper form, and in addition, the Mayor should be notified that Council is in session and will remain in session.

The Chair said:

Is it the pleasure of the Council to base their action upon the premise that the communication is not in proper form?

Mr. McArdle arose and said:

Mr. President:—While I agree with the other gentlemen about the

use of the word "recess," I think it is rather futile to attempt to control the language of the Mayor. I think the word "recess" is so much surplusage, and would have no effect on the resolution one way or the other. I would consider it just as if the Mayor had said that Mr. Holmstrom has brown hair.

The Chair said:

Gentlemen, what is your pleasure on the Mayor's appointment?

Mr. Demmler moved

The adoption of the resolution.

Mr. Gallagher arose and said:

Mr. President:—While I feel favorable to the party nominated, I do not feel inclined to vote for a "recess" appointment. If Council votes to confirm this appointment, we will acknowledge that the Mayor has a right to make recess appointments.

And the question recurring on the adoption of the resolution, the ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

McArdle

Weir

Noes:—Messrs.

Demmler

Scully (Pres't)

(Messrs. Anderson, Evans, Gallagher and Garalnd not voting).

Ayes—2; Noes—2.

And a majority of the votes of Council not being in the affirmative, the motion did not prevail.

Mr. Evans moved

That the communication be returned to the Mayor and he be asked to send in the appointment in the proper form.

Which motion prevailed.

Mr. McArdle arose and said:

Mr. President:—I suggest that, in the light of the motion just adopted, the record ought to show the correction that you think the appointing communication ought to contain.

The Chair said:

The Chair will instruct the Clerk to send with the communication to the Mayor a copy of the record as made here today, which shows the basis of the action, including the remarks of the members.

## MOTIONS AND RESOLUTIONS

Mr. McArdle moved

That the City Clerk be and he is hereby directed to notify the heads of the several departments that papers intended for presentation to Council at its meetings as fixed by the amended rules between July 1 and September 15 must be in the hands of the City Clerk by 2 P. M. on the Monday preceding the date of their intended presentation.

Mr. McArdle said:

Mr. President:—By way of explanation, the purpose of this motion is that the department heads should be advised to do this, because under the amended rules the Council meetings will be held on one day, and there will be a full schedule, and that the present practice of department heads walking into the City Clerk's Office within five or ten minutes of the time for calling the meeting to order and laying a bundle of papers to be presented to the meeting will not work. If this motion is observed it will give the Clerk an opportunity scrutinize the papers and the members of Council an opportunity to examine what is coming in. It is understood that this motion will not limit the members of Council from presenting any papers he desires at any meeting.

And the question recurring on the adoption of the motion as offered by Mr. McArdle.

The motion prevailed.

Mr. Evans, at this time, obtained leave and presented

No. 1057. An Ordinance authorizing and directing the grading, paving and curbing of Cutler street, from Perrysville avenue to Wilson avenue, and the construction of sidewalk and steps on the northerly side thereof, including, as may be necessary, the grading of approaches on streets affected thereby and sinking of exploratory test holes; letting a contract or contracts therefor, and providing that the costs, damages and expenses of the same be assessed against and collected from property specially benefited thereby, and providing further for the payment of the City's share thereof.

Also

No. 1058. An Ordinance amend-

ing an ordinance entitled, "An Ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and regulating and limiting the height and bulk of buildings hereafter erected or altered, and regulating and determining the area of yards, courts and other open spaces in connection with buildings hereafter erected or altered, and establishing the boundaries of districts for the said purposes; conferring certain powers upon the Superintendent of the Bureau of Building Inspection; providing for a Board of Appeals, and imposing penalties," approved August 9, 1923, by changing the Zone Map, Sheet Z-O-E15, so as to change from an "A" Residence Use District to a Commercial Use District, all that certain property bounded by Ward street, The Boulevard of Allies, Nimrod way and northerly line of N. Miller property.

Also

No. 1059. Communication from C. C. Hamilton inclosing copy of agreement of property owners relative to the opening of Mulberry way from its present terminus to 19th Street.

Which were severally read and referred to the Committee on Public Works.

The Chair presented

No. 1060.

City of Pittsburgh,

Office of the Mayor,

June 22, 1936.

To the President and

Members of City Council.

Gentlemen:

I have this day made the recess appointment of Charles Berndt, 6332 Marchand street, as a member of the Board of Adjustment, subject to your rejection within thirty days.

Respectfully yours,

WM. N. McNAIR,  
Mayor.

Which was read.

Mr. Garland arose and said:

Mr. President:—It seems to me this appointment is entirely different from that of Mr. Holmstrom. In this case the man has been appointed and sworn in. I don't think he will be

paid. The City Controller can answer that. It is entirely different from the other appointment, and inasmuch as we served notice on the Mayor that there is objection to his use of the word "recess," and the further reason that this man is on the payroll and has been sworn in, I think the appointment should be disapproved.

Mr. Garland moved

That the appointment of Charles Berndt as a member of the Board of Adjustment be disapproved.

Mr. Anderson arose and said:

Mr. President:—To be consistent with my last vote, I refuse to vote on this motion. The Mayor submits this name under a misinterpretation.

Mr. Gallagher arose and said:

Mr. President:—I feel the same as Mr. Anderson. I don't think we should vote for any recess appointments.

The Chair said:

The Mayor's appointment, even a recess appointment, is subject to rejection. However, if there are no further remarks, we will proceed to vote on Mr. Garland's motion.

And the question recurring on the motion to disapprove the appointment of Charles Berndt as a member of the Board of Adjustment.

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

|         |                  |
|---------|------------------|
| Demmler | McArdle          |
| Evans   | Weir             |
| Garland | Scully, (Pres't) |

(Messrs. Anderson and Gallagher not voting).

Mr. Magee secured permission later to be recorded as voting aye.

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the motion prevailed.

The Chair took up

Bill No. 862. Communication from the Mayor appointing George F. Otto, William H. Buente and John W. Towns as members of the City Planning Commission.

In Council, June 8, 1936, Read and laid over.

Which was read, received and filed.

Mr. McArdle presented

No. 1061. Resolved, That the appointment by the Mayor of John W. Towns as a member of the City Planning Commission be and the same is hereby approved and confirmed.

Which was read.

Mr. McArdle moved

The adoption of the resolution.

Mr. Magee asked if Mr. Towns had appeared before the Committee.

The Chair replied, That Mr. Towns had appeared before the Committee and been interrogated.

And the question recurring on the adoption of the resolution.

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Garland          |
| Demmler   | Magee            |
| Evans     | McArdle          |
| Gallagher | Weir             |
|           | Scully, (Pres't) |

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the motion prevailed.

The Chair stated

That Mr. Buente's name had been withdrawn.

Mr. Garland stated

That Mr. Otto had informed him that he (Mr. Otto) did not care to serve as a member of the City Planning Commission.

Mr. Garland moved

That the appointment of Mr. Buente and Mr. Otto as members of the City Planning Commission be laid on the table.

Which motion prevailed.

Mr. Magee, at this time, obtained the unanimous consent of Council to be recorded as voting Aye on the motion to disapprove the appointment of Charles Berndt as a member of the Board of Adjustment.

Mr. Garland moved

That the Minutes of Council of Monday, June 22, 1936, be approved. Which motion prevailed.

And on motion of Mr. Weir

Council adjourned.

Office of the Mayor,  
Pittsburgh, June 30, 1936.

To the President and  
Members of City Council.

Gentlemen:

I have this day made the recess appointment of Basil Cnyshkow, Esquire, 454 Bailey avenue, to the position of Member of the Board of Adjustment, subject to your rejection within thirty days.

Sincerely yours,

WM. N. McNAIR,  
Mayor.

Which were severally read and referred to the Committee on Finance.

Also

No. 1076.

Office of the Mayor,  
June 30, 1936.

President and Members of Council,  
City of Pittsburgh.

Gentlemen:

I hereby acknowledge receipt of your communication bearing date of June 30, 1936, relative to action taken by your honorable body on Bill No. 793 in respect to appointment of George Holstrom as a member of the City Planning Commission, said letter having attached thereto a copy of that part of the minutes of the meeting of June 29, 1936, pertaining to said appointment.

As is well known to the Members of Council, I appointed Mr. Holstrom as a member of the City Planning Commission on May 18, 1936, notified Council by written communication to this effect on May 19, 1936, and said communication was read in Council as Bill No. 793 on May 21, 1936, as same appears in the printed Municipal Record Volume 70, Page 256.

Council having failed to affirmatively reject said appointment within thirty days, the appointment became automatically approved, and any actions or deliberations on the part of Council subsequent to the termination of said thirty days is considered by me as irrelevant and extraneous to the issue or issues that might have been raised by Council within the thirty days allowed by law.

Mr. Holstrom's appointment having been confirmed by reason of your failure to reject as hereinbefore specifically set forth, he will continue to perform the duties of the office to which he

has been appointed as the legally designated appointee to said Commission.

Very truly yours,

WM. N. McNAIR,

Mayor.

Which was read.

Mr. Magee moved.

That the communication be referred to the Committee on Finance for consideration and possible reply.

Which motion prevailed.

Also

No. 1077.

July 1, 1936.

Subject: Bill No. 930.

President and Members of Council,  
City of Pittsburgh.

Gentlemen:

I am returning herewith Bill No. 930, an Ordinance authorizing and directing an increase in the indebtedness of the City of Pittsburgh in the sum of \$1,500,000.00, approved.

I notice in Section 1 of this Bill that the funds are being provided to pay the cost of such general municipal improvements and incidental expenditures as may from time to time be designated by Ordinance.

It is my understanding that it is the intention of your Honorable Body to appropriate this money for such improvements as general street repaving; permanent improvements to the water works and pumping plants of the city, to the improvement of the sewerage system and other similar work which should be done by skilled contractors.

You have been advised that at least \$5,000,000.00 is required to rehabilitate our street system and you are familiar with the fact that only \$25,000.00 was provided from the tax levy for contract street repaving for 1936. In normal years it has been the practice of past Councils to appropriate \$500,000.00 from the tax levy and to apply \$200,000.00 of the receipts from the Pittsburgh Railways Company for this class of work. In addition to these tax funds it was customary to spend from \$100,000.00 to \$300,000.00 per year from bond funds. With the exception of the recent \$500,000.00 note issue and this bond fund there are no funds available for

street repaving. In addition \$5,000,000.00 should be spent on the extension of our sewer system, and additional funds provided for the permanent needs of the Bureau of Water.

I understand full well that such a small bond issue as this is totally inadequate to provide those improvements so badly needed. I am, however, approving this Ordinance with the understanding that the money will be used as outlined above and as a start on the general improvement program.

Yours very truly,

WM. N. McNAIR,

Mayor.

Which was read.

The Chair said:

The Chair was under the impression that the ordinance had been approved by the Mayor. The communication will be referred to the Committee on Finance.

Mr. McArdle arose and said:

Mr. President: What is the need of referring this communication to any committee? As far as I can see it has no application to anything before the body. The Mayor signed the ordinance, and there is no legislation before the body to authorize the expenditure of the money. In the first place it has not been acquired by loan. If Council refers this communication to committee it will only be cluttering up our records. Most of the things in the Mayor's communication is pure presumption on the part of the writer. There is no reason for anyone to presume what Council is going to spend the money for; and by no stretch of the imagination could it very reasonably be presumed to be limited to the things that the Mayor mentions.

The Chair said:

The comment is well taken. The communication will be received and filed.

Which was received and filed.

Also

No. 1078.

City of Pittsburgh,  
Office of the Mayor,  
June 30, 1936.

President and Members of Council,  
City of Pittsburgh.

Gentlemen:

I am returning herewith Bill No. 932 without by signature for the following reasons, namely:

The intent and purpose of this Bill is to authorize the execution and delivery by the City of Pittsburgh to the Greater Pittsburgh Exposition Society of a lease of certain property in the First Ward of the City of Pittsburgh, etc. It is my firm conviction that the erection of an Exposition Building in a flood zone and a district that is highly congested is inadvisable. I am further of the opinion that such an Exposition Building should either be financed and operated by private enterprise or should be built and maintained by the City of Pittsburgh, whenever the City will be in a position to finance the cost of same.

As is well known to you, federal grants for this and similar purposes, are not looked upon with favor by me for the reason that, although these grants at first glance appear to be in the nature of a donation, a student of economy readily realizes that it is not a donation, but that the grant is something that is ultimately paid, not from funds furnished by the federal government in Washington, but by the taxpayers of the City of Pittsburgh themselves.

Very truly yours,

WM. N. McNAIR,

Mayor.

Which was read.

Also

Bill No. 932. An Ordinance entitled, "An Ordinance further amending Section 1, Paragraph (e) of an ordinance entitled, 'An Ordinance authorizing the execution and delivery by the City of Pittsburgh to the Greater Pittsburgh Exposition Society of a lease for certain property owned by said City and located in the First Ward of said City, and providing for the conditions under which said lease shall be executed, and the terms thereof,' which became a law October 1, 1934, by extending the period of time for securing sufficient funds to construct and equip the Exposition Building to January 1, 1937, and providing that the lease shall be modified accordingly."

In Council, June 22, 1936, Bill read,

rule suspended, read a second and third times and finally passed.

Also

Bill No. 933. An Ordinance entitled, "An Ordinance authorizing and directing the Mayor to substitute an application of the City of Pittsburgh of the usual forms of the Public Works Administration, approved by the City Solicitor, for the application made by the Greater Pittsburgh Exposition Society to the United States of America for a grant of funds to be used in partial payment for the cost of an Exposition Building to be erected and equipped in the City of Pittsburgh."

In Council, June 22, 1936, Bill read, Committee amendment agreed to, rule suspended, read a second and third times and finally passed.

Gentlemen:

I am returning without my signature Bill No. 947 as I do not think this is a good time to buy any property for playgrounds. This total expenditure being about \$8,119.50, we should delay purchasing playgrounds until the finances of the City are in better condition.

Very truly yours,

WM. N. McNAIR.

Mayor.

Which was read.

Also

Bill No. 947. An Ordinance entitled, "An Ordinance amending and supplementing an ordinance entitled, 'An Ordinance authorizing and directing the Mayor and the Director of the

Department of Public Works to purchase from T. W. Long and Lulu L. Long, his wife, and August F. Abel and Flora V. Abel, his wife, certain property situate in the 19th and 20th Wards, Pittsburgh, for public purposes, and providing for the payment of the same,' which became a law April 20, 1936."

In Council, June 22, 1936, Bill read, Committee amendments agreed to, rule suspended, read a second and third times and finally passed.

Which was read.

Mr. Gallagher moved

That the Communication and Bill be laid over for one week.

Which motion prevailed.

Bill No. 886. An Ordinance entitled, "An Ordinance making an emergency appropriation for the purpose of providing funds for the construction of a new public sewer through Schenley Park and private properties, and across Naylor street and Saline street to a connection with a trunk sewer therein, and for necessary engineering expenses therefor.

In Finance Committee, July 1, 1936, Bill read and amended by striking out the second preamble and by striking out and by inserting in Section 1, as shown in red, and in the title by striking out the word "emergency" and by

inserting after the word "appropriation" the words "in the sum of \$31,000.00", and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Demmler moved

That the amendments of the Finance Committee be agreed to.

And the bill, as amended in Committee and agreed to by Council, was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Anderson arose and said:

Mr. President: I desire to be recorded as voting "NO" on Bill No. 886 and its companion Bill No. 894 to be reported out of the Committee on Public Works today.

I expressed my objections to these two bills in committee last week, and I still hold to the same views today. I believe that the work now to be done by contract should be done by forces supplied by the Federal Government; in other words, it should be carried out as a WPA project.

The original sewer was constructed 30 years ago, and three years ago was repaired, and has been serving the district all that time. The Mayor and the City Controller signed a certificate that this work was an emergency for a sewer that has been giving service for 30 years.

Similar sewer construction work has been carried on as a WPA project, and there is no reason why this work cannot be carried out on the same basis.

My opinion is that this City or the Council should find a way to make use of Government money on projects of this character, where practically all the work is done by hand labor. I venture to say that on this project 95 per cent of the work will be done by labor. I am sick and tired of calling the attention of the administrative officers to the fact that this kind of work should be done by WPA forces supplied by the Government. It not

only saves the City the expense of constructing the work, but provides work for the unemployed.

The City of Pittsburgh should pattern after the County of Allegheny where they have, at the present time, 300 miles of roadway under construction. That part of the expense borne by the County is negligible compared to the amount being expended by the Government. I, for one, cannot conceive why the City of Pittsburgh should not participate in a similar program. I do not think it is fair for the City to assume the full cost when Government money for this purpose is available. Other cities of the country are availing themselves of the money given by the Government for projects of this kind.

I am suspicious of the fact that it came in here as an emergency ordinance. Whoever heard of an emergency when the project to be undertaken has been functioning for 30 years? I am opposed to these ordinances coming in here under the guise of an emergency.

There is another bill recommended by the Finance Committee, namely, Bill No. 751, to which I am opposed. This bill provides for an appropriation of \$10,000.00 for Summer Day Camps. These activities are started by outside agencies and then the City in a few years is asked to take them over. Every year, since this program has been started, the Council is beseeched to make an appropriation on the plea that this is a good thing for the undernourished children of the City of Pittsburgh. I grant you that these good men and women are doing good work, but my opposition to the grant is because in a year or two, they will be asking us to take it over as an activity of the Bureau of Recreation. I wish to be recorded as voting "NO" on this bill.

Mr. Demmler arose and said:

Mr. President: I would like to declare, from observation of work done in the nature of sewer construction, that I have been unable to find work that has progressed within a reasonable time to encourage one to seek sewer construction of the same character under the WPA.

I don't know how much work the County is doing, but I believe from

observation of other work done that it will require a great deal longer time to do the work with WPA forces than by contract.

There is urgent need for this sewer, and I am in favor of this work being carried on under contract, so that the insanitary conditions now existing in this district will be remedied at the earliest possible date.

Mr. Anderson arose and said:

Mr. President: I made a personal inspection of this sewer and I discovered some water running in an open ditch, which is not detrimental to the health of the people nor hurtful to the property.

A few years ago, the City constructed a branch sewer on Saline and Naylor streets, and I have asked the Clerk to get me the information, when this work was done. The sewer was repaired and it held up until we had a cloud burst.

If no sewer was there, the water would run through this ditch.

My next visit to the property was after a heavy rain and I did not discover any water on the streets. I was accompanied on this trip by Council's chauffeur and an engineer.

As I said before, I am suspicious of these emergencies, which in this case calls for an expenditure of \$30,000.00. I might remind the members of Council of the experience we had during the flood in the month of March, when emergency contracts of all kinds were made by the various city departments.

Mr. Evans arose and said:

Mr. President: I am in sympathy with the position taken by Mr. Anderson with respect to sewer construction work, that it should be done by WPA forces wherever possible, but in this instance the plans were made in 1934 as a WPA project, but never undertaken.

The sewer is broken and the sewage is running through an open ditch down the valley. There is considerable head to this sewer and this sewer broke twice. To do what Mr. Anderson suggests would cost \$5,000.00 or \$10,000.00, and it would only be a temporary job. This ordinance calls for a permanent sewer 54 inches in diameter and extends to the bottom of the hill, and it ought to be taken care of immediately.

I think we are justified in passing this ordinance so as to eradicate the nuisance existing in that neighborhood.

I am very much in sympathy with Mr. Anderson's view, that we should take advantage of the funds at our disposal from the Government, but in this case I think it ought to be handled promptly, and the only way that can be done, is to have the work done by contract.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

|         |                  |
|---------|------------------|
| Demmler | Magee            |

| Demmler   | Magee            |
| Evans     | Weir             |
| Gallagher | Scully, (Pres't) |

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

#### MOTIONS AND RESOLUTIONS.

Mr. Demmler presented

No. 1108. WHEREAS, Under the provisions of Ordinance No. 465, approved October 9, 1930, the City of Pittsburgh accepted the dedication of a certain tract in the 27th Ward for an addition to Riverview Park from the heirs of Samuel Dyer, comprising about seven (7) acres; and

WHEREAS, Since the time of the passage of this ordinance nothing has been done to incorporate said property into said park; Therefore, be it

RESOLVED, That the Director of the Department of Public Works be and he is hereby authorized and directed to advise Council to what extent provi-

sions of the abovementioned ordinance have been carried into effect; and if so, what improvements, in the judgment of the department, should be made to put it in the same condition as the remainder of the park; namely, the laying out of walks, roads, planting of shrubbery, trees, etc.

Which was read.

Mr. Demmler moved

The adoption of the resolution.

Which motion prevailed.

Mr. Gallagher moved

That the following members be excused for absence from Council and Committee meetings:

Mr. Anderson on April 15, 20; May 11, 18, 21; June 1, 11, 15, 23, 29, 30; July 1, 1936;

Mr. Demmler on April 8, 14; May 18; June 3, 1936;

Mr. Evans on April 8, 11, 14, 15; May 12, 18, 21; July 1, 1936;

Mr. Gallagher on May 18, 1936;

Mr. Garland on April 8, 15; May 18; June 1, 3, 8, 29, 30; July 1, 1936;

Mr. Magee on April 11, 20, 21, 23; May 18, 21; June 3, 11, 15, 1936;

Mr. McArdle on April 30; May 18, 1936;

Mr. Weir on May 18, 21; June 10, 29, 30; July 1, 1936;

Mr. Scully (Pres't) on April 11; May 18, 21, 1936.

Which motion prevailed.

The Chair took up

Bill No. 1078. Communication from the Mayor returning without approval Bill No. 932, Ordinance amending Section 1, Paragraph (e) of Ordinance for lease of portion of wharf to Greater Pittsburgh Exposition Society.

In Council, July 1, 1936, Read and laid over for one week.

Which was read, received and filed.

Also

Bill No. 932. An Ordinance entitled, "An Ordinance further amending Section 1, Paragraph (e) of an ordinance entitled, 'An Ordinance authorizing the execution and delivery by the City of Pittsburgh to the Greater Pittsburgh Exposition Society of a lease for certain property owned by said City

and located in the First Ward of said City, and providing for the conditions under which said lease shall be executed, and the terms thereof,' which became a law October 1, 1934, by extending the period of time for securing sufficient funds to construct and equip the exposition building to January 1, 1937, and providing that the lease shall be modified accordingly."

In Council, July 1, 1936, Bill returned by the Mayor without approval and laid over for one week.

Which was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

Mr. Weir arose and said:

Mr. President: When this bill was up in Council I voted against it, because at that time I did not think there was sufficient merit in it. I have since investigated the conditions surrounding the matter and have discovered that they will not be harmful to the City. I therefore am prepared to vote to override the Mayor's veto.

And the question recurring, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

|          |                  |
|----------|------------------|
| Anderson | Gallagher        |
| Demmler  | Weir             |
| Evans    | Scully, (Pres't) |

Noes:—Messrs.

|         |       |
|---------|-------|
| Garland | Magee |
|---------|-------|

Ayes 6. Noes 2.

And there being two-thirds of the votes of Council in the affirmative, the bill became a law notwithstanding the objections of the Mayor.

Also

Bill No. 1079. Communication from the Mayor returning without approval Bill No. 933, Ordinance for substitution of an application of the City on forms of PWA for application made by Greater Pittsburgh Exposition Society for a grant of funds to be used for the cost of an exposition building.

In Council, July 1, 1936, Read and laid over for one week.

Which was read, received and filed.

Also

Bill No. 933. An Ordinance entitled, "An Ordinance authorizing and directing the Mayor to substitute an application of the City of Pittsburgh on the usual forms of the Public Works Administration, approved by the City Solicitor, for the application made by the Greater Pittsburgh Exposition Society to the United States of America for a grant of funds to be used in partial payment for the cost of an exposition building to be erected and equipped in the City of Pittsburgh."

In Council, July 1, 1936, Returned by the Mayor without approval and laid over for one week.

Which was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Anderson

Gallagher

Demmler

Weir

Evans

Scully, (Pres't)

Noes:—Messrs.

Garland

Magee

Ayes 6. Noes 2.

And there being two-thirds of the votes of Council in the affirmative, the bill became a law notwithstanding the objections of the Mayor.

Also

Bill No. 1080. Communication from the Mayor returning without approval Bill No. 947, Ordinance amending and supplementing Ordinance for purchase of property in 19th and 20th Wards from T. W. Long et ux., et al.

In Council, July 1, 1936, Read and laid over for one week.

Which was read, received and filed.

Also

Bill No. 947. An Ordinance entitled, "An Ordinance amending and supplementing an ordinance entitled, 'An Ordinance authorizing and directing the Mayor and the Director of the Department of Public Works to purchase from T. W. Long and Lulu L. Long, his wife, and August F. Abel and Flora V. Abel, his wife, certain property situate in the 19th and 20th Wards, Pittsburgh, for public purposes, and providing for the payment of the same,' which became a law April 20, 1936."

In Council, July 1, 1936, Bill returned by Mayor without approval and laid over for one week.

Which was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

Mr. Evans arose and said:

Mr. President: In regard to this bill, it is a correcting ordinance. When the original ordinance providing for the purchase of the Abel and Long properties in the 19th and 20th Wards for playground purposes was passed, the cost thereof was charged to Bond Fund No. 278. There is an insufficient balance in this fund to pay for both properties; hence the amendment to charge the cost of the Abel property to Bond Fund 105-K.

There is sufficient money in Bond Fund No. 278 to pay for the property to be acquired from Mr. Long and also for the property to be acquired from the Methodist Protestant Orphanage on Jefferson avenue, North Side.

With respect to the Jefferson avenue property, I wish to state that this property is assessed at \$10,000.00. It was abandoned by the orphanage and is offered to the City at a greatly reduced price. It is located in a congested district and will provide a playground for a section that is sorely in need of one.

And the question recurring, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Anderson

Gallagher

Demmler

Garland

Evans

Weir

Scully, (Pres't)

Noes:—Mr. Magee

Ayes 7. Noes 1.

And there being two-thirds of the votes of Council in the affirmative, the bill became a law notwithstanding the objections of the Mayor.

The Chair presented

No. 1109.

City of Pittsburgh,

Office of the Mayor,

July 6, 1936.

To the President and  
Members of Council.

Gentlemen:

I am returning herewith Bill No. 1018,  
without my approval.

Respectfully yours,

WM. N. McNAIR,

Mayor.

Which was read, received and filed.

Also

Bill No. 1018. Resolution authorizing and directing the Mayor and the Director of the Department of Public Works to make application to the District Director of the Federal Works Progress Administration for the carrying out and completion of a project for the replacement of 500 maps for the Division of Surveys, the City's share of the cost of said project not to exceed \$500.00.

In Council, June 20, 1936, Read, rule suspended, read a second and third times and finally passed.

Which was read.

The Chair said:

Gentlemen, although the Mayor does not give any reasons for not signing this bill, we will deem it to be a veto.

Mr. Evans arose and said:

Mr. President: May I make remarks on the bill?

The Chair:

Yes, sir.

Mr. Evans:

This bill provides for the carrying out of a WPA project for the replacement of about 500 maps in the Division of Surveys of the Department of Public Works. Some of these maps are worn out, and many of them are unable to be read. These maps will be restored by draftsmen (white-collared help) by the Government without expense to the City. These maps are very useful to the City and should be kept up-to-date.

Mr. Garland arose and said:

Mr. President: Do you consider this a veto by the Mayor?

The Chair:

Let us assume that it is a veto.

Mr. Evans said:

Why not ask the City Clerk if the Mayor gave any reasons for vetoing this bill?

Mr. Clark (the Clerk) said:

No, sir.

Mr. Magee said:

Mr. President: What does the Mayor say in his message?

The Chair:

The Mayor's message is, "I am returning herewith Bill No. 1018, without my approval."

Mr. Magee said:

The Act of 1911 says the Mayor must return it with objections. Section 10 of that Act reads:

"Section 10. Every legislative act of the council shall be by resolution or ordinance, and every ordinance or resolution, except as hereinafter provided, shall, before it takes effect, be presented, duly engrossed and certified, to the mayor, for his approval. The mayor shall sign the said resolution or ordinance within ten days, if he approves it; but if he shall not approve it, he shall, within said time return it, with his objection, to council, which shall, at its next meeting after said return, consider it. If, upon reconsideration, council shall pass the ordinance or resolution over the veto of the mayor, by a two-thirds vote of all the members thereof, it shall be a binding ordinance or resolution of the city."\*\*\*

The Chair:

Let us assume that it is a veto. Let us submit it to a vote of Council.

Mr. Garland said:

Mr. President: You are establishing a precedent voting to override the Mayor on a bill which he fails to sign without the Mayor giving a reason for his failure to sign. Under the law the Mayor must state his reasons.

The Chair:

The Chair will rule that this will be submitted to Council for a vote.

Mr. Garland:

Without prejudice of making it a precedent.

The Chair:

Are there any further remarks?

Mr. Demmler arose and said:

Can we read into this communication that his objections is to the WPA performing any service for the City, the same as the Mayor has had right along?

Mr. Evans said:

In other words, the objections are political.

The Chair:

The Chair will rule that this will be submitted to Council for a vote.

Mr. Garland said:

Mr. President: I want to be recorded as not voting. I question its legality.

And on the question, "Shall the resolution become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

|          |                  |
|----------|------------------|
| Anderson | Gallagher        |
| Demmler  | Magee            |
| Evans    | Weir             |
|          | Scully, (Pres't) |

(Mr. Garland not voting)

Ayes 7. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution became a law notwithstanding the objections of the Mayor.

Mr. Demmler presented from the Committee on Finance

Bill No. 1075. Communication from the Mayor appointing Basil Onyshkow, Esq., as a member of the Board of Adjustment.

In Finance Committee, July 1, 1936, returned with a negative recommendation.

Which was read, received and filed.

Mr. Demmler presented

No. 1110. Resolved, That the appointment by the Mayor of Basil Onyshkow as a member of the Board of Adjustment be and the same is hereby approved and confirmed.

Which was read.

Mr. Demmler moved

The adoption of the resolution.

Upon which motion, the ayes and noes were taken agreeably to law, and were:

Noes:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Garland          |
| Demmler   | Magee            |
| Evans     | Weir             |
| Gallagher | Scully, (Pres't) |

Ayes none. Noes 8.

And a majority of the votes of Council being in the negative, the motion was rejected.

Mr. Weir moved

That the Minutes of Council of Monday, June 29th, and Wednesday, July 1st, 1936, be approved.

Which motion prevailed.

And on motion of Mr. Gallagher

Council adjourned.

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. Demmler arose and said:

Mr. President:—In the Committee, when considering Bill No. 1094, File 335, which is a Bill for the City of Pittsburgh Authority, I asked whether this ordinance merely created an Authority to handle the question of housing. As I remember correctly, I was informed that that would be the purpose of the Authority.

Bill No. 212, File 92, providing for the incorporation as a body corporate and politic to be known as "City of Pittsburgh Authority," Section 1 provides, inter alia, that the purpose of the Authority is for the "constructing, improving, maintaining and operating bridges, tunnels, streets, highways, parkways, traffic distribution centers, traffic circles, parking spaces, airport hangars, low cost housing projects, parks, recreation grounds and facilities, sewers, sewer systems, sewage treatment works, swimming pools, playgrounds, lakes, low head dams, hospitals and subways; and subject to the powers and limitations as set forth in said Act of Assembly hereinabove referred to."

I voted NO on this ordinance in committee when I was told it was purely for low cost housing projects, as I am not satisfied that housing is a proper public function. If this bill contemplates creating an Authority which will do these other things enumerated in Bill No. 212, I want to be recorded as voting for it.

The Chair said:

I think Mr. Evans, the sponsor of the bill, will be glad to enlighten you on the subject.

Mr. Evans arose and said:

Mr. President:—The various powers given to the Authority by the Legislature comprehend all the things Mr. Demmler outlined, but the real purpose in creating the Authority is to map out a project for the reclamation of some of the slum sections of the City, and also to determine whether the powers stated in the Act are constitutional. This is the only way in which a test case can be brought before the Courts to determine the constitutionality of the Act. As sponsor of the plan, it is not my purpose to construct bridges or do any of the other things mentioned in the Act, but to open up the way to reclaim these slum sections on which to build low-cost houses, not necessarily as public projects, but by private corporations or otherwise.

I think it is important that we pass the bill and create the Authority in order to prepare the way by which the City, if it sees fit in the future, may take advantage of the

money to be appropriated by the Congress of the United States in the form of a loan or grant for the rehabilitation of these slum sections, so that proper housing facilities may be furnished for the poorer class of people. There would also be included in this project the construction of parkways and playgrounds.

It is not my purpose to follow along the lines of the Allegheny County Authority, although this Act does give to the City Authority all the powers given to the Allegheny County Authority. The purpose of the Act, as I said before, would provide the machinery by which slum properties could be reclaimed on a wholesale scale, and the rehabilitation of these sections of the city, in my opinion, would bring about increased real estate values. These sections are tremendously depressed and it is well known that the assessed valuation of properties in the Third Ward and other wards, where the depression has hit hardest, is much higher than the real value of the property.

By reclaiming these properties, would more than pay the cost of rebuilding the houses and would liquidate any indebtedness that might be incurred in the course of making the improvements. I am heartily in favor of the bill, because I think it will provide the step for bringing about such an improvement.

Mr. Magee arose and said:

Mr. President:—I want to ask Mr. Evans what progress has been made about the incorporation of the Authority?

Mr. Evans said:

It is necessary to have the names of the proposed Authority set up in the application for the charter and arrangements will be made just as soon as this bill is passed to have an application made for a charter. There is a little difficulty we have encountered, but it might be very serious, and that is, the securing of the signatures of the proper public officials and the applying of the City seal to the application, but it is possible that such may be brought about by mandamus proceedings if it cannot be brought about in any other way.

Mr. Magee said:

Mr. Evans, Did the City Solicitor pass upon that question of the scope of the Authority, whether or not, we may apply for a charter on restricted basis of housing only, or do we have to apply for all the purposes mentioned in the Act?

Mr. Evans said:

It was mentioned by the City Solicitor that in the application for a charter, it might be dangerous, perhaps, to limit the scope to certain sections; but that it might be possible to limit it to housing and city planning by later action of Council; but in making the application for a charter the City Solicitor suggested that perhaps we should make it just as it is stated in the Act because there would be less danger of attacking its validity in the courts if it were done that way. It is given the same authority and powers as the Allegheny County Authority, and that Act was contested in the courts and ruled valid, and therefore we may proceed along the same lines, and when it comes up in court we might get a favorable decision. I would be satisfied to limit the power of the Authority to housing and city planning, but it is better in making application for the charter not to do so as we would be more likely to run into an adverse decision by the courts.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Demmler

Evans

Gallagher

Garland

Magee

Weir

Scully, (Pres't)

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Mr. Evans presented

No. 1159. Report of the Committee on Public Works for July 8, 1936, transmitting sundry ordinances to Council.

Which was read, received and filed.

Also

No. 1163.

WHEREAS, There has come to the attention of the Council that Index Cards, Graphic Maps, and other data compiled by the Federal Government agencies, and particularly under Works Progress Administration Project No. 4930, as authorized by the Council by Resolution No. 57, passed and confirmed on April 20, 1936, and recorded in Resolution Book, Volume 9, Page 53, on the 21st day of April, 1936, have been in possession of Wm. N. McNair, Mayor of the City of Pittsburgh, for some time; and

WHEREAS, Under the Resolution above referred to, the sponsor and custodian of any right, title or interest the City of Pittsburgh may have in said records was and is to be in Robert Clark, City Clerk; and

WHEREAS, Said records were delivered by the agencies of the Federal Government to the City Planning Commission for its benefit and use, and later delivered by said City Planning Commission, in part, to the Department of Assessors for its assistance in carrying out the performance of its duties and which also included equipment necessary to the Works Progress Administration, a Federal authority; and

WHEREAS, Said records and data, unless brought up to date, will not be of proper value to the City of Pittsburgh, and because, under the contracts, resolutions and arrangements with the Works Progress Administration,

said administration has been and still is willing to complete its work, but unable to do so by reason of non-access to the records, etc., hereinabove referred to; and

WHEREAS, The Mayor of the City of Pittsburgh is not the proper custodian of said records and data and has no authority to impound same, nor to deny access to said records of parties entitled thereto; Therefore, be it

RESOLVED, That in conformity with legislation now in force, Wm. N. McNair, Mayor of the City of Pittsburgh, is requested and directed to immediately deliver to Robert Clark, Clerk of City Council, all of the Index Cards, Graphic Maps, and all other data as above referred to and now in his possession; and that further the Mayor shall direct the City Planning Commission to release to the proper representatives of the Works Progress Administration the equipment purchased by the City of Pittsburgh and now held in the possession of the City Planning Commission and which equipment is held there at the express direction of the Mayor.

Which was read.

Mr. Evans moved

The adoption of the resolution

Mr. Evans said:

Mr. President: In moving the adoption of this resolution, I want to make some remarks on the motion. I have a letter which was written by Mr. Stotler in connection with this project, which sets forth the importance of the project and the reason why we must take possession of the documents which are now stored in the safe of the Mayor's office.

Mr. Stotler had charge of this project from the beginning, dating back for more than a year, and the project has been more than two-thirds completed, and it will only take a few months to complete it.

To give a history of the project, I want to read a letter from Mr. Stotler.

"Pittsburgh, Pa.,  
June 29, 1936.

Mr. T. R. Hinckley,  
Administrative Assistant,  
Old Post Office Building,  
Pittsburgh, Pa.

In Re. Plotting and Mapping Project No. 4930 sponsored by the City of Pittsburgh and originally superintended under the direction of officers of the City Planning Commission and now under the supervision of Pittsburgh City Council.

Dear Sir:

City and School taxes in the City of Pittsburgh must be entered as liens within three years of the date due. (Example: 1933 taxes must be entered by December 31, 1936). If taxes are not paid they must be revived each five years thereafter.

In the Prothonotary's office there are over three hundred large volumes containing approximately three hundred thousand liens, many thousands of which have been paid and satisfied of record. One of the objects of this project was to abstract all open liens, that is to say, all liens properly entered, properly revived, and at this time due to the school district and the City of Pittsburgh, that they might be placed in a new set of dockets thus minimizing valuable space, saving countless hours in making searches, giving county authorities a record from which they could get information almost instantly, and furnishing a set of books from which authorities would know who is indebted for taxes and giving the city a bookkeeping system, which really has never existed. No concerted effort is made to collect lien delinquent taxes. The lien docket is apparently a tax graveyard for, when entered, they are forgotten. Notices are not even sent to taxpayers of their delinquencies. The work now being compiled by this project, we believe, will revolutionize the present delinquent tax system and there will be no excuse for permitting the present chaotic situation to continue.

Another object was to make tracings of one thousand forty-four unit maps in the assessor's office which covered the entire city. From these tracings we have had white prints made and on these white prints show in graphic form all properties that had tax liens entered against them, city owned properties, and properties that were exempt from taxation. The ramifications of the uses of these maps have developed to be so vast that it is practically impossible to

cite in detail their worth in this letter.

There are many other especially meritorious phases to the project but time and space do not permit an elaboration of them here.

As the work proceeded it was found that when completed it would be of inestimable value and of such greater use than originally anticipated. The work so progressed that some ninety thousand liens were abstracted and placed on index cards, the tracings were all made and the graphic forms practically completed for all liens that had been taken off, when suddenly all L. W. D. projects ceased operations (during July, 1935). At that time the books, index cards and supplies were on the 14th floor of the Grant building, which had been leased by the City of Pittsburgh for the purpose of conducting this work. The lease expired and all material was moved by Mr. Carrol V. Hill, City Planner, of the City Planning Commission to the City-County building. At that time I was Assistant Project Head and particularly requested Mr. Hill not to disturb the work unless he would so notify me. However, I received no such notice and later learned that a part of the work was stored in the City Assessor's Office and a part in the office of the Planning Commission. There were no further activities until January, 1935 when the Government notified the Planning Commission they were ready to resume operations, and the work was started, but halted in several days by the Planning Commission, stating they could not get authority from the Mayor of the City to proceed.

Many times I was in conference with the Mayor asking him to give his consent to continuing the work and, while he mentioned that he considered the work of great value, he would never give his approval and at the same time he never said "No", always stating that he wanted to think it over.

Recently City Council discovered the chaotic conditions of their delinquent taxes. They also discovered some three thousand properties, owned by the City, had received absolutely no attention whatever for perhaps twenty years. They learned of the work that had been done under this project and after careful investigation they unanimously

voted to take the project over, out of the hands of the Planning Commission and sponsor it themselves. They so notified the Government and were advised that the funds had been cancelled but doubtless could be reinstated, which recently was so done.

The Mayor learned of Council's action and called on Mr. Hill of the Planning Commission, and as nearly as I can recall he stated, "This is campaign year and this work is of too great value to be in operation at this time" which, of course, was a subterfuge, his real reason was his apparent animosity, which I sometimes think is camouflage, towards WPA and more especially because of his feud with Council. He informed Mr. Hill that he intended to remove the books. Several hours afterward two employes, whom I understand are attached to the Mayor's office, removed the books and index cards to the vault in the Mayor's private office, where I believe them to be at this time.

Council is very much disturbed over the Mayor's action and they are very anxious that this work be completed as expeditiously as possible and they are of the opinion that the United States government is the proper authority to recover the work. I remember quite well that we had implicit instructions from Mr. Hill not to loan any of our maps to anyone without written authority from Mr. Stuart, Administrator, at that time, which would indicate to me that he was of the opinion that it was Government property until completed. In the event the Government does not feel justified in taking action, Council is one hundred percent, for immediately starting legal proceedings, the nature of which they have not as yet decided upon, at once. When we were operating, I remember numerous times Government representatives made regular inspections of the work, and of course, as at the present time, we furnished the usual reports on progress, etc., direct to the Government. Council requests me to say that they, with their attorneys, will be glad to confer with Government representatives or their attorneys at any time.

For your information, all equipment, supplies and rentals were provided by the City of Pittsburgh while the Government furnished all funds for labor.

Mr. Carrol V. Hill, City Planner, of the City Planning Commission represented and supervised all work for the Planning Commission.

Respectfully,

C. C. C. STOTLER,  
Project Superintendent.

July 9, 1936.

Hon. William N. McNair, Mayor,  
City-County Building,  
Pittsburgh, Pa.

My dear Mayor:

I am superintendent of a government project which is endeavoring to complete a survey of liened delinquent taxes. The survey consists of compiling a card index system showing all open tax liens. It also includes the preparation of maps on which are shown in graphic form the chronic non-paying tax districts, city-owned properties and properties exempt from taxation.

In proceeding with the work, I recently learned that you have in your possession our index cards and graphic maps, the use of which are imperative to the progress of the work, and I respectfully ask that you deliver possession of the equipment you now have to Mr. William McCullouch and Mr. Joseph Szepe, my assistants in this project, upon delivery of this letter. If it is inconvenient to do so immediately, will you kindly inform Mr. McCullouch and Mr. Szepe at what hour during the day they may return to obtain the articles requested.

I want you to know that all records and data will be available to your office or any office that is privileged to receive the benefit of our work at any time and when completed, of course, it is the intention of the Government to turn over to the City of Pittsburgh the results of our achievements.

Yours truly,

C. C. C. STOTLER,  
Superintendent."

This letter was written by Mr. Stotler, the Project Manager, and I only read it to emphasize the importance of the work and why we should continue it.

And the question recurring on the adoption of the resolution,

The motion prevailed.  
The Chair presented

No. 1164.

CITY OF PITTSBURGH  
Office of the Mayor

July 15, 1936.

The President and Members  
of City Council,  
510 City-County Building,  
Pittsburgh, Pennsylvania.

Gentlemen:

You are hereby notified, that, by virtue of the authority vested in me by Article VI, Section 4 of the Constitution of Pennsylvania, I removed Mr. Thomas A. Dunn from the office of Director of Public Safety of the City of Pittsburgh, today, viz., July 15, 1936, at 9:50 A. M., Eastern Standard Time.

Although I am fully cognizant of the fact, that there is no legal mandate compelling me to assign a reason for such removal, nevertheless, I deem it proper to make known to you and the general public the reasons that actuated me in removing Mr. Dunn.

As the duly elected Chief Executive, I am responsible to the people of this great city for its proper government and management.

To better insure such government, the laws of Pennsylvania have wisely clothed me with supervisory powers over the heads of the various city departments. These department heads are in truth and fact my lieutenants, my aides from whom I can reasonably expect full co-operation and loyalty in carrying out the intricate details of government incidental to an honest and efficient administration.

It is my solemn duty, in case of necessity, to offer advice and suggestions to these lieutenants for the betterment of our administrative functioning, and it is the bounden duty of such lieutenants to give serious heed and consideration to the advice and suggestions given.

In the exercise of my supervisory powers, I have suggested to Mr. Thomas A. Dunn, at least on four separate occasions, the urgent advisability and necessity of making certain changes in the personnel and policies

of the department of Public Safety, which changes if carried out in whole or in a substantial part would have resulted in a healthy reorganization of said department, a reorganization generally conceded to be necessary.

Mr. Dunn saw fit not only to totally repudiate and ignore the advice and suggestions given by me, but has also publicly and privately criticized, rebuked and abused me.

He has deliberately violated matters of a confidential character and has released for publication matters confidentially entrusted to him.

By his public and private utterances he gave evidence of such a positive spirit of disloyalty to his superior officer, that I was finally compelled to remove and dismiss him.

By a communication read at a session of City Council, held on August 26, 1913, (See Municipal Record—1913, Page 363), the Hon. William A. Magee, present member of your Hon. body, at that time Mayor, set forth his reasons for removing Joseph G. Armstrong as Director of Public Works.

In said communication, Mr. Magee, inter alia, wrote as follows:

"Being charged with the administrative responsibilities of the city's affairs, I believe, I am entitled to have subordinates in reasonable accord with my views upon questions of essential importance.

"I have issued several orders in the premises, which have been obeyed by Mr. Armstrong, but only in a literal sense.

"An intelligent and positive administration of this important department requires the active co-operation of an officer who is something more than a mere automaton.

"I believe the best interests of the city require that I should have in this department a vigorous lieutenant with views and aims similar to my own, one who will cordially co-operate with me and in whom I can implicitly rely. Mr. Armstrong does not answer to this description."

"An ordinary sense of propriety in the circumstances should have

suggested a long time ago that he bring about a severance of our political connection.

"I have awaited a considerable period for some action on his part in this direction, and in the absence of any sign, indicating such intention I am compelled in decent regard to the best interests of the public service, to say nothing of the integrity of the existing administration, to assume the initiative and take this step, which is not an agreeable one, but which has been forced upon me."

Gentlemen of Council! If you will delete the name "Armstrong" and substitute therefor the name "Dunn" from said communication of Mr. Magee, you will have expressed, in terse, clear and unmistakable language, the reasons for my removal of Mr. Dunn as Director of Public Safety.

As a direct result of the removal of Mr. Dunn, there is now a vacancy in the office of Director of Public Safety.

That a vacancy occurred immediately after Mr. Dunn's removal, is legally so fundamental that I do not think it will answer any useful purpose to cite at length the mass of legal authority and judicial precedent which holds that the absolute right to remove a department head is vested in the Mayor.

In an opinion rendered on July 1, 1936, William B. Secrist, Esq., present City Solicitor, rendered the following opinion:

"My opinion is that the Mayor has the absolute power of removal effective immediately upon the exercise of the authority and regardless of councilmanic action."

I am certain that a reading of the able opinions expressed by the learned Judges of our Supreme Court, in the cases of *Finley vs. McNair*, 317—Pa., Page 258, *Muir vs. Madden*, 286—Pa., Page 233, *Commonwealth vs. Hoyt*, 254—Pa., Page 45, *Commonwealth vs. Sulzner*, 198—Pa., Page 502, etc., will convince the members of Council that a vacancy now exists in the office of Director of Public Safety as a result of my removal of Mr. Dunn.

Charles J. O'Brien, Esq., City Solicitor as aforesaid, on October 28, 1913, (See Municipal Record—1913, Page 433), very concisely and pertinently said that

such a dismissal caused an "actual vacancy", a "legal vacancy."

There being a vacancy as aforesaid, using the phraseology of Solicitor O'Brien, used in said opinion, "There is but one way to fill the same, which is by the Mayor exercising the power of appointment to be confirmed by Council immediately if in session, or if Council is in recess, then at its next session."

Fully aware of my responsibilities in the premises and with deep realization of the unavoidable necessity of filling, by appointment, a post of such importance, a post charged with the care, management and supervision of the police affairs and all matters relating to the public health, to the fire and police force, fire alarm telegraph, erection of fire escapes and the inspection of buildings and boilers, markets and food sold therein and the construction, production and repair of buildings erected for police and fire purposes, and being desirous of respecting the right of confirmation given to Council under the provisions of existing laws, I am herewith placing before you, for your immediate action while you are in session the name of a successor.

In choosing a successor, I did so with full knowledge of the vast power the holder of such a position wields over a department having a personnel of two thousand policemen, firemen and other employes, a department necessitating an annual expenditure of almost Five Million Dollars.

I have considered the qualifications of such a successor from the standpoint of honesty, loyalty, temperament, capability, knowledge and fitness.

The man I have chosen is one of unquestionable honesty, integrity, character and ability, as you yourself have attested by your confirmation of him for one of the most important posts in the city's service.

He is a master of municipal affairs, thoroughly familiar with the duties of the office of Director of Public Safety, and he is a firm believer in the orderly processes of government and the Constitutional rights of free speech and peaceful assemblage.

He is a man upon whose loyalty and good judgment I can implicitly rely and whose conduct of the office of

Public Safety will unquestionably rebound to the credit of our wonderful city.

Gentlemen, I have the honor and pleasure to inform you, that I have appointed, subject to your approval while you are in session today, Mr. William B. Foster, 7146 Reynolds street, Pittsburgh, Pennsylvania, as Director of Public Safety of the City of Pittsburgh.

Mr. Foster will be present at your session of today, ready and willing to answer, openly and frankly any questions that you may desire to put to him relative to his appointment.

Gentlemen, I desire in conclusion to draw to your attention the imperative necessity of giving this matter your most serious consideration, in order that the interests of the city and the people thereof may be best served.

The people of the City of Pittsburgh look to you, Mr. President and Members of Council, for immediate and unselfish action. Do not fail them.

Respectfully yours,

WM. N. McNAIR,

Mayor.

Which was read, received and filed.

Mr. Evans presented

No. 1165. RESOLVED, That the appointment by the Mayor of William B. Foster as Director of the Department of Public Safety, shall be and the same is hereby approved and confirmed.

Which was read.

Mr. Evans moved

The adoption of the resolution.

Upon which motion, the ayes and noes were taken agreeably to law, and were:

Noes:—Messrs.

|           |                  |
|-----------|------------------|
| Demmler   | Garland          |
| Evans     | Weir             |
| Gallagher | Scully, (Pres't) |

(Mr. Magee not voting).

Ayes none. Noes 6.

A majority of the votes of Council being in the negative, the motion was rejected.

Mr. Magee arose and said:

Mr. President: Is it true that there are other communications from the Mayor on this subject?

The Chair said:

Yes, sir; I understand there are. The communications are in the room, but not on the council table at present.

Mr. Magee said:

I want to know everything from the Mayor on this subject before I vote.

The Chair said:

This is the only matter we have officially.

Mr. Gallagher arose and said:

Mr. President: Are the other communications officially before the Council?

The Chair said:

This is the only communication (holding it).

Mr. Magee said:

How can it be said that they are here?

The Chair said:

We were told that, Mr. Magee.

Mr. Magee said:

I would like to know what the plan of the Mayor is in dealing with the Council as a whole before I vote on this matter.

The Chair said:

We have nothing before the Council except this communication from the Mayor. What is the pleasure of the Council in respect to this communication? It must be disposed of by acting upon it here, or refer it to committee.

Mr. Evans moved

That the Council take action on the communication.

Which motion prevailed.

The Chair said:

In what form. We must take action one way or the other. What is the pleasure of the Council?

Mr. Evans arose and said:

Mr. President: I move that the appointment by the Mayor of Mr. Noren be approved and confirmed.

Mr. Gallagher arose and said:

Mr. President: I second the motion. In seconding the motion, I want to say that I am doing it for the

purpose of bringing it before Council for action.

The Chair also presented

No. 1166.

City of Pittsburgh,  
Office of the Mayor,  
July 15, 1936.

To the President and  
Members of Council,  
510 City-County Building,  
Pittsburgh, Pa.

Gentlemen:

Your honorable body having rejected my appointment of William B. Foster as Director Public Safety, I herewith submit for your immediate consideration and approval my appointment of Mr. Hugo Noren, 546 Greenfield avenue, Pittsburgh, Pa., as Director of Public Safety.

Respectfully yours,

WM. N. McNAIR,

Mayor.

Which was read.

And on motion of Mr. Weir, referred to the Committee on Finance.

Mr. Gregory Zatkovich, Mayor's Secretary, arose and said:

Mr. President: I have another communication from the Mayor.

The Chair said:

If it relates to the same subject, it will not be received at this time.

Mr. Magee arose and said:

Mr. President: I insist that all communications from the Mayor be received.

The Chair said:

Mr. Zatkovich, what is the message from the Mayor?

Mr. Zatkovich said:

Mr. President: As the duly authorized representative of the Mayor, may I explain. If you will take favorable action on Mr. Noren's appointment, it will not be fair to the other applicants to present their names, but

in view of the action you have taken by referring Mr. Noren's appointment to committee, I have other letters to present. All I can hand you at this time is one communication. You may accept or reject it.

The Chair said:

You may hand in that communication. (The communication was presented to the Chair). The Chair will not present this communication to the Council because it is a duplication of the communication just presented and referred to the Committee on Finance. In other words, there would be a duplication of names for the position of Director of the Department of Public Safety. In view of this fact, the Chair will rule that it is not the proper time to present this communication. This letter will be presented when disposition is made of the Mayor's appointment of Mr. Noren. Are there any further remarks? If not a motion to adjourn is in order.

Mr. Magee arose and said:

Mr. President: I do not think Council should adjourn for a week. We don't know what the program of the Mayor is. I think we should adjourn until some time tomorrow, at an hour to be fixed by the Chair. I do not think we should adjourn for a week and leave the situation as it is.

The Chair said:

When we adjourn today, I will entertain a motion to adjourn to meet some hour tomorrow at the convenience of the Council.

Mr. Garland moved

That the Minutes of Council of Wednesday, July 8, 1936, be approved.

Which motion prevailed.

Mr. Evans moved

That when Council adjourns, it shall adjourn to meet on Thursday, July 16, 1936, at 10:00 o'clock A. M., Eastern Standard Time.

Which motion prevailed.

And on motion of Mr. Weir

Council adjourned.

July 15, 1936,

12:30 P. M. Eastern Standard Time.

The President and  
Members of Council,  
City-County Building,  
Pittsburgh, Pennsylvania.

Gentlemen:

As you have recessed your session of July 15, 1936, to reconvene tomorrow, July 16, 1936, at 10:00 A. M., Eastern Standard Time, and as you have failed to take immediate action on my appointment of Mr. Hugo W. Noren, as requested by me in a communication bearing even date herewith; and as you have further refused to receive, file and have read in Council my written request for the appointment of Mr. George W. Wakefield, as Director of Public Safety, I hereby officially notify you that I have withdrawn the appointments of both Hugo Noren and George W. Wakefield.

I further notify you that I have, at 11:45 A. M. Eastern Standard Time, July 15, 1936, while your Honorable Body is in recess, appointed Mr. Robert C. Bowers, 5711 Melvin street, Pittsburgh, Pa., as Director of Public Safety, to fill the vacancy created by the removal of Thomas A. Dunn. Said appointment having been made during a recess of Council, same is subject to your approval at your next session, and if same shall not be rejected within thirty days after Council shall have convened, the same shall be considered confirmed.

Respectfully yours,

WM. N. McNAIR,  
Mayor.

Which was read, received and filed.

Mr. Demmler reported from the Committee on Finance.

Bill No. 1166. Communication from the Mayor appointing Hugo W. Noren as Director of the Department of Public Safety.

In Finance Committee July 16, 1936, ordered returned to Council for action.

Which was read.

Mr. Demmler moved

That the communication be laid on the table.

Which motion prevailed.

Mr. Evans presented

No. 1170. RESOLVED, That the appointment by the Mayor of Robert C. Bowers, as Director of the Department of Public Safety, shall be and the same is hereby approved and confirmed.

Which was read.

Mr. Evans moved

The adoption of the resolution.

Mr. Magee arose and said:

Mr. President:—The message of the Mayor that was read to the Council yesterday and the uncontradicted testimony of Director Dunn before Judge Marshall outlines and makes definite the issue that exists between the Chief Executive and his subordinate.

Mayor McNair in his communication says that on four separate occasions, in an endeavor to obtain a re-organization of the police department, he called upon the Director to make changes in the personnel of that bureau. On the merits of his changes he has said nothing, but does say the refusal of the Director to acquiesce in his decision about this re-organization constitutes an act of rebellion on the part of the Director, and that Mr. Dunn is no longer qualified to act as his subordinate in charge of the department.

Director Dunn in court testified that the Mayor submitted to him a list of 115 names for appointments and dismissals, promotions and demotions, without any consultation with him in advance. Mr. Dunn, before the Council at the time of the investigation of the Bureau of Police about one month ago, said that there were at least three occasions on which similar lists were brought to him by other subordinates of the Mayor who were not connected with the Department of Public Safety at all: on one occasion, 60 names; on another occasion, 85 names, and on the last occasion, 115 names.

Mr. Dunn testified in court yesterday, as he did before the City Council at the hearing, that if he had

adopted these suggestions wholesale he would have been dismissing seventeen of the best officers in the higher ranks; that he would not only have deprived the city of the service of some of the ablest men in the police department, whose disciplinary records were perfect; but, in addition, he would have thrown an additional burden on the annual budget of \$18,000 a year in pensions for the officers thus retired.

Director Dunn testified that there were nine names on the list who were designated for promotion. These were names of men who were not on the Civil Service eligible list, and it would have been an unlawful act on the part of the Director to make such appointments.

We had the identical issue in the early part of this year in the Department of Public Welfare, when the Mayor forced the resignation of the head of that department because the Director was actually obeying the law contrary to the wish of his superior that he disobey it.

We have had all through this administration arbitrary and capricious appointments and dismissals time and again in all the departments and particularly in this Department of Public Safety. We are now confronted with the fourth dismissal of a director of Public Safety in a period of two and one-half years. We have the very difficult problem of trying to reconcile the undoubted intention of the charter act that the Mayor should have, as directors under him, men who are in accord with him and who are in personal sympathy with him.

We realize that affairs have come to such a pass between him and this particular Director that that condition of mind and heart does not exist any longer; but on the other hand, while the law does not want him to have persons who are out of sympathy with him, at the same time the law does not allow him to appoint according to whim. It provides a veto on his act in this body.

Now, therefore, without any attitude of hostility towards him at all, we should require that he supply to us the name of a real person for appointment, one who will be more than a

mere automaton. He should be a person who would take office, not with the notion that he is to adopt wholesale a list of 115 names. He should take the office with this provision of the charter in mind, "The directors or chief officers of departments shall appoint all subordinate clerks, officers, employees, and by written order, giving their reasons therefore, may remove or suspend subordinate officers and clerks, provided the same is not done for political reasons."

We know very well that the chief executive, being far removed from the actual operation of the Bureau of Police, could not have personal knowledge of his own in regard to such a large number of subordinate officers as 115. Those names must have been given to him by others, and there is no evidence that he consulted with the director of this department or the Superintendent of Police as to the eligibility of these men as to dismissal, promotion or demotion.

Therefore, in this difficult situation that exists, I do not hesitate to accept my full responsibility as a member of Council. His appointee must be a man of character and intelligence with enough experience in practical affairs to justify me in believing he understands his full responsibilities. A director has a legal responsibility to the city under his oath and his bond. He has an official responsibility to his superior officer, the Mayor, and most important of all, he is morally responsible to the public, his fellow-citizens. I have shown that Mr. Dunn is right in the dispute with his superior. I will not vote for anyone to succeed him who I thought would do what Mr. Dunn has refused to do; in other words, be a mere rubber stamp to the detriment of the service, the expense of the taxpayer, and the jeopardy of the public.

Mr. Garland arose and said:

Mr. President:—How does the present communication read—a recess appointment?

The Chair said:

Yes, sir.

Mr. Garland said:

Do you understand it is a recess appointment since our meeting of yesterday?

The Chair said:

Yes, sir.

Mr. Evans arose and said:

Mr. President:—I ask that a vote be taken on the resolution.

The Chair asked Mr. Garland to take the Chair, and taking the floor, said:

Mr. President:—I should like to speak at this time on this resolution to the following effect:—I agree heartily with the position taken by Mr. Magee and with the position taken by the Mayor, that the members of his cabinet should be in accord with him because in that way only can a satisfactory administration of city affairs be had.

I propose to vote against the appointment of Mr. Bowers on two grounds:—First, that no recess exists; second, that I do not believe Mr. Bowers is qualified to take and hold this position.

On the first ground, I trust that in so acting Council will enable an issue to be raised as to whether or not the Mayor has the right to treat every temporary suspension of our activities as a recess under the law. If the Court will uphold that contention, I will gladly recognize that position.

On the second ground, I trust that the Mayor will see fit at some time to send to this body the name of a man who will so commend himself to the body that we may vote for his confirmation. Such a person must be a man who will not be a rubber-stamp, but a man who will administer the office in a non-partisan fashion and will not participate in what may result in raids on the treasury. The pension fund is not in a condition at this time to take on additional burdens. The allegations, made by the Mayor from time to time that the City is not in good financial shape, are out of order, improper and unfair.

Therefore, I am voting against Mr. Bowers and propose to vote against him in the belief that in so doing we may be able to induce His Honor to cease the opera bouffe that has been indulged in here and treat the city affairs seriously, and that he will have associated with him persons who will be able to get the finest and best results in the administration of city affairs.

President Scully resumed the Chair.

And the question recurring on the adoption of the resolution, the ayes and noes were taken agreeably to law, and were:

And the majority of the votes of Council being in the negative, the motion was rejected.

The Chair presented

No. 1171.

CITY OF PITTSBURGH

Office of the Mayor

July 16, 1936.

The President and

Members of City Council,  
510 City-County Building,  
Pittsburgh, Pennsylvania.

Gentlemen:

Your Honorable Body having rejected my appointment of Mr. Robert C. Bowers, as Director of Public Safety, I hereby submit for your immediate consideration and approval my appointment of Mr. George W. Wakefield, 6710 Fennimore street, Pittsburgh, Pennsylvania, as Director of Public Safety.

Respectfully yours,

WM. N. McNAIR,  
Mayor.

Which was read.

Mr. Weir moved

That the communication be referred to the Committee on Finance.

Mr. Gregory Zatkovich, Mayor's Secretary, arose and said:

Mr. President:—I have a communication from the Mayor.

The Chair:

Will you present the communication through the clerk?

Mr. Zatkovich said:

That was my intention.

(The paper was handed to the President of Council by the Clerk, which he read).

The Chair said::

That is the name that has been withdrawn. This communication, Mr. Clerk, is dated what?

The Clerk (Mr. Lindsay) said:  
July 16th.

The Chair said:

The communication of withdrawal is dated what?

The Clerk said:  
July 15th.

Mr. Demmler arose and said:

Mr. President:—In view of the fact that it was the intention of the Mayor to withdraw the name of Mr. Wakefield, I would vote to dispose of it today without referring it to committee.

The Chair said:

If you act upon it immediately, it will be contrary to our action on previous appointments. Mr. Zatkovich is still in the room. He has a stack of letters with him, whose effect, if received today, would be to make you end men again on another performance.

Mr. Magee arose and said:

Mr. President:—What will be the effect of referring this communication to committee?

The Chair said:

The committee will meet on next Wednesday.

Mr. Magee said:

When the committee adjourned this morning, did it adjourn until next Wednesday?

The Chair said:

Yes, sir. This is not a recess ap-

pointment. Not being a recess appointment, Mr. Wakefield has no power.

Mr. Magee said:

Mr. President:—This is Thursday. I don't think we should wait until the regular meeting of the committee next Wednesday to act on this appointment, which meeting would come after the Council meeting. Can we not have a meeting of the committee now? I am going to vote for the motion to refer this communication to the committee, with the intention later of making a motion to have an early meeting of the Committee on Finance.

Mr. Zatkovich said:

Mr. Chairman:—May I have the floor?

The Chair said:

Mr. Magee is addressing the Chair. You are out of order.

Mr. Zatkovich said:

I am addressing the Chair, not Mr. Magee. Mr. Magee having completed his remarks, I have another communication to present.

The Chair said:

Sit down. You are out of order.

And the question recurring "Shall the communication be referred to the Committee on Finance?"

The motion prevailed.

Mr. Magee moved that the Chairman of the Committee on Finance be instructed to call a meeting of that Committee for Monday, July 20, 1936, at 10:00 o'clock A. M., Eastern Standard Time.

Which motion prevailed.

And on motion of Mr. Garland.

Council adjourned.

Gentlemen:

By reason of the illness of my wife, who is now sojourning in Norway, I am compelled to absent myself from the city.

I have, therefore, designated Mr. Leslie M. Johnston, Director of Public Works, to act as Deputy Mayor, during my absence, and I have instructed him to give such bond as Council shall provide under the terms of the Act of June 22, 1931, P. L. 665.

Said designation shall continue until same is revoked in the manner specifically set forth in said Act.

Respectfully yours,

WM. N. McNAIR,  
Mayor.

Attest:

Gregory Zatkovich,  
Mayor's Secretary.

Which was read, received and filed.

Also

Pittsburgh, Pa.,

July 21, 1936.

To the Members of City Council:

This letter is to state my attitude toward the office of Safety Department Director, for your information if my name is still before you. No harm done if it is not.

I appreciated the Mayor's demonstration of confidence, but had been inclined to run from the idea until last Friday night when I found myself saying to myself:

"Of course you have never run a Safety Department—a man's job, but you have done man's jobs. You have had varied experiences as an executive and as an organizer, and you know the rules for winning respect and co-operation and for getting results.

"A long period of health problems in the midst of your 58 years, and then latterly a lack of breaks in some oil and gas operations served somewhat to retard the progress of your personal fortunes, but you have always risen to situations and handled them, and you can rise to this situation and be of service."

Long before I got to sleep, about four o'clock Saturday morning, I had myself sold on the idea and was enthused about it.

I have never talked with Mayor McNair about any angle of this department, and I had had no hint that my name was to be submitted to you, but the Mayor knows that I am for him, and that I will recognize his prerogatives as my chief. On the other hand I cannot visualize myself functioning as a "rubber stamp." In fact he would not want me to, and I would not be interested if I had to.

In the event of my confirmation McNair, as Mayor, you, as Councilmen, and I, as Director, will all be interested in the same ends, and I will give all I have to promote those ends.

Very sincerely yours,

G. W. WAKEFIELD.

An interesting coincidence lies in the fact that in one of the earlier oil and gas ventures mentioned I was associated with the then Safety Department Director, Jim Clark; he as Vice President, Ralph W. Harbison as President, and I as Secretary-Treasurer of our company.

The President and  
Members of City Council,

510 City-County Bldg.,  
Pittsburgh, Pennsylvania.

Gentlemen:

In the event of your rejection of Mr. George H. Neubauer, as Director of Public Safety, I desire this communication to be read to you.

I am reliably informed that in an address delivered before your Honorable Body, on July 16, 1936, your President stated that he recognized the right of the Mayor to have Cabinet Officials, who are in sympathy with him and favorable to his policies, and that if the Mayor would send to Council the name of a man, who will commend himself, Council would be glad to confirm him.

I am further informed, that the foregoing is also an expression of the sentiment of all but one, of the members of Council.

Desiring to fully co-operate with you in an exacting task of analyzing human worth, and recognizing the possibilities and probabilities of honest differences of opinion that may arise between us in gauging the qualifications and character of men, who I am convinced, would make excellent Directors of Public Safety, I herewith submit for your immediate consideration the names of the following outstanding citizens of Pittsburgh.

COLONEL T. A. STARZYNSKI, M.D.,  
2899 Beechwood Boulevard.

MR. HENRY D. JOHNSON, JR.,  
Engineer, 6662 Ridgeville avenue.

MR. G. ROSS WILLIAMS, Secretary-Treasurer of Williams-Haas Co., 854 Western avenue.

MR. CASIMIR J. PELLEGRINI, Architect, 6437 Monitor street.

MR. OSCAR C. STOEHR, City Assessor, 416 Sandusky street.

If you shall see fit to approve one of said gentlemen, as Director of Public Safety, to fill the vacancy created by my removal of Mr. Thomas A. Dunn, the gentleman so approved by you is hereby specially designated by me as my appointee to the office of Director of Public Safety of the City of Pittsburgh.

Respectfully yours,

WM. N. McNAIR,  
Mayor.

Which was read.

Mr. Magee said:

Mr. President: The city charter says that the Mayor makes appointments with and by consent and advice of Council. I believe this communication is in the nature of an attempt to seek advice from Council.

I think our duty is to be satisfied that the Mayor has appointed a substantial citizen, with good judgment. Therefore, this communication should be referred to committee so that Council can tender the Mayor some advice on this appointment.

And on motion of Mr. Magee, the communication was referred to the Committee on Finance.

supplementing Section 62, Bureau of City Property, Department of Public Works of an Ordinance entitled, 'An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh, and the rate of compensation thereof,' approved January 2, 1935, and the several amendments thereof and supplements thereto."

In Finance Committee, July 15, 1936, bill read and amended by striking out the entire section after the enacting clause, and by inserting as shown in red, and in the title by striking out the words "and supplementing," and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Demmler moved

That the amendments of the Finance Committee be agreed to.

Which motion prevailed.

And the bill, as amended in Committee, and agreed to by Council, was read.

Mr. Demmler moved

A suspension of the rule to allow a second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

The Chair said:

Gentlemen: The chair would like to call attention to Bill No. 625, File 344, and ask, if on reading that bill, Council is satisfied that the position of Chief Clerk in the Bureau of City Property is to be abolished under this ordinance? The Chair is not clear on the intent and effect of this position.

Mr. Demmler arose and said:

Mr. President: If this ordinance passes and becomes a law, the position of Chief Clerk will be eliminated and the position of Superintendent established.

The Chair said:

Gentlemen, are there any further remarks?

Mr. McArdle arose and said:

Mr. President: It is my purpose

to vote against the bill. As far as I am concerned, I can see no reason at this particular time for making this change in title and increasing the salary of the present incumbent from \$2,500.00 to \$3,750.00, or an increase of 50 per cent.

If the person holding the present position would see that the employees under him were performing the duties of the positions to which they were appointed in accordance with the provisions of the salary bill, and prevent them from performing the functions of other positions, such as elevator operators doing clerical work and allowing the clerical force to absent themselves from the office to the neglect of the business of the office, we might agree that there is some justification in asking for the consideration that this bill gives him.

Mr. Magee arose and said:

Mr. President: What Mr. McArdle says was not said at the time this bill was considered in committee. I know nothing of the matters he speaks of.

I am in favor of the passage of the bill because the man at the head of the bureau has and is conducting the office with efficiency and is acting under the misleading title of chief clerk.

Whether the salary should be \$3,750.00 or \$2,500.00, the Council is right in giving the position the right title.

I think the present incumbent, because of his efficient work, is entitled to the higher salary. The matters that Mr. McArdle refer to ought to be inquired into.

Mr. Anderson arose and said:

Mr. President: I am opposed to the bill. I do not think this is the time to re-open the budget. The Council appropriated the money to pay the expenses of this bureau. It is clearly in my mind what happened while the budget was being prepared and the amounts set up to operate the different departments. There were one or two slips of paper passed onto Council to make the budget from.

The gentleman who will derive the benefit of this increase was employed at the time the budget was made up,

and at that time no recommendation was made that he should receive an increase in salary, or that the title of his position should be changed.

I realize that there are many employees working for the City who are not paid according to the services they perform; and on the other hand, there are some employees who are overly paid. That is a matter for the heads of the different departments to adjust.

These recommendations should be made when the Council makes up the budget; when they appropriate the money to operate the different departments, and not come in during the middle of the year and ask that these changes be made.

This is not the time to re-open the budget. I have many requests for increases for city employees, and I respect the requests of many of them, but this is not the opportune time to make these changes. Therefore, I am going to vote against this ordinance.

Mr. Gallagher arose and said:

Mr. President: As stated in committee, I am opposed to this bill. I agree with Mr. Anderson that this is not the time to open up the budget. Although we did pass an ordinance to increase the salary of the Superintendent of Parks, I am opposed to opening up the budget for increasing salaries at this time. There are many other meritorious requests for increases in salary, and to open up the subject at this time for one or two employees is unfair to the other large number of employees who are entitled to the same consideration. Therefore, I am going to vote NO on this ordinance.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Demmler  
Garland

Magee  
Scully, (Pres't)

Noes:—Messrs.

Anderson           McArdle  
Callagher         Weir

Ayes 4. Noes 4.

And there not being a majority of the votes of Council in the affirmative, the bill failed to pass finally.

Also

Bill No. 1028. Resolution authorizing and directing the City Controller to transfer the sum of \$12,369.00, from Code Account -----, to Code Accounts within the Bureau of Parks, as follows:

and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Demmler moved

That the amendments of the Finance Committee be agreed to.

Which motion prevailed.

And the resolution, as amended in Committee and agreed to by Council, was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

|           |                 |

Also

Bill No. 745. Resolution authorizing the issuing of a warrant in favor of Earl D. Robinson for \$80.73, for 14 days' time lost as regular patrolman, Bureau of Police, and charging same to Code Account No. 1443, Salaries, Regular Employees, Bureau of Police.

Which was read.

Mr. McArdle arose and said:

Mr. President: I want to be recorded as voting NO on this bill without any reference to the merits of Mr. Robinson's case.

As I recall it, it is based upon the idea that Mr. Robinson was done an injustice by being suspended from duty and exonerated on the charge which caused his suspension by the Police Trial Board.

I have in mind that that is a very frequent occurrence; and if this bill is passed and it is accepted as a precedent, or proper action of the City of Pittsburgh, then, of course, we shall be expected to pay all such cases.

It seems to me that if this thing is to be cured, it ought to be cured in the department rather than bringing it into Council. Some provision ought to be made, where an officer is suspended on charges preferred against him and at the trial found not guilty, to restore him to the payroll with full pay. In such cases the department itself ought to take the responsibility for paying the officer's salary.

Council did not hear the evidence in the case and knows nothing about the circumstances, except the allegations made by the petitioner as set forth in the resolution, and we are asked to take the responsibility for payment of his salary.

Mr. Anderson arose and said:

Mr. President: I think the bill should be held over, and the Council informed of the procedure of the department with respect to suspensions of officers and what time is lost by a man awaiting trial. When we secure this information, then some action should be taken to reimburse the officers where the suspension was not justified. Here is a case where the officer was accused of conduct unbecoming an officer by his superiors, and at the hearing before the Police Trial Board was exonerated and vindicated. I agree that the officer should not suffer the loss of his salary, but this is a frequent occurrence in both the Police and Fire Bureaus. I believe the Council should ascertain from the Law Department also whether there is any liability on the part of the city for the payment of the lost time; and whether the Trial Board, trying such cases, has the right to render as a part of its verdict that the vindicated employee is entitled to be restored to the payroll for the period during which he had been suspended with full pay.

Mr. Gallagher arose and said:

Mr. President: After this resolution was presented to Council and referred to Committee, a voluminous report was made by the Department of

Public Safety. The department did not make any recommendation. The testimony taken by the Trial Board is also a part of our record. The record of the Police Trial Board shows that this man was exonerated on the charges preferred against him. All he requests is that he be paid for the time he lost during the suspension. I don't think there is any additional information we can get from the Department of Public Safety. The Director refuses to make a recommendation.

Mr. Anderson arose and said:

Mr. President: I have just been informed by the Budget Controller that he has two similar requests to go to Council if this bill passes.

What I am asking is, that the department change its rules with respect to these suspension, or try some way to have the trials held as soon after the charges are made as possible, or have the accused officers continued on the payroll until their trials are held.

The Chair said:

The Chair will entertain a motion.

Mr. Anderson moved

That the resolution be recommended to the Committee on Public Safety.

Which motion prevailed.

Mr. Magee presented

No. 1218. Report of the Committee on Parks and Libraries for July 15, 1936, transmitting a resolution to Council

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1137. Resolution accepting from Ringling Bros.-Barnum & Bailey Combined Shows, Inc., a donation of 2 brown bears, 1 camel, and the loan of 1 camel belonging to Mr. Ellis Joseph, and authorizing and directing the Director of the Department of Public Works to provide for the care and feeding of these animals.

Which was read.

Mr. Magee moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Magee            |
| Demmler   | McArdle          |
| Gallagher | Weir             |
| Garland   | Scully, (Pres't) |

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Mr. Demmler at this time presented

Bill No. 1157. Communication from the Mayor, appointing R. Rhody Brenlove, as a member of the Board of Adjustment.

In Finance Committee July 15, 1936, read and returned to Council with a negative recommendation, as it is believed no vacancy exists.

Which was read, received and filed.

Mr. Demmler presented

No. 1219. RESOLVED, That the appointment by the Mayor of R. Rhody Brenlove, to the position of member of the Board of Adjustment be and the same is hereby approved and confirmed.

Which was read.

Mr. Demmler moved

The adoption of the resolution. Upon which motion the ayes and noes were taken agreeably to law and were:

Noes:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Magee            |
| Demmler   | McArdle          |
| Gallagher | Weir             |
| Garland   | Scully, (Pres't) |

(Mr. Gallagher not voting).

Ayes none. Noes 7.

And a majority of the votes of Council being in the negative, the motion was rejected.

Mr. Magee moved

That the Chair be requested to thank Ringling Bros.-Barnum & Bailey Combined Shows, Inc., for the donation of the animals to the Zoo, and also thank Mr. Ellis Joseph for the loan of a camel.

Which motion prevailed.

Mr. Demmler at this time presented

No. 1220. An Ordinance authorizing the City Controller to employ a Technician, one who has a special or expert knowledge of collateral securities, values, credits and of the duties and requirements in receivership proceedings, for a period not to exceed six months, at a salary not to exceed Four Hundred (\$400.00) Dollars per month.

Also

Askin and Margaret Askin Brown for the entire building known as No. 1133-1135 Penn avenue, Second Ward, City of Pittsburgh, for City warehouse purposes.

Also

No. 1222. An Ordinance authorizing the Mayor and the Director of the Department of Supplies, to enter into and execute a lease with George K. Askin, William J. Askin and Margaret Askin Brown for the entire building known as No. 1133-1135 Penn avenue, Second Ward, City of Pittsburgh, for City warehouse purposes.

Which were severally read and referred to the Committee on Finance.

Mr. McArdle moved

That Council recess until 12:30 o'clock P. M., Eastern Standard Time, today.

Which motion prevailed.

And Council recessed.

And the hour of 12:30 o'clock P. M., having arrived, and the time recessed having expired, Council reconvened, and there were,

Present:—Messrs.

|           |                  |

#### MOTIONS AND RESOLUTIONS.

The Chair presented

No. 1276.

City of Pittsburgh,  
Office of the Mayor,  
July 22, 1936.

To the President and  
Members of City Council.

Gentlemen:

For your information, I have made the following appointments:

Frank J. Markey, 94 Flowers avenue, Member of the Civil Service Commission to replace Charles L. Brinton, removed.

R. Rhody Brenlove, 1306 Berger building, Member of the Board of Water Assessors, to replace Harry F. Logsdon, removed.

Sincerely yours,

WM. N. McNAIR,

Mayor.

Which was read, and on motion of Mr. Gallagher, received and filed.

Also

No. 1277.

City of Pittsburgh,  
Office of the Mayor,  
July 23, 1936, 2:30 P. M.

To the President and  
Members of Council,  
510 City-County Bldg.,  
Pittsburgh, Penna.

Gentlemen:

You are hereby notified that I have appointed Mr. Joseph P. Kurcina, 1138 Goettman street, Pittsburgh, Pa., sub-

ject to your approval, as a member of the Board of Adjustment in the place of Mr. Eugene L. Connelly, removed.

Respectfully yours,

WM. N. McNAIR,  
Mayor.

Which was read, and on motion of Mr. Garland, referred to the Committee on Finance.

Also

No. 1278.

City of Pittsburgh,  
Office of the Mayor,  
July 27, 1936.

To the President and  
Members of City Council.

Gentlemen:

I am vetoing Bill No. 1094 for the following reasons:

I am against "authorities", national, state, county and municipal as expensive barnacles on the functions of government. The County Authority, as one experiment, has shown the citizens of Pittsburgh and Allegheny County the utter futility of imposing on the taxpayers and wage earners such super form of governmental function.

All of the "rights, powers and duties" delegated to such an authority already reside in our City Charter.

I am against the grant of Federal money for such purposes, as if it came from some strange, inexhaustible source. Our taxpayers and wage earners are paying for it and they now know that they are paying for it.

If necessary improvements are to be made in our great city, let a bond issue be put before our people, so that they, who have to pay for these improvements, can make the decision.

Sincerely yours,

L. M. JOHNSTON,  
Deputy Mayor.

Which was read, received and filed.

Also

Bill No. 1094. Resolution design-

nating the following members of Council to act as members of the City Authority for the terms hereinafter set forth, and authorizing them to proceed with the incorporation of the said Authority in accordance with the provisions of the Act:

| Name                     | Term        |
|--------------------------|-------------|
| George E. Evans.....     | Five years  |
| Wm. A. Magee.....        | Four years  |
| Cornelius D. Scully..... | Three years |
| Charles Anderson .....   | Two years   |
| Thomas J. Gallagher..... | One year    |

In Council July 15, 1936, Rule suspended, read a second and third time and finally passed.

Which was read.

On the question, "Shall the resolution become a law notwithstanding the objections of the Mayor?"

Mr. Anderson asked the Chair if it would be all right for the members of Council to vote on their own appointments.

The Chair stated, as there was no compensation allowed for this work, it would be all right to vote on the resolution.

And the question recurring, "Shall the resolution become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | McArdle          |
| Demmler   | Weir             |
| Gallagher | Scully, (Pres't) |

Noes:—Mr. Garland

Ayes 6. Noes 1.

And there being two-thirds of the votes of Council in the affirmative, the resolution became a law notwithstanding the objections of the Mayor.

Mr. McArdle moved

That the Minutes of Council of Wednesday, July 22, 1936, be approved.

Which motion prevailed.

And on motion of Mr. Weir

Council adjourned.

The Chair also presented

No. 1321.

City of Pittsburgh,  
Office of the Mayor,  
July 31, 1936.

To the President and  
Members of City Council.

Gentlemen:

I am returning Bill No. 823, without my approval, for the reason that the Planning Commission, whose function it is to investigate these matters, by their report herewith attached, have disapproved of this action.

Sincerely yours,

L. M. JOHNSTON,  
Deputy Mayor.

Which was read, received and filed.

Also

Which was read.

The Chair presented

No. 1367.

August 11, 1936.

Subject: Council Bill No. 1263.

President and Members of Council,  
City of Pittsburgh.

Gentlemen:

I am returning herewith Council Bill No. 1263, an Ordinance amending a portion of Section 3, City Clerk's Office of an Ordinance entitled: "An Ordinance fixing the number of officers and employes of all Departments of the City of Pittsburgh and the rate of compensation thereof", approved January 2, 1935 and the several amendments and supplements thereto.

There exists throughout the salary schedule of the City many inequalities in the salary scale. I believe that in fairness to all of these City employes, that consideration should be given to the entire salary schedule at one time rather than singling out any certain position or individual to receive the benefit of a raise in salary, which I understand is in accordance with the expressed ideas of members of your body.

Under date of February 21, 1936, the Department of Public Works presented an Ordinance to your body recommend-

ing that the salaries of the Chief Clerk of the Department, the Superintendent and Assistant Superintendent of the Bureau of Highways and Sewers and the Superintendent of the Bureau of Light be increased so that they might receive recompense in accordance with the responsibilities of their position. Council has not seen fit to act upon this Ordinance and again on April 24, 1936, an Ordinance was presented to Council creating the position of Superintendent of City Property. Section 20 of the Charter Ordinance "Ordinance No. 450, approved January 7, 1902", provides that the head of the Bureau of City Property shall be known as the Superintendent of City Property. The creation of this position is essential to the proper and legal operation of the Department of Public Works, and the passage of this Bill is not in any way a salary raise but simply an effort to properly organize this Department.

For the above reasons I am disapproving Council Bill No. 1263, and in returning it to Council I suggest that Council analyze the salary schedule of the city and adjust these inequalities in pay which now exist.

Yours very truly,

L. M. JOHNSTON,  
Deputy Mayor.

Which was read.

Also

Bill No. 1263. An Ordinance entitled, "An Ordinance amending a portion of Section 3, City Clerk's Office, of an ordinance entitled, 'An Ordinance fixing the number of officers and employes of all departments of the City of Pittsburgh, and the rate of compensation thereof,' approved January 2, 1935, and the several amendments thereof and supplements thereto."

In Council, August 6, 1936, Bill read, rule suspended, read a second and third times and finally passed.

Which was read.

Mr. McArdle moved

That the communication and bill be laid over until the next meeting.

Which motion prevailed.

The Chair also presented

No. 1368.

City of Pittsburgh,  
Office of the Mayor.

August 5, 1936.  
Subject: Council Bill No. 1182.

President and Members of Council,  
City of Pittsburgh.

Gentlemen:

I am returning herewith Council Bill No. 1182, an Ordinance providing for the letting of a contract for the furnishing and delivery of 1 Trailer Chassis for the Bureau of Highways and Sewers, Department of Public Works, and providing for payment, disapproved.

Since this Bill was introduced into Council at the request of the Department of Public Works, a further inspection for the necessity of the equipment has been made and it has been found possible to repair the existing Flusher so that it will operate the rest of the year. This makes it unnecessary for a Trailer Chassis for the old Flusher Tank at the present time.

Yours very truly,

L. M. JOHNSTON,  
Deputy Mayor.

Which was read, received and filed.

Also

Bill No. 1182. An Ordinance entitled, "An Ordinance providing for the letting of a contract for the furnishing and delivery of One (1) Trailer Chassis for the Bureau of Highways and Sewers, Department of Public Works, and providing for the payment thereof."

In Council, July 29, 1936, Bill read, rule suspended, read a second and third times and finally passed.

Which was read.

Mr. McArdle moved

That further action on the bill be indefinitely postponed.

Which motion prevailed.

The Chair took up

Bill No. 1321. Communication from the Deputy Mayor returning, with his objections, Bill No. 823, An Ordinance amending the Zoning Ordinance by changing from a "B" Residence and Commercial Use to a Light Industrial Use District, property bounded by California avenue, Newry street, a line parallel with and 212.89 feet northwardly from Marvista street, etc.

In Council, August 5, 1936, Read and laid on the table until the next regular meeting.

Which was read and laid over until the next meeting.

Also

Bill No. 823. An Ordinance entitled, "An Ordinance amending an ordinance entitled, 'An Ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and regulating and limiting the height and bulk of buildings hereafter erected or altered, and regulating and determining the area of yards, courts and other open spaces in connection with buildings hereafter erected or altered, and establishing the boundaries of districts for the said purposes; conferring certain powers upon the Superintendent of the Bureau of Building Inspection; providing for a Board of Appeals, and imposing penalties,' approved August 9, 1923, by changing the Zone Map, Sheet Z-N10-O, so as to change from a 'B' Residence and Commercial Use, Thirty-five foot Height and Second Area District, to a Light Industrial Use, Forty-five foot Height and Third Area District, all that certain property bounded by California avenue, Newry street, a line parallel with and 212.89 feet northwardly from Marvista street, a private thirty foot street, Marvista street, the westerly line of Margaret Mengel's Plan and Sigel street."

In Council, July 22, 1936, Bill read, rule suspended, read a second and third times and finally passed by a three-fourths vote.

Which was read and laid over until the next meeting.

#### MOTIONS AND RESOLUTIONS.

Mr. Garland presented

No. 1369. WHEREAS, in taking away from our midst the former Director of Public Safety, Thomas A. Dunn, our City has lost one of its leading citizens, a man who for many years has been distinctively prominent in City affairs; Therefore, be it

RESOLVED, That the President of Council appoint a Committee to prepare and present to Council, at its next regular meeting, a proper resolution for adoption; a copy to be forwarded to the bereaved family of the former Director.

Which was read.

---

Mr. Garland moved

The adoption of the resolution.

Which motion prevailed by an unanimous rising vote.

And the Chair appointed as members of the Committee, Messrs. Garland and McArdle.

Mr. McArdle moved

That the Minutes of Council of Wednesday, August 5th, and Thursday, August 6th, 1936, be approved.

Which motion prevailed.

And on motion of Mr. Garland  
Council adjourned.

Mr. Weir presented  
No. 1400.

Department of City Planning,  
August 15, 1936.

President and Members of Council,  
City of Pittsburgh.

Gentlemen:

With respect to an Ordinance fixing the width and position of the westerly sidewalk and the roadway of Bernd street, from Vandalia street to Althea street, providing for slopes, parking, retaining walls and steps, establishing and re-establishing the grade thereof, I have to advise that the Planning Commission at its regular meeting held August 13, 1936, approved this Ordinance as submitted but with the following modification:

when the time comes to improve this locality there should be a very careful appraisal of the relative values of properties as compared with the cost of the improvement, so that your Honorable Body may weigh the relative financial merit of proceeding with this improvement as against acquiring some of the private properties to eliminate the need for such a costly improvement.

Yours very truly,

CHARLES P. BERNDT,  
Executive Secretary.

SUBJECT:

Council Bill No. 1162.

President and Members  
of Council,  
City of Pittsburgh.

Gentlemen:

I am returning herewith Council Bill No. 1162, "An Ordinance authorizing and directing the Mayor and the Director of the Department of Public Works to carry out and complete Unemployment Relief Projects in conjunction with the Federal Works Progress Administration, and providing for the payment of the City's share of the cost thereof."

The title of this Ordinance and Section 1 authorizes the Mayor and the Director of the Department of Public Works to carry out and complete Unemployment Relief Projects, whereas the funds provided by the Ordinance are insufficient to complete the projects specified. The applications for these projects, most of which were prepared by the Works Progress Administration and accepted by your body without the official knowledge of the Department of Public Works requires the appropriation by the City of \$811,375.00. This Bill only provides an appropriation of \$341,420.00. Further, funds appropriated for this work are derived from the proceeds of the sale of General Municipal Bonds, 1936. A large amount of the work authorized, namely Park Forestry, Tree Pruning, the Improvement of Dirt Streets, Street Repairs, Dangerous Hill-sides do not constitute work of a permanent nature and consequently I do not believe the cost of this work is properly payable from bond funds since the improvements will not outlast the life of the bonds.

I am therefore returning this Bill, disapproved.

Yours very truly,

L. M. JOHNSTON,  
Deputy Mayor.

Which was read, received and filed.

Also

Bill No. 1162. An Ordinance  
entitled, "An Ordinance authorizing

and directing the Mayor and the Director of the Department of Public Works to carry out and complete Unemployment Relief Projects in conjunction with the Federal Works Progress Administration, and providing for the payment of the City's share of the costs thereof."

In Council, August 5, 1936, Bill read a 2nd and 3rd times and finally passed.

Which was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Anderson  
Gallagher

McArdle  
Weir  
Scully, (Pres't)

Noes:—Messrs.

Garland

Ayes 5. Noes 2.

And there not being two-thirds of the votes of Council in the affirmative, the bill failed to become a law notwithstanding the objections of the Mayor.

The Chair also presented  
No. 1402.

August 13, 1936.

SUBJECT:

Council Bill No. 1308.

President and Members  
of Council,  
City of Pittsburgh.

Gentlemen:

I am returning herewith Council Bill No. 1308, "An Ordinance signifying the desire of the corporate authorities of the City of Pittsburgh that the indebtedness of the City of Pittsburgh be increased in the amount of Five Million (\$5,000,000.00) Dollars for the purpose of providing funds for General Municipal Improvements as from time to time may be designated by ordinance for the several departments of the City of Pittsburgh."

In my opinion the issue to be placed before the people is entirely too general and a review of past People's Bond Issues shows that in all instances the questions put before the people have

been specific in nature. In other words when the people were asked to vote upon a People's Bond Issue they were asked for authority for the money for specific streets, for the rebuilding or repairs to well defined bridges or for the construction of a Boulevard named in the Bond Issue. Asking the people of Pittsburgh to vote on a question as general as that contained in Council Bill No. 1308 is asking them to give "carte blanche" authority to the Administration and Council to spend Five Million dollars of the peoples money in any way they may see fit and the electorate of Pittsburgh will have no choice in the projects to be undertaken.

The people of Pittsburgh should have the right to decide for themselves how their money should be spent. They should be allowed to say whether or not their money should be spent in connection with Work Progress Administration projects, in connection with Public Works Administration projects or in the normal contract methods of the City. It is therefore suggested that Council definitely state how they intend to dispose of this money and it is suggested that not only shall Council's Ordinance, when amended properly, be submitted to the people but also the other Ordinances which have been submitted to Council be also submitted to the people for their vote.

The Department of Public Works has introduced into Council seven bills, each of which contains a definite question for the people of Pittsburgh to vote upon. It is suggested that Council study these bills submitted by the Department of Public Works and act favorably upon them.

For the above reasons I am returning this Bill disapproved.

Yours very truly,

L. M. JOHNSTON,  
Deputy Mayor.

Which was read, received and filed.

Also

Bill No. 1308. An Ordinance entitled, "An Ordinance signifying the desire of the corporate authorities of the City of Pittsburgh that the indebtedness of the City of Pittsburgh be increased in the amount of Five million (\$5,000,000.00) dollars for the purpose of providing funds for General

Municipal Improvements as from time to time may be designated by ordinance for the several departments of the City of Pittsburgh."

In Council, August 6, 1936, Bill read, Committee amendments agreed to, rule suspended, read a second and third times and finally passed.

Which was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Noes: Mr. Garland.

Ayes 6. Noes 1.

And there being two-thirds of the votes of Council in the affirmative, the bill became a law notwithstanding the objections of the Mayor.

#### MOTIONS AND RESOLUTIONS

The Chair, at this time, presented

No. 1403. An Ordinance authorizing and directing the Mayor and the Director of the Department of Public Health to advertise for proposals, and, subject to approval by City Council, to award a contract or contracts for the collection and disposal of garbage, household rubbish and household ashes within the limits of the City of Pittsburgh; said contract or contracts to extend over a period of not exceeding ten years.

Which was read and referred to the Committee on Health and Sanitation.

Also

No. 1404. Resolution calling upon the City Solicitor to present the legal position and contention of Council, as guaranteed by the Acts of Assembly to said body as the legislative branch of the city government, and as having control of all appropriations in accordance with the spirit of this resolution, unless the Director of Public Works abides by the decision of the Court of Common Pleas.

Which was read and referred to the Committee on Finance.

Mr. Garland presented from the special committee

No. 1405.

Thomas A Dunn was born 72 years ago in what is now known as the "Golden Triangle," opposite the William Penn Hotel. He spent his early life near the place of his birth. In mere youth he embarked in the ice business and was continuously engaged in that industry until the time of his death on August 10, 1936.

He was identified with the interests of his community and became active in many civic, fraternal, social and charitable organizations, such as the Pittsburgh Chamber of Commerce, the Civic Club of Allegheny County, the Historical Society of Western Pennsylvania, the Pittsburgh Athletic Club, the Aero Club, Duquesne Council, Knights of Columbus, the Rotary Club, St. Paul's Orphan Asylum, and was a member of the Board of Trustees of the Western Penitentiary. He contributed unsparingly of his time, energy and ability in the promotion of every cause in which he was engaged. He was a former President of the Pittsburgh Chamber of Commerce and by virtue of such service, a life director in that organization.

He was the chairman of the Chamber's first committee on aviation, and it was under his forceful insistence that Pittsburgh obtained its first landing field for aeroplanes in 1922, when the modern aviation industry was in its infancy. He led a three day fight in Common Pleas Court for the establishment of Rodgers Field near Aspinwall.

More than a decade ago, he was in the national limelight as the spokesman for Pittsburgh interests in the famous lake cargo coal case, and took part in arguments in behalf of rates beneficial to Pittsburgh before the Interstate Commerce Commission.

Mr. Dunn was appointed Director of the Department of Public Safety January 24, 1935, in which office he served faithfully and well until a few days prior to his death.

In every walk of life he endeared himself to those with whom he came in contact by his pleasant and amiable

personality and by his spirit of fellowship, by his generosity and by his broadminded appreciation of and respect for other people's rights and points of view. In his private life, the same fine traits of character that gained for him so much of public esteem, made of him an exemplary husband and father and won for him the same deep devotion of his family that he always showed toward wife and children.

It is fitting and proper that we should take notice of his unexpected and untimely death; Therefore, be it

RESOLVED, That the Council of the City of Pittsburgh hereby expresses its sincere sympathy to the bereaved family and friends in the great loss which they sustained by the death of a loving husband, a devoted father and a loyal friend; and further expresses its deep sorrow for the great loss which the City and its citizens have sustained by his passing; and be it further

RESOLVED, That a copy of these resolutions be duly engrossed and sent to the family of our deeply lamented friend, and that a copy be entered in full upon the records of Council.

Which was read.

Mr. Garland moved

The adoption of the resolution. Which motion prevailed by an unanimous rising vote.

Mr. McArdle moved

That, when Council adjourns, it shall adjourn out of respect to the memory of John J. Murray, late Director of the Department of Supplies, and William B. Secrist, late City Solicitor.

Which motion prevailed by an unanimous rising vote.

Mr. Weir moved

That the Minutes of Wednesday, August 12, 1936, be approved.

Which motion prevailed.

And on motion of Mr. Gallagher.

Council adjourned.

No. 1425.

City of Pittsburgh,  
Office of the Mayor.

August 25, 1936.

President and Members of Council,  
City of Pittsburgh.

Gentlemen:

I am returning herewith Bill 1310, an Ordinance authorizing the Mayor and the Director of the Department of Public Works to carry out and complete unemployment relief projects in conjunction with the Federal Works Progress Administration.

The attention of Council is called to the fact that of the twelve projects listed in this ordinance only five properly come under the jurisdiction of the Department of Public Works.

Project 650—Cross Index Ordinances, comes under the function of the City Clerk's office.

Projects 240—Master Plan Study

Projects 242—Investigation for Planning Data

Projects 217—Supplemental Staff Planning Commission

Projects 213—Geodetic and Topographical Survey

Projects 243—Development Studies of Recreation Sites

Projects 208—Street Tree Census

come under the jurisdiction of the Department of City Planning.

It is manifestly improper to authorize the Director of the Department of Public Works to carry out projects for departments other than the one for which he is Director—this ordinance is therefore disapproved.

Yours very truly,

L. M. JOHNSTON,  
Deputy Mayor.

Which was read.

Also

Bill No. 1310. An Ordinance entitled, "An Ordinance authorizing and directing the Mayor and the Director of the Department of Public Works to carry out and complete Unemployment Relief Projects in conjunction with the Federal Works Progress Administration, and providing for the payment of the City's share of the cost thereof."

In Council, August 19, 1936, Bill read a second time, rule suspended, read a third time and finally passed.

Which was read.

Mr. Gallagher moved

That the communication and the bill be laid over.

Upon which motion, the ayes and noes were ordered taken, and being taken, were:

Ayes:—Messrs.

Gallagher

McArdle

Garland

Weir

Noes:—Messrs.

Anderson

Demmler

Scully, (Pres't)

Ayes 4. Noes 3.

And a majority of the votes being in the affirmative, the motion prevailed.

Also

No. 1426.

City of Pittsburgh,  
Office of the Mayor,

August 25, 1936.

President and Members of Council,  
City of Pittsburgh.

Gentlemen:

I am returning herewith an Ordinance

appropriating and setting aside the sum of \$135,422.00 for the payment of the City's share of the cost of certain unemployment relief projects.

I understand that the applications for projects on which this ordinance is based were made a year ago and were predicated on office rents then obtainable. I am further advised that there is doubt that office space is now available at the prices current in 1935.

It seems to me that it would be most proper to bring these applications up to date and to have them checked by the proper city authorities before appropriating money which quite probably will not be sufficient for the work planned. I am therefore disapproving Council Bill 1309.

Yours very truly,  
L. M. JOHNSTON,  
Deputy Mayor.

Which was read.

Also

Bill No. 1309. An Ordinance entitled, "An Ordinance appropriating and setting aside the sum of One Hundred Thirty-five Thousand Four Hundred Twenty-two (\$135,422.00) Dollars, from the proceeds of the sale of General Municipal Improvement Bonds, 1936, Bond Fund No. 129, for the payment of the City's share of the cost of Unemployment Relief Projects to be carried out and completed in conjunction with the Federal Works Progress Administration."

In Council, August 19, 1936, Bill read a second time, rule suspended, read a third time and finally passed.

Which was read.

Mr. Gallagher moved

That the communication and the bill be laid over.

Upon which motion, the ayes and noes were ordered taken, and being taken were:

Ayes:—Messrs.

Gallagher

McArdle

Garland

Weir

Noes:—Messrs.

No. 1427.

Ocean Letter,  
Nr. 6 W 17/20,  
St. Louis/dlfg.

City Council,  
Pittsburgh, Pa.

You are notified I have while you are recessed appointed Robert Bowers Director of Supplies.

WILLIAM McNAIR.

Which was read.

Mr. Demmler arose and said:

The Mayor refers to a recess of Council. I do not think that the Council is in recess between the regular sessions. If this appointment would have come into Council without reference to recess, I would wish to vote for it.

Mr. Anderson arose and said:

I move we vote on the nomination.

Mr. Garland arose and said:

Do you want to recognize the cablegram of the Mayor?

The Chair said:

The Chair is ready to recognize the cablegram or any other communication from the Mayor.

Mr. Anderson said:

With reference to these appointments, if they are not acted on within thirty days they become effective. I want to make my position clear. I am not recognizing the fact that this Council has recessed. I think on the first appointments I brought this point out, but they would become effective if they were not acted on, and there should be a resolution to approve or disapprove the appointment based on the fact that there is no recess.

Mr. Garland said:

We haven't recognized that we were recessed when we meet once a week. Why not lay this over?

Mr. Demmler said:

For a point of information, if this appointment is voted down, does that prevent the Mayor from sending this name again to Council for this office?

The Chair said:

The Chair would say that from a personal opinion, it would not.

Mr. Garland said:

Mr. Chairman, I make a motion that the communication be laid over as we do not recognize any recess.

Mr. Gallagher said:

I second Mr. Garland's motion. The reason I am seconding the motion, I have taken from the beginning that the Mayor should not put us in the position we are in recess. I will not recognize anything when he says we are in recess.

Mr. McArdle arose and said:

I take it that, if this motion prevails, the name can be taken from the table at any time desired.

And the question recurring on the motion, as offered by Mr. Garland, that the communication be laid over, as Council does not recognize any recess.

The motion prevailed.

#### REPORTS OF COMMITTEES.

Mr. Demmler presented

No. 1428. Report of the Committee on Finance for August 19, 1936, transmitting sundry ordinances and resolutions to Council.

Which was read, received and filed.

No. 1459.

August 28, 1936.

SUBJECT:

North Side Asphalt Plant.

President and Members  
of Council,  
City of Pittsburgh.

Gentlemen:

On February 24, 1936 and July 9, 1936, the Department requested the advice of Council as to whether or not it desires the Department of Public Works to make an effort to lease the North Side Asphalt Plant to an asphalt company.

At the meeting of Finance Committee held July 15, 1936, these communications were considered, in particular Bill 1145. Council at that time advised the Department that it was not the desire of Council to lease the property at the present time.

The Pennsylvania Coal Company have requested the Department to lease only that portion of the asphalt plant property which constitutes the wharf for the purpose of unloading coal from barges. The length of this frontage is 235-ft. and the city under the established rates would receive a return of \$240.00 per year. The Department recommends that Council grant permission for it to enter into a lease with the Pennsylvania Coal Company for this usage and requests that Council advise the Department its desires in the matter as soon as possible so that the Pennsylvania Coal Company may be so advised.

Yours very truly,

Wm. N. McNAIR,  
Mayor.

Which was read and referred to the Committee on Finance.

Also

No. 1460.

CITY OF PITTSBURGH

Office of the Mayor

August 27, 1936.

President and Members  
of City Council.

Gentlemen:

I hereby revoke my appointment of Mr. Leslie M. Johnston as Acting Mayor, said revocation to take effect immediately upon the filing of this communication with the City Clerk.

Respectfully yours,

Wm. N. McNAIR,  
Mayor.

Which was read, received and filed.

Also

No. 1461.

City of Pittsburgh,  
Office of the Mayor,

August 28, 1936.

President and Members of Council,  
510 City-County Building,  
City of Pittsburgh.

Gentlemen:

I am returning herewith without my approval Bill No. 1387 for the following reasons, namely:

Said Bill and the Lease accompanying same are vague, indefinite and uncertain in their terms and they fail to disclose the purposes or object intended to be attained, and for the further reason that the Lease accompanying said Bill has not been approved by the City Solicitor or any Department of the City.

Respectfully yours,

WM. N. McNAIR,  
Mayor.

Which was read, received and filed.

Also

Bill No. 1387. Resolution approving, subject to the approval of the City Solicitor, the agreement between the Carnegie-Illinois Steel Corporation, party of the first part, and the City of Pittsburgh, party of the second part, wherein the party of the first part leases to the party of the second part all that certain lot, piece or parcel of land situate in the 17th Ward, Pittsburgh, Pa., having a frontage of 448 feet on the westerly side of 16th Street and containing an area of 2.8 acres; the same being a portion of the Monongahela Works property of the American Sheet and Tin Plate Company, corporate predecessor of the lessor, excepting and reserving therefrom and thereout the building known as the "Office Building" located on the above described piece of land.

In Council, August 26, 1936, Read, rule suspended, read second and third times and finally passed.

Which was read.

And on the question, "Shall the resolution become a law notwithstanding the objections of the Mayor?"

Mr. Gallagher arose and said:

Mr. President: I wish to take exception to the Mayor's language that the "said Bill and the Lease accompanying same are vague, indefinite and uncertain in their terms and they fail to disclose the purposes or object intended to be attained." The property is to be leased for the sum of One Dollar per year. It is to be used for a playground and recreation center for the people of the neighborhood. Here-

tofore it has been available to the people for the playing of baseball without any supervision. The expense to the City of Pittsburgh will be small in comparison to the benefits that will derive to the children and adults who will make use of it. I might also state that before the Lease is signed it is to be approved by the City Solicitor.

And the question recurring, "Shall the resolution become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Garland          |
| Demmler   | McArdle          |
| Gallagher | Weir             |
|           | Scully, (Pres't) |

Ayes 7. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution became a law notwithstanding the objections of the Mayor.

No. 1464.

City of Pittsburgh,  
Office of the Mayor,

August 31, 1936.

President and Members of  
City Council,

510 City-County Building,  
Pittsburgh, Pa.

Gentlemen:

Upon my return from Europe, I regretfully found that vacancies existed in three of my most important cabinet posts.

In view of the fact that you were not to meet for about a week, prompted me to immediately fill said posts temporarily, with men possessing not only all the qualifications necessary to properly and faithfully perform the duties and obligations of the high offices to which they were being appointed, but who also enjoy and command the respect and confidence of the good citizens of our great city.

I am agreeably and I hope reliably informed, that at least a majority of the members of your Honorable Body

are in full accord with me not only upon the necessity of filling said positions immediately, but also as to the characters and fitness of my appointees.

I am also most reliably informed that the only obstacle standing in the way of your consideration of my appointments arises out of a difference of opinion existing between us as to the legality of the procedure followed by me in making the aforesaid appointments.

Being convinced that the necessities and urgencies of the present situation demand that the fine and capable gentlemen appointed by me be considered by you exclusively in the light of fitness for office and conscientiously desiring to eliminate the possibility of the injection of legal technicalities into the issue before us, I have requested Messrs. George Albert Edward Fairley, Gregory Zatkovich and Robert C. Bowers to resign from the respective posts to which I appointed them, which they did.

For the reasons hereinabove specifically set forth, I hereby officially notify you, that I withdraw from your further consideration the contents of any communication or communications which I have heretofore forwarded to you relative to the appointment or appointments of any person or persons to the offices of Director of Public Safety, City Solicitor and Director of Supplies, and I further officially notify you that I now nominate for appointment, subject to your approval, the following names, viz.,

For Director of Public Safety,  
Col. George A. E. Fairley.

For City Solicitor,  
Gregory Zatkovich, Esq.

For Director of Supplies,  
Robert C. Bowers.

Respectfully yours,

WM. N. McNAIR,

Mayor.

Which was read.

Mr. McArdle moved

That the communication be referred to the Committee on Finance and that a meeting of the Committee be held September 3, 1936, at 10:00 o'clock A. M., Eastern Standard Time, and that the appointees be notified to be present to confer with the Committee.

Mr. Demmler arose and said:

Mr. President: I merely desire to express my position on this question. As stated to you privately, Mr. Chairman, I am ready to vote on these names today.

Mr. Garland arose and said:

Mr. President: I feel the same as Mr. Demmler on these appointments. They should be acted on promptly. If the nominations are referred to Committee and the nominees interviewed, when will the next meeting of Council be called?

The Chair said:

Gentlemen: It is the intention of the Chair to call a special meeting of Council for Friday to take action on these appointments.

Mr. McArdle arose and said:

Mr. President: In support of the motion to invite these gentlemen to meet with the members of Council tomorrow, it is merely in keeping with what has been the practice, with one exception, for quite some time. It seems to me the members of Council should have the same opportunity of discussing informally with these gentlemen such matters as any of the members may care to bring up as to the conduct of their office as it is the Mayor's prerogative in his initial selection of them. It so happens that one of these gentlemen I don't know at all; I never saw him, and I never heard his name mentioned until it came forward for the selection to this post. The other two gentlemen I do know. Regardless of that, it is as little as Council could do to create an opportunity for the members of Council to discuss matters affecting these departments in meeting their responsibility in connection with these nominations.

And the question recurring on the motion as offered by Mr. McArdle.

The motion prevailed.

#### UNFINISHED BUSINESS.

Bill No. 1425. Communication from the Deputy Mayor, returning with his objections, Bill No. 1310, an Ordinance authorizing the Mayor and the Director of the Department of Public Works to carry out and complete Unemployment Relief Projects in conjunc-

tion with the Federal Works Progress Administration.

In Council, August 26, 1936, Read and laid over.

Which was read.

The Chair said:

Gentlemen: In connection with this matter, it is the purpose of the Chair to have a new ordinance prepared that will include the items mentioned in Bill No. 1310. Therefore, no further action is necessary on this bill.

Mr. McArdle arose and said:

Mr. President: I think it is the thought in laying the bill over, that the objections raised by the Deputy Mayor are probably sound; and if the bill were passed over the veto its provisions would not be carried out.

Also

Bill No. 1310. An Ordinance entitled, "An Ordinance authorizing and directing the Mayor and the Director of the Department of Public Works to carry out and complete Unemployment Relief Projects in conjunction with the Federal Works Progress Administration, and providing for the payment of the City's share of the cost thereof."

In Council, August 26, 1936, bill returned with Mayor's objections and laid over.

Which was read.

Mr. McArdle moved

That the communication and bill be laid on the table.

Which motion prevailed.

Also

Bill No. 1426. Communication from the Deputy Mayor, returning with his objections, Bill No. 1309, An Ordinance appropriating and setting aside \$135,422.00, from the proceeds of the sale of General Municipal Improvement Bonds, 1936, Bond Fund No. 129, for payment of City's share of Unemployment Relief Projects.

In Council, August 26, 1936, read and laid over.

Which was read.

Also

Bill No. 1309. An Ordinance entitled, "An Ordinance appropriating and setting aside the sum of One Hundred Thirty-five Thousand Four Hundred

Twenty-two (\$135,422.00) Dollars, from the proceeds of the sale of General Municipal Improvement Bonds 1936, Bond Fund No. 129, for the payment of the City's share of the cost of Unemployment Relief Projects to be carried out and completed in conjunction with the Federal Works Progress Administration."

In Council, August 26, 1936, Bill returned with the Mayor's objections and laid on the table.

Which was read.

Mr. Garland moved

That the communication and bill be laid on the table.

Which motion prevailed.

The Chair said:

Gentlemen: We will take up at this time the election of a City Clerk to fill the vacancy now existing. What is the pleasure of Council?

Mr. McArdle nominated

Edward A. Schofield for the office of City Clerk to serve for the balance of the ensuing term of three years.

The Chair said:

Are there any further nominations?

Mr. Anderson moved

That the nominations close on the name of Edward A. Schofield.

Which motion prevailed.

And the result of the voting was as follows:

For Edward A. Schofield:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Garland          |
| Demmler   | McArdle          |
| Gallagher | Weir             |
|           | Scully, (Pres't) |

And Edward A. Schofield having received seven votes, being a majority of the votes of Council, was declared duly elected City Clerk to serve for the balance of the ensuing term of three years.

The Chair presented

No. 1465.

Office of Budget Controller,

Pittsburgh, Pa., September 2, 1936.

To the President and

Members of City Council.

Gentlemen:

I hereby submit to you my resignation as Budget Controller, to take effect immediately.

Sincerely yours,

EDW. A. SCHOFIELD.

Which was read, received and filed, and on motion of Mr. Anderson, accepted.

Mr. Edward A. Schfield appeared and took and subscribed to the oath of office which was administered by President Scully.

#### REPORTS OF COMMITTEES.

Mr. Demmler presented

No. 1466. Report of the Committee on Finance for August 26, 1936, transmitting sundry ordinances and resolutions to Council.

Which was read, received and filed.

Also

Bill No. 1334. An Ordinance entitled, "An Ordinance appropriating and setting aside from Bond Fund No. 293, Street Improvement Bonds, 1928, the sum of \$12,000.00 for the payment of engineering expenses incurred in the Bureau of Engineering, Department of Public Works, in carrying out improvements, duly authorized and contemplated, for which the City's share of the cost thereof is properly chargeable against said bond fund."

In Finance Committee, August 26, 1936, bill read and amended in Section 1 by inserting after the words "Miscellaneous Services" the words "to be", and in the title by striking out the word "incurred" and inserting in lieu thereof the words "to be incurred", and, as amended, ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Demmler moved

Bill No. 1404. WHEREAS, A writ of Peremptory Mandamus has issue at No. 2249, July Term, 1936 in the Common Pleas Court of Allegheny County, wherein Florence Gretton, as plaintiff and the City of Pittsburgh, W. N. McNair, Mayor of the City of Pittsburgh: Leslie M. Johnston, Director of the Department of Public Works of the City of Pittsburgh; James P. Kerr, Controller of the City of Pittsburgh; James P.

Kirk, Treasurer of the City of Pittsburgh— and J. W. Ullom, President, C. L. Brinton, and Conrad Checco, composing the Civil Service of the City of Pittsburgh, and

WHEREAS, the position of Florence Gretton as General Supervisor (Female) Bureau of Recreation, Department of Public Works of the City of Pittsburgh is created and provided for the current year by ordinances of the City of Pittsburgh, and

WHEREAS, a removal or suspension from said position was made by the Director of the Department of Public Works under the allegation that there was no work for said Supervisor, when in point of fact it appears by the record of said case that the duties of said office were being performed by others, and

WHEREAS, the only question involved in said suit is whether or not this Director has the right to vacate the position and transfer the responsibilities, and

WHEREAS, it is contended by the Director that his action was entirely for economy, but the same has never been referred to the Council, the appropriating body, and it is undisputed that Council has the right to abolish positions.

NOW BE IT RESOLVED that the City Solicitor be and is hereby called upon to present the legal position and contention of Council, as guaranteed by the Acts of Assembly, to this body, as the legislative branch of the city government, and as having control of all appropriations in accordance with the spirit of this resolution, unless the Director of Public Works abides by the decision of the Court of Common Pleas.

In Finance Committee, August 26, 1936, Read and amended by striking out the fourth and fifth preambles and the entire "Resolved" clause, and by inserting in lieu thereof the following:

"WHEREAS, Regardless of the allegations of the Director of the Department of Public Works, contained in the pleadings in this case, it is obvious that the case involves a decision upon the question as to the right of a department to eliminate positions created by ordinance. Now, be it

"RESOLVED, That the City Solicitor be and he is hereby called upon, should

an appeal in such case be taken to the Superior Court, to fully present to the Court the right of this Council, as set out in the Acts of Assembly, solely to prescribe the positions and number of the employes of the various departments", and, as amended, ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Demmler moved

That the amendment of the Finance Committee be agreed to.

In Finance Committee, August 26, 1936, ordered returned to Council with an affirmative recommendation, subject to the report of the Law Department.

Which was read.

The Clerk (Mr. Lindsay) stated that the Law Department had not yet furnished its report.

The Chair stated that the bill would be laid over until the special meeting Friday, and the clerk endeavor to obtain the report of the Law Department by that time.

Also, with a negative recommendation.

Bill No. 1331. An Ordinance entitled, "An Ordinance amending a portion of Section 94, Department of Public Works, of Ordinance No. 376, entitled, 'An Ordinance fixing the number of officers and employes of all depart-

ments of the City of Pittsburgh, and the rate of compensation thereof', approved January 2, 1935, and as subsequently amended and supplemented."

Which was read.

Mr. Demmler arose and said:

Mr. President: The action of the Committee on Finance was to return this ordinance to Council with a negative recommendation. Believing this Bill should lay in Council for some future action, I do not care, for that reason, to make the motion to indefinitely postpone action on this bill.

Mr. McArdle moved

That further action on the bill be indefinitely postponed.

Which motion prevailed.

Also

Bill No. 1348. An Ordinance entitled, "An Ordinance re-establishing the position of one Senior Assistant Engineer, Part Time, in the Division of Construction, Bureau of Engineering, Department of Public Works, and fixing the rate of compensation therefor."

Which was read.

Mr. Demmler moved

That further action on the bill be indefinitely postponed.

Which motion prevailed.

Mr. Garland at this time called up

Bill No. 1058. An Ordinance entitled, "An Ordinance amending an Ordinance entitled, 'An Ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and regulating and limiting the height and bulk of buildings hereafter erected or altered, and regulating and determining the area of yards, courts and other open spaces in connection with buildings hereafter erected or altered, and establishing the boundaries of districts for the said purposes; conferring certain powers upon the Superintendent of the Bureau of Building Inspection; providing for a Board of Appeals; and imposing penalties,' approved August 9, 1923, by changing the Zone Map, Sheet Z—O—E15, so as to change from an 'A' Residence Use District to a Commercial Use District, all that certain property bounded by Ward street, The Boulevard of the Allies, Nimrod way

and northerly line of M. Miller property."

In Council, August 26, 1936, Bill recalled from the Deputy Mayor without action, vote reconsidered by which it was read a second and third times and finally passed, and bill laid on the table.

Which was read.

And the bill, as read a second time, was agreed to.

Mr. Garland moved

A suspension of the rule to allow the third reading and final passage of the bill.

Which motion prevailed.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Anderson

Demmler

Gallagher

Garland

McArdle

Weir

Scully, (Pres't)

Ayes 7. Noes none.

And there being three-fourths of the votes of Council in the affirmative, the bill passed finally in accordance with the provisions of the Act of Assembly of May 22, 1895, and the several supplements thereto.

Mr. Weir presented

No. 1467. Report of the Committee on Public Service and Surveys for August 26, 1936, transmitting a resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1418. Resolution authorizing and directing the City Solicitor to petition the Superior Court to permit the City of Pittsburgh to intervene as an appellee with the Brentwood Motor Coach Company and the Public Service Commission in an appeal to the Superior Court, and to proceed with same until finally disposed of, and providing that a copy of this resolution be transmitted to the Pittsburgh Motor Coach Company.

Which was read.

Mr. Weir moved

A suspension of the rule to allow a second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

The Chair presented

No. 1468.

August 28, 1936.

To the Honorable, the Committee on Public Service and Surveys of Council.

Gentlemen:

In re Bill No. 1418, being a Resolution authorizing and directing the City Solicitor to petition the Superior Court to permit the City of Pittsburgh to join in contesting the appeal of the Pittsburgh Motor Coach Company against granting a certificate of Public Convenience to the Brentwood Motor Coach Company and proceed therewith, in answer to your request of August 26th, we wish to advise you as follows:

The certificate granted in this particular proceeding was a certificate to allow the Brentwood Motor Coach Company to transport persons on schedule between the Borough of Library and the City of Pittsburgh, Allegheny County, over the following route:

Beginning at the Union Hotel in the Village of Library, thence by the Brownsville-Library road extension to Piney Fork Beach, and thence by the Brownsville road to its intersection with Cat Fish Run road in South Park, thence through South Park by the Cat Fish Run road to its intersection with the Baptist road, thence by the Baptist road to its intersection with the Brownsville road and Provost-Fair Haven road in Baldwin Township, thence by the Brownsville road to Maytide street, thence by Maytide street to Saw Mill Run boulevard, thence by Saw Mill Run boulevard to Liberty Tubes, through the Liberty Tubes to Liberty Bridge, over Liberty Bridge to Diamond street to Wood street to Boulevard of the Allies, thence by ramp to Liberty Bridge and return via same route to the place of beginning;

and over the following alternate route from the Village of Library to the City of Pittsburgh, Allegheny County:

Beginning in the Village of Library, thence via the Brownsville road to East Drive in South Park, thence via East Drive to Cat Fish Run road, thence via the Cat Fish Run road, as described in the route above, to the City of Pittsburgh.

The testimony in this case, in addition to the statements of the managers of the Brentwood Motor Coach Company, shows that the said Brentwood Motor Coach Company is going to haul passengers for a 15 cent base rate per passenger along said routes and make the schedule of the buses in accordance with the demands of the service. In the event that there are enough patrons, there will be additional buses put on as the needs arise.

Approximately one-third of this entire route is within the City of Pittsburgh and this service is highly desirable and necessary to meet the needs and convenience of the people in this district.

Very truly yours,

ANNE X. ALPERN,

Special Asst. City Solicitor.

Which was read, received and filed.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

|           |                  |

| Gallagher | Weir             |
|           | Scully, (Pres't) |

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Mr. Anderson presented

No. 1469. Report of the Committee on Public Safety for August 26, 1936, transmitting an ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1406. An Ordinance entitled, "An Ordinance amending and supplementing portions of Section 802 of an Ordinance entitled, 'An Ordinance regulating traffic upon the highways and parks of the City of Pittsburgh and providing the procedure and penalties

for and in connection with violations thereof,' approved April 8, 1932."

Which was read.

Mr. Anderson moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

The Chair presented

No. 1476.

CITY OF PITTSBURGH

Office of the Mayor

September 2, 1936.

To the President and

Members of City Council.

As you have failed to act on the appointments which I sent you in the manner you suggested, and as the processes of city government are being retarded by the lack of department heads, I am withdrawing the nominations sent you, and it now becomes

necessary for me to make recess appointments. This I have done after you recessed.

I, therefore, notify you that I have appointed as recess appointees:

David Turets, Director of Public Safety.

Frederick C. Grote, City Solicitor.

J. Edward Garlitz, Director of Supplies.

If you do not reject the same within thirty (30) days, as provided in the Charter, the same will be deemed to be confirmed.

Very truly yours,

Wm. N. McNair,  
Mayor.

Which was read, received and filed.

Mr. McArdle arose and said:

Mr. President: I think it is proper to insert in the record at this point something concerning this communication and these nominees. The Mayor, in his letter under date of September 2, says, "As you have failed to act on the appointments which I sent you in the manner you suggested, and as the processes of city government are being retarded by the lack of department heads, etc." I do not subscribe to that statement.

I do not know what the Mayor means, because, so far as I know, the Council did not make any suggestions to him as to what he should do in the premises. The law on that point is clear. But laying aside that phase of it, I propose to vote against the resolution confirming any of these nominees on the ground, first, that there is no recess. That would be my position if there were no other considerations; but it so happens that there is another consideration in connection with it, and that is, we have acted on these nominations; that they were sent to Council in strict conformity with the law, and they were given every consideration. They were presented to Council on Wednesday of this week, referred to committee, as has been the practice of this council, the gentlemen nominated were invited to appear and discuss their nominations with Council, which they very graciously did, and Council, in committee, referred the matter back to Council for action today, when we are meeting in special session, prompted

by no other consideration, as I understand it, than to give the earliest consideration to the Mayor's nominations for these offices.

Believing, as the Mayor pretends to believe, that it is important to have heads of these various important departments of the city government, and being willing to accept his nominees and vote to confirm them, which we have already done, I am constrained to do that rather than join with the Mayor in a game of battledore and shuttle-cock, and act on the communication which he sent to Council today. I am saying that without consideration as to the fitness of the nominees for the offices to which they have been nominated.

Mr. Demmler presented

No. 1477. RESOLVED, That the appointment by the Mayor of David Turets as Director of the Department of Public Safety, shall be and the same is hereby approved and confirmed.

Which was read.

Mr. Garland moved

The adoption of the resolution. Upon which motion the ayes and noes were taken agreeably to law, and were:

Noes:—Messrs.

|           |                  |
|-----------|------------------|
| Anderson  | Garland          |
| Demmler   | McArdle          |
| Gallagher | Scully, (Pres't) |

Ayes none. Noes 6.

And a majority of the votes of Council being in the negative, the motion was rejected.

Also

No. 1478. RESOLVED, That the appointment by the Mayor of Frederick C. Grote as City Solicitor, shall be and the same is hereby approved and confirmed.

Which was read.

Mr. Anderson moved

The adoption of the resolution. Upon which motion the ayes and noes were taken agreeably to law, and were:

Noes:—Messrs.

|           |                  |

| Anderson  | Garland          |
| Demmler   | McArdle          |
| Gallagher | Scully, (Pres't) |

Ayes none. Noes 6.

And a majority of the votes of Council being in the negative, the motion was rejected.

Also

No. 1479. RESOLVED, That the appointment by the Mayor of J. Edw. Garlitz as Director of the Department of Supplies, shall be and the same is hereby approved and confirmed.

Which was read.

Mr. Demmler moved

The adoption of the resolution. Upon which motion the ayes and noes were taken agreeably to law, and were:

Noes:—Messrs.

|           |                  |

| Demmler   | McArdle          |
| Gallagher | Scully, (Pres't) |

Ayes none. Noes 6.

And a majority of the votes of Council being in the negative, the motion was rejected.

The Chair presented

No. 1480.

Pittsburgh, Pa.,  
September 3, 1936.

President and  
Members of Council.

Gentlemen:

In view of the fact that Mayor McNair has withdrawn my name and has appointed J. Edward Garlitz to the position of Director of Supplies, which position is now legally filled by recess appointment, unless you reject Mr. Garlitz within thirty days, I am requesting that you give no further consideration to my name for said position.

Respectfully yours,

Robert C. Bowers,

Which was read.

And upon motion of Mr. Garland, received and filed.

And upon motion of Mr. Garland  
Council adjourned.

Department of Law,  
September 4, 1936.

Subject: Question whether office of Magistrate is incompatible with office of Director of Department of Public Safety.

To the Honorable, the Council of  
the City of Pittsburgh.

Gentlemen:

Replying to your communication of September 3, 1936, requesting advice from this Department to be submitted at a meeting of the City Council to be held Friday, September 4, 1936, at 12:30 P. M., Eastern Standard Time, as to whether or not the offices of Magistrate and Director of the Department of Public Safety are incompatible, we wish to advise you as follows:

There is no incompatibility between the two offices referred to as far as the law is concerned. The incompatibility of offices such as these depends upon statutes and the Constitution, and in the case stated there is no statutory or constitutional provision applicable to such case, both offices being purely appointive by and with the approval of Council.

However, the real question involved it would seem is not the mere technical legal question asked but the broader question of the advisability and expediency of having the same person fill both offices that are in their nature such as to require the undivided attention of the incumbent.

In the case of offices that are by law declared to be incompatible, the person so elected to the second office

is put to his choice to decide between the two offices and is called upon by law to resign from the one or the other.

As to whether the appointing or confirming power should require of the person about to be appointed or confirmed in the second appointment to execute his resignation conditional upon confirmation of the second appointment is an administrative question and not a legal one, but no actual resignation need precede confirmation lest that be not forthcoming.

Respectfully yours,

FREDERICK C. GROTE,  
City Solicitor.

HARRY C. BESCHEL,  
Asst. City Solicitor.

The Chair presented

No. 1509.

Department of Law,  
Frederick C. Grote,  
City Solicitor.

September 4, 1936.

Subject: Bill No. 1416—Authorizing Agreement for Publication of Advertisement in Pittsburgh Post-Gazette in Celebration of its 150th Anniversary Edition.

To the Honorable, the Council  
of the City of Pittsburgh.

Gentlemen:

Bill No. 1416 has been referred to this Department for an opinion thereon. It provides for an agreement between the City of Pittsburgh and the Pittsburgh Post-Gazette for the publishing of a one-page advertisement in commemoration of the 150th Anniversary of the newspaper, the City of Pittsburgh to pay the sum of \$1,000.00 for such advertisement.

The Law Department has consistently ruled that such contributions are illegal. No authority for the expenditure in question can be found, and we therefore advise you that the City cannot legally enter any contract with the Post-Gazette for the purpose designated in the proposed ordinance.

Very truly yours,

FREDERICK C. GROTE,  
City Solicitor.

Which was read, received and filed.

Mr. Magee arose and said:

Mr. President: I have always been of the opinion that under the law the City Council is without power to make appropriations for the purposes stated in this ordinance. I so stated this when the ordinance was before the Committee on Finance.

There have been many violations, however, but the law is very clear that

there are two kinds or purposes for which the Council may appropriate money outside the regular governmental functions. One is for the defraying of expenses in connection with patriotic celebrations, and the other is for the general advancement of the material, commercial and industrial advantages and benefits of the City.

Now, it is for each one to construe whether or not an appropriation of the kind proposed by this ordinance serves either of these purposes. It is my opinion that it does not in the first instance, and clearly, it does not in the second; and for that reason I am compelled to vote against the ordinance.

Mr. McArdle arose and said:

Mr. President: Not speaking on the bill itself, but for the record, I wish to state that this communication from Mr. Grote is signed by him as City Solicitor. I do not know what action you ordered on the communication—to be received and filed—but I think it would be well to make the point that so far as Council is concerned it did not at any time concede that Mr. Grote was City Solicitor. There would be no objection to receiving a communication from Mr. Grote in any capacity, but I merely mention this so that it will not be put in the record that it is a declaration from Mr. Grote as City Solicitor, whose standing Council has not recognized.

And the bill, as read a second time, was agreed to.

Mr. Demmler moved

A suspension of the rule to allow the third reading and final passage of the bill.

Which motion prevailed.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Gallagher

Noes:—Messrs.

Demmler

Weir

Scully, (Pres't)

Magee

McArdle

Ayes 3. Noes 3.

And there not being a majority of the votes of Council in the affirmative, the bill failed to pass finally.

#### REPORTS OF COMMITTEES.

Mr. Demmler presented

No. 1510. Report of the Committee on Finance for September 2, 1936, transmitting sundry ordinances and resolutions to Council.

Which was read, received and filed.
